Australia 1944 45 Victory Pacific Australian:

Australia 1944-45 Peter J. Dean, 2016 Thoroughly researched and generously illustrated Australia 1944 45 is the compelling final instalment in Peter Dean's Pacific War series **Australia 1944-45** Angus Houston, 2016 **Asian Armageddon, 1944-45** Peter Harmsen, 2021-08-16 A gripping account of the final period of the war in the Asia Pacific during WWII The last installment of the War in the Far East trilogy Asian Armageddon 1944 1945 continues and completes the narrative of the first two volumes describing how a US led coalition of nations battled Japan into submission through a series of cataclysmic encounters Leyte Gulf the biggest naval battle ever was testimony to the paramount importance of controlling the ocean as was the fact that the US Navy carried out the only successful submarine campaign in history reducing Japan's military and merchant navies to shadows of the former selves Meanwhile fighting continued in disparate geographic conditions on land with the chaos of Imphal the inferno of Manila and the carnage of Iwo Jima forming some of the milestones on the bloody road to peace sealed in Tokyo Bay in September 1945 The nuclear blasts at the end of the war made one observer feel as if he was present at the creation Indeed the participants in the events in the Asia Pacific in the mid 1940s were present at the creation of a new and dangerous world It was a world where the stage was set for the Cold War and for international rivalries that last to this day and a new constellation of powers emerged with the outlines just over the horizon of a rising China War in the Far East is a trilogy of books comprising a general history of World War II in the Asia Pacific Unlike other histories on the conflict it goes into its deep origins beginning long before Pearl Harbor and encompasses a far wider group of actors to produce the most complete account yet written on the subject and the first truly international treatment of this epic conflict Author Peter Harmsen weaves together complex events into a revealing and entertaining narrative including facets of the war that may be unknown even to avid readers of World War II history from the mass starvation that cost the lives of millions across China Indochina and India to the war in sub arctic conditions in the Aleutians Harmsen pieces together the full range of perspectives reflecting what war was like both at the top and on the ground **Oboe Landings: 1945** Dayton McCarthy, 2023-01-04 In mid 1945 the Australian 7th and 9th Divisions conducted three amphibious operations code named Oboe on Borneo The Allies enjoyed command of the sea and the air and used both to isolate and pummel the Japanese defenders The Borneo landings well planned resourced and executed are rightly considered the acme of amphibious operations yet their strategic and operational utility has been questioned By 1945 US forces had retaken the Philippines and were pressing towards Japan while Australia was tasked with the conduct of these landings Japan had yet to surrender and there was still fighting ahead but Japan's defeat was certain This book describes the planning and execution of the three landings Oboe 1 on Tarakan Oboe 6 on Brunei and Oboe 2 on Balikpapan Although the political and strategic context is covered this book focuses on operations and tactics and demonstrates how the Oboe operations benefited from amphibious expertise developed in the Pacific theatre As amphibious operations bring together

land naval and air assets to act in concert amphibious expertise is joint in nature This expertise comprised the development and use of specialist equipment creation of fit for purpose command and control systems joint and Allied interoperability and an overall amphibious mindset Dayton McCarthy uses official histories and war diaries to explain these complex operations focusing on the often overlooked aspects such as the logistics staff work and planning and the role of air and naval forces As Australia again re examines the role of amphibious operations in its near region the subject matter of this book is timely

Fighting the People's War Jonathan Fennell, 2019-01-24 Fighting the People's War is an unprecedented panoramic history of the citizen armies of the United Kingdom Australia Canada India New Zealand and South Africa the core of the British and Commonwealth armies in the Second World War Drawing on new sources to reveal the true wartime experience of the ordinary rank and file Jonathan Fennell fundamentally challenges our understanding of the War and of the relationship between conflict and socio political change He uncovers how fractures on the home front had profound implications for the performance of the British and Commonwealth armies and he traces how soldiers political beliefs many of which emerged as a consequence of their combat experience proved instrumental to the socio political changes of the postwar era Fighting the People's War transforms our understanding of how the great battles were won and lost as well as how the postwar societies were forged

