

3 Key Ideas of Luther's Theology

1. How is a person saved?
 - “**Justification by faith alone**”-salvation could be achieved through belief in God, rejected good works as the means to achieve salvation
2. Where does religious authority reside?
 - **The Bible is the sole authority**, not the Church, nor the Pope. People could read and interpret the Bible on their own
3. What is the Church?
 - **Priesthood of all believers** who were spiritually equal, not a hierarchical Church structure

Authority In The Church Theology:

A Theology of Authority Christa L. McKirland, 2025-11-04 Is authority reserved for those with a specific calling to leadership Who holds power in the church Does authority have limits Are teaching and preaching the most important practices of authority Our understanding and misunderstanding of authority has significant implications for our individual and corporate flourishing In *A Theology of Authority* Christa McKirland challenges our assumptions about authority power and leadership With a focus on low church traditions she examines authority through the lens of analytic philosophy and biblical theology to offer a theological definition of authority She also tackles questions related to divine and human authority Scripture and practices typically related to ordination preaching teaching serving communion baptizing church discipline and vision casting *A Theology of Authority* expands our understanding of authority recognizing the Spirit's enablement of each member to fulfill their calling to spiritual maturity Readers will gain a deeper understanding of the nuances of authority and power and how we relate to one another as siblings in Christ

Biblical Authority James T. Draper, Kenneth Keathley, 2001-07-01 The subject of biblical authority is the most critical and sensitive issue facing the evangelical Christian world today It has a rippling effect on every major theological discussion Jimmy Draper president of Lifeway Christian Resources deals with this issue in a loving and peaceful way examining modern critical thought and historic positions of the church providing a workable answer to the issues of biblical authority *Biblical Authority* will strengthen one's faith in the Word of God

Authority in the Church David J. Stagaman, 1999 What is the source of authority when it is found in any community How did authority in the Roman Catholic Church come to be as it is In *Authority in the Church* David Stagaman provides answers to these questions He asserts that authority is not an attribute of a person for example the local bishop nor of a thing for example the Scriptures It is rather the bond experienced by all members of a community as they interact *Authority in the Church* explores relationships between official and charismatic authority and their legitimation The study also provides a basis for dissent by showing how official and charismatic exercises of authority are incomplete without it Chapter one explores how Roman Catholic Church membership has in the last fifty years shifted from an almost total preoccupation with official authority to a recognition of the necessary role charismatic authorities play in the Church Chapter two criticizes other studies that delineate authority as either a subjective reality or an objective one It also critiques two modern myths about authority that authority is opposed to sound reasoning and that it is inimical to freedom and or spontaneity Chapter three examines authority as a shared practice one that welcomes dissent Chapter four looks at the first millennium of Christianity New Testament understandings of authority the ascendancy of mono episcopacy in the post apostolic era the Church's universalist mission after Constantine's edict of toleration the emergence of councils and synods as modes of government and claims for succession to Petrine primacy Chapter five begins with the turn towards centralization in Rome and a juridical understanding of ecclesial authority in the eleventh century It also notes various

challenges to these two tendencies and the Avignon Schism as well as Conciliarism which brought the conflicts to their culmination in the Medieval Ages Chapter six inquires what makes Church authority Christian and then Roman Catholic It concludes with observations on the religious freedom of the baptized especially their right to speak freely in the Church Chapters are Authority in the Church A Central Issue and Some Other Issues What Authority Secular or Religious Is Not What Is Authority The First Millennium The Second Millennium and The Conclusion *Biblical Authority for Today World* Council of Churches,1951 *Theological Authority in the Church* Steven Nemes,2023-03-28 Who in the church has the right to tell others what is to be done or believed for the sake of friendship with God How are theological disputes and differences of opinion to be resolved Against the recent trend toward more traditionalist and hierarchical conceptions of the church s role in theology this book argues from the New Testament itself for a low conception of ecclesial theological authority Drawing especially from Jesus s polemics against the Pharisees it makes the case that no one in the church has any further authority than that of derivatively fallibly and in principle reversibly relating and bearing witness to the teachings of Jesus and the works of God in him The book concludes with an extended consideration of the radical anti dogmatic and anti metaphysical consequences of this thesis for the future of Protestant Christian theology vis a vis the catholic tradition By what Authority? Robert L. Millet,2010 After the apostles Peter and John had healed the lame man at the Gate Beautiful the two disciples were arrested and later brought before the Sanhedrin to account for their deed one that continued to stir the already anxious leaders of the Jews And when they had set them in the midst they asked By what power or by what name have ye done this Acts 4 7 Indeed what was the source of their miracle And by what power or authority did they perform it Those queries ring through the centuries because people in our day still pose the questions Most Christians want to be a part of a denomination or organization that is true faithful to what existed in the first century authorised and therefore approved of God They want to know in other words that God is governing among his people that he is empowering the body of Christ of which they are a part The essays in this book address the central issue of such authority in the Christian life Book Jacket
