Austria In The European Union Contemporary Austrian Studies:

Austria in the European Union Günter Bischof, Anton Pelinka, Michael Gehler, Austria joined the European Union in 1995 with the overwhelming support of its citizenry In June 1994 a record 66.6 percent of the Austrian population voted in favor of joining the Union and Austria acceded on January 1 1995 Only three years later in the second half of 1998 Austria assumed its first presidency of the European Union Its competent conduct of the Union's business enhanced its reputation The sense that Austria was a role model collapsed overnight after a new conservative People's Party (VP) FP coalition government was formed in Austria in early February 2000 Austria became Europe's nightmare This volume has two purposes The first is to assess Austria's first five years in the European Union The second is Austria's ongoing struggle with its past Heinrich Neisser evaluates and assesses Austria's commitment to the European Union Thomas Angerer offers a long term perspective of regionalization and globalization trends in Austrian foreign affairs Waldemar Hummer analyzes contradictions between Austrian neutrality and Europe's emerging common security policy Johannes Pollak and Sonja Puntschner Rieckmann look at current debates over weighing future voting rights in the European Commission Michael Huelshoff evaluates Austria's EU presidency in 1998 and compares it to the subsequent 1999 German presidency Gerda Falkner examines the withering away of the previously much admired Austrian welfare state Walter Manoschek scrutinizes the Nazi roots of Jörg Haider's Freedom Party Michael Gehler critiques the EU sanctions and bemoans the absence of mediation through transnational Christian conservative parties In reviewing how Austria deals with World War II Richard Mitten investigates discourses on victimhood in postwar Austria and the place of Jews in this process A Roundtable presents overwhelming evidence of Austrians' deep involvement in Nazi war crimes and includes articles by Sabine Loitfellner and Winfried Garscha This addition to the Contemporary Austrian Studies series will be welcomed by political scientists historians and legal scholars particularly those with a strong interest in European affairs Günter Bischof is professor of history and executive director of the International Studies Center at the University of New Orleans Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Michael Gehler is professor of contemporary history at the University of Innsbruck *Austria in the European Union* is a highly detailed expertly researched blend of history economics and a calculating appraisal of a nation's future within the context of the evolving European international collaboration *Austria in the European Union* is strongly recommended for European Studies Political Studies and International Relations supplemental reading lists and academic reference collections The Midwest Book Review *Austria in the European Union* Günter Bischof, Anton Pelinka, Michael Gehler, 2002 Austria joined the European Union in 1995 with the overwhelming support of its citizenry In June 1994 a record 66.6 percent of the Austrian population voted in favor of joining the Union and Austria acceded on January 1 1995 Only three years later in the second half of 1998 Austria assumed its first presidency of the European Union Its competent conduct of the Union's business enhanced its reputation The sense

