Autobiography Of A Spiritually Incorrect:

Autobiography of a Spiritually Incorrect Mystic Osho, 2000 Ten years have passed since Osho prepared for his departure from the body that served him for 59 years as calmly as though he were packing for a weekend in a country This indispensable work prepared from nearly 5 000 hours of the guru's recorded talks will help readers understand a decade later the life and teachings of this unusual mystic 16 page photo insert *Autobiography of a Spiritually Incorrect Mystic* Osho, 2001-06-09 Osho is one of the best known and most provocative spiritual teachers of the twentieth century More than a decade after his death in 1990 the influence of his teachings continues to expand reaching people of all ages in virtually every country of the world Born in India in 1931 Osho first became known as a rebellious philosophy professor in the 1960s and traveled extensively throughout India giving talks debating with traditional religious leaders and introducing his revolutionary active meditation technique Dynamic Meditation In 1974 he established a center for meditation and self discovery in Pune India His work there he said was an experiment to create the conditions for the birth of a new man one who is free of all outdated ideologies and doctrines of the past and whose vision encompasses both the spiritual wisdom of the East and the scientific understandings of the West Osho is now globally recognized as one of the twentieth century's most important spiritual guides although his uncompromising approach and in your face style were often misunderstood during his lifetime He loved controversy says Aroon Purie editor of India Today He used to make all kinds of outrageous statements that would get everybody worked up People used to get upset about the messenger and forget the message Today the messenger isn't there and people are listening to the message which is something very intelligent and useful **Spiritually Incorrect** Dan Wakefield, 2012-11-01 Spirituality is full of rules You need to find your own way straight through them Will tattoos and convertibles keep you from finding true spiritual fulfillment Some people claim that you cannot truly achieve spiritual fulfillment if you're not a vegetarian Some say you'll never find the path if you don't learn yoga And some would insist that any display of vanity cosmetic surgery hair mousse is a sign that inner peace is way out of your reach With great candor and humor much of it irreverent Dan Wakefield's *Spiritually Incorrect* shows that there are as many ways to find spiritual fulfillment as there are individual seekers Part memoir part essay part whimsical illustration from his own life Wakefield's reflections break down the barriers that lie in the way of spiritual fulfillment showing you that rules were made to be broken and how it's possible and imperative for you to discover a rewarding spiritual life that fits your own personality your own path In this age of political correctness and watching what we say award winning author Dan Wakefield dares to ask the risky and sometimes hilarious questions about spirituality Why is poverty sacred wealth profane Can a coffee house be a sacred space Does yoga make you a Hindu Can a man pray in public and still be macho Does eating a steak really taint your soul Who in our lives and our modern day world deserves to be canonized as a saint Wakefield's creative exploration of these questions is a quest to free the spiritual world from pretension anxiety and the seemingly endless rules that can dictate how

you identify or don't with religion Humorous stories from his own spiritually incorrect journey to God punctuate Wakefield's ultimate revelation that spirituality is not about conforming to a set of rules but rather discovering the practices that uniquely work for you

Gurus in America Thomas A. Forsthoefel, Cynthia Ann Humes, 2012-02-01 *Gurus in America* provides an excellent introduction to the guru phenomenon in the United States with in-depth analyses of nine important Hindu gurus: Adi Da, Ammachi Mayi Chidvilasananda Gurani, Anjali Maharishi, Mahesh Yogi, Osho, Ramana Maharshi, Sai Baba, and Swami Bhaktivedanta. All of these gurus have attracted significant followings in the U.S. and nearly all have lived here for considerable periods of time. The book's contributors discuss the characteristics of each guru's teachings, the history of each movement, and the particular construction of Hinduism each guru offers. Contributors also address the religious and cultural interaction, translation, and transplantation that occurs when gurus offer their teachings in America. This is a fascinating guide that will elucidate an important element in America's diverse and ever-changing spiritual landscape

Mad and Divine Sudhir Kakar, 2008 Sudhir Kakar, India's foremost psychoanalyst, has for long tried to infuse the pre-eminently Western discipline of psychoanalysis with ideas and views from the East. In both his practice and his best-selling books, *Mad and Divine*, he takes on the separation of the spirit and the body favoured by psychoanalysis. As he cautions, "A focus on the body to the exclusion of the spirit is a denial of a person's wholeness. Similarly, to focus on the spirit alone is to hold in contempt the body that makes us human." Ever respectful of and sympathetic to a person's spiritual life and strivings, Kakar takes us on a tour through the many rooms of the mansion of spirituality. He looks at the interplay, at times playful, at others deadly serious, between spirit and psyche, and the moments of creativity and transformation when the spirit cools the fire of desire or thaws the ice of self-centredness. He looks at this interplay and these moments in religious ritual and in healing traditions, both Eastern and Western. As also in the lives of some extraordinary men. The first peek is into the well-documented childhood of Rajneesh, a pioneer in the globalization of spirituality. But the focus here is on the vision of the spirit's soaring and not the oft-repeated tragedy of its fall. In his elucidation of the part played by sexuality in the making of a saint, Kakar examines the life of Drukpa Kunley, who through overtly scandalous parables, songs, and actions vigorously pushes against the boundary of all that is tabooed and to rethink the role of the spiritual in collective life. Kakar examines Gandhi's practical spirituality, his vision of how we need to engage ourselves in our political and social worlds, enriched with a novelist's felicity of language and an analyst's piercing insight and startling interpretation. *Mad and Divine* is a valuable addition to the literature on the integration of the spirit and psyche in the evolving psychology of an individual, showing as it does that when the spirit soars, it pulls up the psyche in its wake.

Holy People of the World Phyllis G. Jestice, 2004-12-15 A cross cultural encyclopedia of the most significant holy people in history examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired The first reference on the subject to span all the world's major religions *Holy People of the World* A Cross Cultural Encyclopedia examines the impact of individuals who through personal charisma and inspirational deeds served both as glorious examples of human potential and as envoys for the divine *Holy People of the World* contains nearly 1 100 biographical sketches of venerated men and women Written by religious studies experts and historians each article focuses on the basic question How did this person come to be regarded as holy In addition the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam Buddhism and African religions as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion experiences heredity gender asceticism and persecution Whether exploring by religion culture or historic period this extensively cross referenced resource offers a wealth of insights into one of the most revealing and least explored common denominators of spiritual traditions

Monks are from Meditating Monkeys Dr. G.K. Pillai, This extraordinary book unveils the scientific source of true spirituality A vision of reality emerges when the brain is in the grip of near death frenzy The dominant ego declines and consciousness shifts to the right side of the brain True mystics like Ramana Maharshi meditated up on the dazzling vision and reached nirvana the culmination of spiritual quest The god men who sell yoga meditation and salvation are self centered mimics with inflated ego and greed The facts now revealed by brain scans might debunk the divine comedy of fake monks misleading the masses Drug induced euphoria of Meditating Monkeys cannot take humans to lasting bliss and calmness The only authentic route to sustainable spiritual transformation is shifting consciousness through egoless meditation Universal compassion is the prominent expression of true enlightenment The transition of mystics from the ordinary to the sublime can motivate the modern youth to achieve similar awakening This book shows the reality but faiths may deny it with divine deceptions