Borneo 1945 Angus Konstam, 2024-10-24 A fascinating account of the last major Allied operation in the South West Pacific and the largest Australian military operation of World War II A week after Pearl Harbor in December 1941 Japanese troops landed near Brunei on the South East Asian island of Borneo Within eight weeks the entire island had been overrun and its Dutch and British Indian defenders had been ejected By early April 1942 the entire Dutch East Indies were in Japanese hands and remained under Japanese occupation for a further three years The late 1944 US landings in the Philippines effectively cut oil and resource rich Borneo off from Japan Now that it was considered a worthy strategic prize for the Allies General Douglas MacArthur commanding the South West Pacific Theater began planning for the recapture of the key island This compelling work explores the planning and execution of Operation Oboe which was spearheaded by Australian troops but involved naval and special forces from the United States Britain and the Netherlands Detailed maps explore the six separate stages each of which involved amphibious landings Battlescene artworks and photographs bring to life notable events such as the capture of Tarakan Labuan Brunei and Sarawak Also covered are the Allied special forces guerrilla campaigns and Australian 7th Infantry Division's landing at Balikpapan which proved to be the turning point of this hard fought campaign

Australia's American Alliance Peter Dean, Stephan Frühling, Brendan Taylor, 2016-11-14 This book is specifically designed as a companion volume to Australia's Defence Towards a New Era The Australia United States Alliance has been critical to Australian foreign and defence policy since the ANZUS Treaty was signed in 1951 For 63 years it has been an enduring feature of Australian defence planning yet the contemporary alliance is arguably in one of the more important phases of reinterpretation in its long history While the Alliance by its very nature is a bi lateral relationship this

book will therefore specifically focus on Australian perspectives and policy choices while providing context on the role of the United States in the Asia Pacific and its position as a global power *Oboe One, Tarakan, 1945* Peter Stanley, 2025-07-02 In 1945 the small island of Tarakan off Borneo's coast became the unlikely stage for one of the Second World War's most gruelling campaigns As part of General Douglas MacArthur's plan to liberate the Netherlands Indies Australian soldiers launched Operation Oboe One a mission to capture Tarakan's airstrip What was meant to last three weeks stretched into two months of bitter jungle warfare claiming 240 Australian lives and 1 500 Japanese defenders The airstrip's strategic goal faltered but the courage and sacrifice of those who fought there remain untold Through vivid narratives and exhaustive research Oboe One brings this obscure battle to life uncovering the grit and camaraderie of the Second Australian Imperial Force These citizen soldiers faced dense jungles hidden mines and relentless enemy fire embodying professionalism and resilience in the war's final days Their experiences reveal not just the hardships of combat but the unique ethos of a generation shaped by a vanished Australia an era of robust unpolished camaraderie and quiet determination This compelling account revisits Tarakan through the eyes of its participants and confronts lingering questions about the campaign's necessity Was it a strategic misstep or a justified sacrifice within the larger Pacific war effort Tarakan challenges readers to remember the forgotten honour the fallen and understand the extraordinary men whose lives were forever marked by this brutal campaign For those seeking to explore the human cost of war Tarakan is an essential tribute to courage leadership and the enduring echoes of an extraordinary Australian legacy **MacArthur's Coalition** Peter J. Dean, 2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur's Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean's work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the practicalities of fighting a fanatical enemy in some of the most inhospitable terrain in the war his book shows how despite these divides and MacArthur's difficult personality the US Australian coalition was able to forge a highly effective and ultimately triumphant fighting machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline

commanders and units in forging a successful fighting force MacArthur's Coalition illuminates a critical aspect of the Allied victory in World War II

Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan's seizure of Manchuria from China in 1931 and covers Japan's ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan's cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas
