Autobiography Of A Terrorist A Journey From Death To Life:

Autobiography of a Terrorist Raj Sharma, 2015-10-02 Al Qaeda is fake 9 11 was a conspiracy hatched by the US government Jihad is just a recruitment strategy for the politically motivated pseudo war propagating organisations created by various governments Post Godhra Gujarat riots of 2002 were political not communal Learn the truth about Jihad Al Qaeda 9 11 and terrorism in general from an ex terrorist who gave up arms six years ago This is a true story of an ex terrorist previously belonging to an offshoot organisation of Al Qaeda operating from Pakistan in his own words but penned by Author Raj The two of them bumped into each other by sheer coincidence and fate led that guy to somehow trust a complete stranger and speak out his story to him to tell the world all about the true world of terrorism The autobiographical story traces his life right from his simple childhood spent in a suburb in Gujarat to his traumatic experience during the post Godhra riots that took place in Gujarat in Feb Mar 2002 That is where his life took a major turn and with revenge on his mind he joined an off shoot of Al Qaeda in Pakistan Lashkar e Jehadi al Islami LeJI as an under training revolutionary freedom fighter terrorist in Pakistan and Pakistan controlled Kashmir He undertook various missions for that organisations and finally he returned to India in 2008 for a nationwide spree of bomb attacks But fate had something strange in store for him Read the book to find out about his death and rebirth

psychohistory and political psychology Here he examines topics including infantile experience and adult terrorism the meaning of terror terrorists and their mothers narcissistic rage and Islamic terror and whether terrorists are normal people as some scholars claim He also describes the infantile development of terrorist pathology non psychoanalytic theories of terrorism globalization s effect on terrorism and the notion of the clash of civilizations Examining the emotional structure of traditional Muslim families Falk shows us the Muslim child s ambivalence toward his or her parents ways in which Muslims abuse women and children and the roots of Muslim rage and why all of that plays into the development of future terrorism Other topics addressed in this reader friendly analysis include history s first Islamic terrorists and three important cases two recent deadly terrorists and a primary figure in our current war on terror The central idea throughout the book is that a person s attitude toward terror and terrorism as well as whether he or she becomes a murderous terrorist or even who wages a global war on terror has much to do with that person s own terrifying experiences in infancy and childhood Such terror usually experienced first in the earliest interactions with the mother is symbolically expressed as Falk shows in fairy tales and myths about terrifying witches and female monsters Further terror may be experienced in the relationship with the father and also in various other traumatic ways It is these early terrors when extreme and uncontrollable that most often produce terrorists and wars on terror Falk argues Thus his book focuses on the conscious but also on the irrational and unconscious causes of terrorism

general as well as professionals in the field of counter terrorism **Afterlife and Narrative in Contemporary Fiction**

Alice Bennett,2012-07-06 Afterlife and Narrative explores why life after death is such a potent cultural concept today and why it is such an attractive prospect for modern fiction The book mines a rich vein of imagined afterlives from the temporal experiments of Martin Amis s Time s Arrow to narration from heaven in Alice Sebold s The Lovely Bones **A**

Comprehensive History of India ,2003-12-01 This book is primarily meant for the general public and the students who desire to understand the history and culture of their country Though a general work encompassing historical cultural economic political and administrative features the book is none the less authentic and authoritative A Comprehensive History of India is the product of a joint venture undertaken by a group of historians who do not go by conformist views but by critical objective and analytical assessment of events and developments in accordance with the methodical discipline of scientific research **Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism**

Thomas David Parker,2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy JournalFor more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect for human rights and the rule of law is the most effective approach to defeating terrorism **A History of Romanian Theatre from**

Communism to Capitalism Cristina Modreanu,2019-09-18 A History of Romanian Theatre from Communism to Capitalism analyses the last three decades of Romanian theatre and connects it to the international stage Cristina Modreanu questions the relationship between artists and power both before 1989 behind the Iron Curtain and in the current global political context with nationalism manifesting itself in Eastern Europe as seen in the critical work of Romanian theatre makers This study covers the complex cases of theatre makers such as Lucian Pintilie Liviu Ciulei and Andrei erban who built their

international careers in exile and the most innovative Romanian artists of today such as Silviu Purcurete, Mihai Măniuș, and Gianina Cărbunariu. Radu Afrim and Bogdan Georgescu, who reached the status of transglobal artists. Filling a considerable gap in Romanian theatre discourse, this book will be of a great interest to students and scholars of contemporary theatre and history.