that Austria was a role model collapsed overnight after a new conservative People's Party (FPÖ) coalition government was formed in Austria in early February 2000. Austria became Europe's nightmare. This volume has two purposes. The first is to assess Austria's first five years in the European Union. The second is Austria's ongoing struggle with its past. Heinrich Neisser evaluates and assesses Austria's commitment to the European Union. Thomas Angerer offers a long-term perspective of regionalization and globalization trends in Austrian foreign affairs. Waldemar Hummer analyzes contradictions between Austrian neutrality and Europe's emerging common security policy. Johannes Pollak and Sonja Puntischer Rieckmann look at current debates over weighing future voting rights in the European Commission. Michael Huelshoff evaluates Austria's EU presidency in 1998 and compares it to the subsequent 1999 German presidency. Gerda Falkner examines the withering away of the previously much admired Austrian welfare state. Walter Manoschek scrutinizes the Nazi roots of Jörg Haider's Freedom Party. Michael Gehler critiques the EU sanctions and bemoans the absence of mediation through transnational Christian conservative parties. In reviewing how Austria deals with World War II, Richard Mitten investigates discourses on victimhood in postwar Austria and the place of Jews in this process. A Roundtable presents overwhelming evidence of Austrians' deep involvement in Nazi war crimes and includes articles by Sabine Loitfellner and Winfried Garscha. This addition to the Contemporary Austrian Studies series will be welcomed by political scientists, historians, and legal scholars, particularly those with a strong interest in European affairs. Gnter Bischof is professor of history and executive director of the International Studies Center at the University of New Orleans. Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna. Michael Gehler is professor of contemporary history at the University of Innsbruck. *Austria in the European Union* is a highly detailed, expertly researched blend of history, economics, and a calculating appraisal of a nation's future within the context of the evolving European international collaboration. *Austria in the European Union* is strongly recommended for European Studies, Political Studies, and International Relations supplemental reading lists and academic reference collections. political history shedding light on economic and social trends as well. No European country has experienced more dramatic turning points in its twentieth century history than Austria. This volume divides the century into three periods. The five essays of Section I deal with the years 1900-1938. Under the relative tranquility of the late Habsburg monarchy seethed a witch's brew of social and political trends signaling the advent of modernity and leading to the outbreak of World War I and eventually to the collapse of the Habsburg Empire. The First Austrian Republic was one of the succession states that tried to build a nation against the backdrop of political and economic crisis and simmering civil war between the various political camps. Democracy collapsed in 1933 and an authoritarian regime attempted to prevail against pressures from Nazi Germany and Nazis at home. The two essays in Section II cover World War II, 1938-1945. In 1938 Hitler's Third Reich annexed Austria and the population was pulled into the cauldron of World War II, fighting and collaborating with the Nazis and also resisting and fleeing them. The seven essays of Section III concentrate on the Second Republic, 1945 to the present. After ten years of four-power Allied occupation, Austria regained her sovereignty with the Austrian State Treaty of 1955. The price paid was neutrality. Unlike the turmoil of the prewar years, Austria became a normal nation with a functioning democracy, one building toward economic prosperity. After the collapse of the iron curtain in 1989, Austria turned westward, joining the European Union in 1995. Most recently, with the advent of populist politics, Austria's political system has experienced a sea of change, departing from its political economy of a huge state-owned sector and social partnership as well as Proporz. This informed and insightful volume will serve as a textbook in courses on Austrian, German, and European history as well as in comparative European politics.

The Dollfuss/Schuschnigg Era in Austria Anton Pelinka, 2017-07-12. The years of Chancellors Dollfuss and Schuschnigg's authoritarian governments, 1933-34-1938, have been denounced as Austrofascism from the left or defended as a Christian corporate state, *Stondestaat*, from the right. During this period, Austria was in a desperate struggle to maintain its national independence vis-à-vis Hitler's Germany, a struggle that ultimately failed. In the end, the Nazis invaded and annexed Austria, *Anschluss*. Volume 11 of the *Contemporary Austrian Studies* series stays away from these heated historiographical debates and looks at economic, domestic, and international politics *sine ira et studio*. Timothy Kirk opens with an assessment of Austrofascism in light of recent discourse on interwar European fascism. Three scholars from the Economics University of Vienna analyze the macroeconomic climate of the 1930s: Hansjrg Klausinger, the Vienna School's theoretical contributions to ending the Great Depression; Gerhard Senft, the economic policies of the *Stondestaat*; and Peter Berger, the financial aid from the League of Nations. Jens Wessels delves into the microeconomic arena and presents case studies of leading Austrian businesses and their performance during the depression. Jim Miller looks at Dollfuss, the agrarian reformer. Alexander Lassner and Erwin Schmidl deal with the context of the international arena and Austria's desperate search for protection against Nazi *Anschluss* pressure and military preparedness against foreign aggression. In a comparativist essay, Megan Greene compares the policies of Austria's Haider and Italy's Berlusconi and recent EU responses.

