Australias Forgotten Prisoners Civilians Interned By The Japanese In World War Two:

Australia's Forgotten Prisoners Christina Twomey, 2007-06-18 This book first published in 2007 tells the stories of Australian civilians interned by the Japanese in World War II

Civilian Internment during the First World War Matthew Stibbe, 2019-11-14 This book is the first major study of civilian internment during the First World War as both a European and global phenomenon Based on research spanning twenty eight archives in seven countries this study explores the connections and continuities as well as ruptures between different internment systems at the local national regional and imperial levels Arguing that the years 1914-20 mark the essential turning point in the transnational and international history of the detention camp this book demonstrates that wartime civilian captivity was inextricably bound up with questions of power world order and inequalities based on class race and gender It also contends that engagement with internees led to new forms of international activism and generated new types of transnational knowledge in the spheres of medicine law citizenship and neutrality Finally an epilogue explains how and why First World War internment is crucial to understanding the world we live in today

Australian Soldiers in Asia-Pacific in World War II Lachlan Grant, 2014-11-01 Half a million Australians encountered a new world when they entered Asia and the Pacific during World War II different peoples cultures languages and religions chafing under the grip of colonial rule Moving beyond the battlefield this book tells the story of how mid century experiences of troops in Asia Pacific shaped how we feel about our nation's place in the region and the world Spanning the vast region from New Guinea to Southeast Asia and India Lachlan Grant uncovers affecting tales of friendship grief spiritual awakening rebellion incarceration sex and souvenir hunting Focusing on the day to day interactions between soldiers on the ground and the people and cultures they encountered this book paints a picture not only of individual lives transformed but of dramatically shifting national perceptions as the gaze of Australia turned from Britain to Asia

Captives of War Clare Makepeace, 2017-10-12 Capture Imprisoned servicemen Bonds between men Ties with home Going round the bend Liberation Resettling Conclusion

Australia's Asia David Robert Walker, Agnieszka Sobocinska, 2012 To think that Australia is confronting Asia for the first time in the 21st century is to deny Australia's history and the self awareness that comes from understanding that the country has been here before Asia appears throughout modern Australian history as a source of anxiety or hope It has been a presence both within and outside Australia shaping who Australians are as well as the country's engagement with the wider world This book assembles an impressive group of scholars across a range of disciplines to present a broadly conceived cultural history that places Asia at or near the center of Australia's national story Australia's Asia From Yellow Peril to Asian Century captures the essence of the pendulum swings that have characterized Australian approaches to Asia over the past century and a half The editors have done a first class job in assembling high quality chapters that make an important contribution to the existing literature on Australia and Asia Moreover this book tells an important story about the role and impact of individuals not just elites but in many cases ordinary citizens in building

Australia's relations with Asia It is a valuable remedy to the ahistorical approach of so many of the debates within Australia over regional engagement and is a useful text for those outside Australia interested in acquiring insights into what motivates the country's approach to its region Pacific Affairs Vol 87 No 4 December 2014 *Captivity in War during the Twentieth Century* Marcel Berni, Tamara Cubito, 2021-08-27 This book offers new international perspectives on captivity in wartime during the twentieth century It explores how global institutions and practices with regard to captives mattered how they evolved and most importantly how they influenced the treatment of captives From the beginning of the twentieth century international organisations neutral nations and other actors with no direct involvement in the respective wars often had to fill in to support civilian as well as military captives and to supervise their treatment This edited volume puts these actors rather than the captives themselves at the centre in order to assess comparatively their contributions to wartime captivity Taking a global approach it shows that transnational bodies whether non governmental organisations neutral states or individuals played an essential role in dealing with captives in wartime Chapters cover both the largest wars such as the two World Wars but also lesser known conflicts to highlight how captives were placed at the centre of transnational negotiations

Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan's seizure of Manchuria from China in 1931 and covers Japan's ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan's cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II Beyond Combat Tristan Moss, Tom Richardson, 2018-07-01 War is only a small part of military life Uniformed men and women spend the vast majority of their time away from combat training receiving medical attention burying the dead and undertaking the myriad tasks of survival in an operational zone Beyond Combat explores how the military manages its other roles as well as the experiences of the servicemen and women themselves With contributions from Christina Twomey Noah Riseman Shirleene Robinson and Major

Clare O'Neill among others *Beyond Combat* is a ground breaking examination of life beyond the frontline **Honored and Dishonored Guests** Puck W. Brecher, 2020-05-11 The brutality and racial hatred exhibited by Japan's military during the Pacific War piqued outrage in the West and fanned resentments throughout Asia Public understanding of Japan's wartime atrocities however often fails to differentiate the racial agendas of its military and government elites from the racial values held by the Japanese people While not denying brutalities committed by the Japanese military *Honored and Dishonored Guests* overturns these standard narratives and demonstrates rather that Japan's racial attitudes during wartime are more accurately discerned in the treatment of Western civilians living in Japan than the experiences of enemy POWs The book chronicles Western communities in wartime Japan using this body of experiences to reconsider allegations of Japanese racism and racial hatred Its bold thesis is borne out by a broad mosaic of stories from dozens of foreign families and individuals who variously endured police harassment suspicion relocation starvation denaturalization internment and torture as well as extraordinary acts of charity The book's account of stranded Westerners from Tokyo Yokohama and Kobe to the mountain resorts of Karuizawa and Hakone yields a unique interpretation of race relations and wartime life in Japan

Cultural Heritage and Prisoners of War Gilly Carr, Harold Mytum, 2012-04-27 This book focuses on the numerous examples of creativity produced by POWs and civilian internees during their captivity including paintings cartoons craftwork needlework acting musical compositions magazine and newspaper articles wood carving and recycled Red Cross tins turned into plates mugs and makeshift stoves all which have previously received little attention The authors of this volume show the wide potential of such items to inform us about the daily life and struggle for survival behind barbed wire Previously dismissed as items which could only serve to illustrate POW memoirs and diaries this book argues for a central role of all items of creativity in helping us to understand the true experience of life in captivity The international authors draw upon a rich seam of material from their own case studies of POW and civilian internment camps across the world to offer a range of interpretations of this diverse and extraordinary material