to threats from the Right The FORUM looks at various recent historical commissions in Austria dealing with Holocaust era assets and their efforts to provide restitution to victims of Nazism Two review essays by Evan Burr Bukey and Hermann Freudenberger survey recent scholarly literature on Austrians during World War II This addition to the **The Developing Place of Portugal in the European Union** Jos M Magone, After decades of isolation and a turbulent transition to democracy Portugal's integration into the European Union has given political economic social and cultural stability to a country that had to overcome the trauma of losing an empire This volume clearly is a major contribution to the study of how Portugal became part of the European Union as a political system and its development towards Europeanization and domestication Magone first lays a theoretical framework for the study of Europeanization and discusses political parties the political system and Portuguese society in terms of Europeanization He then examines public administration how the European Union and the OECD impacted on the modernization agenda and includes a discussion of the national EU policy coordination Magone also considers the Portuguese Euro elite and how they interacted with the Portuguese presidency and the processes of decision making going on among the different levels of the governance system of the European Union He highlights a case study of the Portuguese presidency of the European Union which took place in the first half of 2003 In addition Magone discusses the impact of the EU structural funds on Portugal and scrutinizes Portuguese foreign and defense policies in particular its reconstructed foreign policy which was clearly instrumental in achieving the independence of East Timor He reviews the growing integration of Portugal into the emerging structures of the Common Foreign and Security Policy CFSP concluding with the challenges that Portugal will face in the future in the education health and business sectors An interesting finding is the growing alienation of the population from the political class who clearly make all the decisions in relation to the European Union without proper consultation of the population through referenda In sum this book is vital to understand one of the oldest nation states of the world Jos M Magone is senior lecturer in European politics in the Department of Politics and International Studies University of Hull Among his publications are *The Changing Architecture of Iberian Politics* *European Portugal* *The Difficult Road to Sustainable Democracy* and *Iberian Trade Unionism Democratization Under the Impact of the European Union* available from Transaction **Austrian Studies Today (Contemporary Austrian Studies, Vol 25)** Rupnow Dirk, Gunter Bischof, Ferdinand Karlhofer, 2016-05-31 This volume celebrates the study of Austria in the twentieth century by historians political scientists and social scientists produced in the previous twenty four volumes of *Contemporary Austrian Studies* One contributor from each of the previous volumes has been asked to update the state of scholarship in the field addressed in the respective volume The title *Austrian Studies Today* then attempts to reflect the state of the art of historical and social science related studies of Austria over the past century without claiming to be comprehensive The volume thus covers many important themes of Austrian contemporary history and politics since the collapse of the Habsburg Monarchy in 1918 from World War I and its legacies to the rise of authoritarian regimes in the

1930s and 1940s to the reconstruction of republican Austria after World War II the years of Grand Coalition governments and the Kreisky era all the way to Austria joining the European Union in 1995 and its impact on Austria's international status and domestic politics

Euroscepticism Robert Harmsen, Menno Spiering, 2004 Draws a portrait of contemporary Euroscepticism situating the phenomenon relative to the progress of European integration This volume of European Studies brings together an interdisciplinary team of contributors to provide one of the major multinational surveys of the growth of these Eurosceptic tendencies

Defiant Populist Lothar Höbelt, 2003 A great deal has been said and written about Jörg Haider the charismatic but controversial leader of Austria's Freedom Party To some he is a neo-Nazi and admirer of fellow Austrian Adolf Hitler's policies To others he is merely an artful opportunist a telegenic master of coded sound bites and slogans that means different things to different people And to that quarter of the country's voters who voted this glamorous rabble rouser's Freedom Party FPÖ to power in 1999 he represents a fresh alternative to the incestuous two party oligarchy that had run Austria for a half century This book goes a long way in explaining how his use of rhetoric and language style reminiscent of Nazi leanings have promoted his meteoric rise to political power and how this same rhetoric could possibly be this man's downfall For instance he has been outspoken about endorsing Hitler's unemployment practices as well as calling former SS veterans men of character As a result among his FPÖ party members there are rumors of a split for there are some who object to his use of language and his penchant for using the Nazi agenda as a backdrop for their party's political domination *Defiant Populist* is about de-bunking the Haider myth created by the love-hate relationship of a clever maverick and the media who feed upon one another To be understood the Haider phenomenon needs to be seen in the context of the strange politics of a country that leads a very sheltered existence in the heart of Europe and yet continues to be the odd man out in more ways than one from machine politics to neutrality from its hang-ups about past glories to its ambivalent approach to its German and European identity from its conservative mentality to its lack of a real conservative tradition in politics This book explains and analyzes the Haider phenomenon from the context of a country of contrasts an admirable record of non-violence and social peace with residual anti-Semitism socialist economics with enviable wealth staunchly pro-Western values with equally ardent neutralism and a relatively new Austrian identity with a dark German past Lothar Höbelt is one of Austria's leading modern political historians In addition to over a hundred articles he has published ten books including *Republik im Wandel Die große Koalition und der Aufstieg der Haider FPÖ* and *Von der Vierten Partei zur Dritten Kraft Die Geschichte des VdU* He appears regularly in print radio and television media both at home and abroad as an authority on Jörg Haider and the Freedom Party Dr Höbelt has held visiting professorships at the Universities of Chicago and New Orleans and has taught since 1983 at the University of Vienna
