Verbal-Visual Configurations in Postcolonial Literature Birgit Neumann, Gabriele Rippl, 2020-04-23 Examining a range of contemporary Anglophone texts this book opens up postcolonial and transcultural studies for discussions of visibility and vision It argues that the preoccupation with visual practices in Anglophone literatures addresses the power of images vision and visual aesthetics to regulate cultural visibility and modes of identification in an unevenly structured world The representation of visual practices in the imaginative realm of fiction opens up a zone in which established orders of the sayable and visible may be revised and transformed In 12 chapters the book examines narrative fiction by writers such as Michael Ondaatje Derek Walcott Salman Rushdie David Dabydeen and NoViolet Bulawayo who employ word image relations to explore the historically fraught links between visual practices and the experience of modernity in a transcultural context Against this conceptual background the examination of verbal visual relations will illustrate how Anglophone fiction models alternative modes of representation that reflect critically on hegemonic visual regimes and reach out for new more pluralized forms of exchange

The Art of Astonishment Alice Brittan, 2022-02-24 First Place Winner in Non Fiction from the 2023 Next Generation Indie Book Awards Part literary history part personal memoir Alice Brittan s beautifully written The Art of Astonishment explores the rich intellectual religious and philosophical history of the gift and tells the interconnected story of grace where it comes from and what it is believed to accomplish Covering a remarkable range of materials from The Epic of Gilgamesh The Iliad and the tragedies of Classical Greece through the brothers Grimm and Montaigne to C S Lewis Toni Morrison J M Coetzee Elena Ferrante Karl Ove Knausgaard and Jhumpa Lahiri Brittan moves with ease from personal story to myth to theology to literature and analysis examining the nature of social and communal obligation the role of the intellectual in times of crisis and the pleasures of reading In the 21st century we might imagine grace as a striking and refined quality that is pleasurable to encounter but certainly not fundamental to anyone s

existence or to the beliefs and practices that hold us together or drive us apart For millennia though it has been recognized as essential to the vitality of inner life as well as to the large scale shifts in perspective and legislation that improve the way we live as a society Grace is also astonishing always as the enormously insightful readings in *The Art of Astonishment* show Brittan reveals the concept's breadth as sacred and secular ancient and recent lived and literary And in so doing she shows us how the act of reading is like grace social but personal pleasurable and essential

A Genealogy of the Verse Novel Catherine Addison, 2017-11-06 The present age has seen an explosion of verse novels in many parts of the world Australia is a prolific producer as are the USA and the UK Novels in verse have also appeared in Canada New Zealand India South Africa Jamaica and several other countries A novel written in verse contradicts theories that distinguish the novel as essentially a prose genre The boundaries of prose and verse are however somewhat fluid This is especially evident in the case of free verse poetry and the kinds of prose used in many Modernist novels The contemporary outburst may seem a uniquely Postmodernist flouting of generic boundaries but in fact the verse novel is not new Its origins reach back to at least the eighteenth century Byron's *Don Juan* in the early nineteenth century was an important influence on many later examples Since its first surge in popularity during the Victorian era it has never died out though some fine examples most of them from the earlier twentieth century have been neglected or forgotten This book investigates the status of the verse novel as a genre and traces its mainly English language history from its beginnings The discussion will be of interest to genre theorists prosodists narratologists and literary historians as well as readers of verse novels wishing for some background to this apparently new literary phenomenon

American Modernism (Re)Considered Robert C. Hauhart, Jeff Birkenstein, 2025-08-07 What exactly is modernism and who are modernist writers What distinguishes American modernism from its European counterpart *American Modernism Re Considered* questions the principal distinction

between modernism and other genres movements styles in literature through new critical readings of canonical modernist texts alongside texts which pose a problem for modernism due to their ambiguous if not marginal relation to some of its predominant tenets It asks Is modernism characterized principally by a transition from older forms like naturalism and realism to a style that is new innovative and experimental Is it found in shared understandings and alignments regarding the nature and purpose of art Is it identifiable by modernists treatment of various central themes including as a reaction to modernity as a response to the Boer and World wars as an interrogation of Britain s empire and its dissolution and how these events fragmented modern life Or is it all of the above Contributors discuss a wide range of texts by authors such as Nella Larsen Willa Cather Charlotte Perkins Gilman Anne Carson Wallace Stevens Am rico Paredes Richard Wright Ernest Hemingway and T S Eliot to challenge the aesthetic social and temporal boundaries of modernism in America Through original close readings of these texts American Modernism Re Considered subjects modernism to new interrogations and offers new answers to questions that remain contemporary even as they harken back to its height of popularity and interest in the mid 1920s

Autobiography of Red Anne Carson,1999-07-27 The award winning poet reinvents a genre in a stunning work that is both a novel and a poem both an unconventional re creation of an ancient Greek myth and a wholly original coming of age story set in the present Geryon a young boy who is also a winged red monster reveals the volcanic terrain of his fragile tormented soul in an autobiography he begins at the age of five As he grows older Geryon escapes his abusive brother and affectionate but ineffectual mother finding solace behind the lens of his camera and in the arms of a young man named Herakles a cavalier drifter who leaves him at the peak of infatuation When Herakles reappears years later Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent By turns whimsical and haunting erudite and accessible richly layered and deceptively simple *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is A NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist Anne Carson is for me the most exciting poet writing in English today Michael Ondaatje A profound love story sensuous and funny poignant musical and tender The New York Times Book Review A deeply odd and immensely engaging book Carson exposes with passionate force the mythic underlying the explosive everyday The Village Voice

Deconstructing True Crime Literature Charlotte Barnes,2023-09-11 This book provides a critical discussion of True Crime literature arguing for the deconstruction of the genre into subgenres that better reflect a work s contents In analysing seminal and lesser known works the areas of authenticity accuracy and author proximity are considered to form a framework on which an individual publication s subgenre re categorisation can be assessed The book considers the likes of Ann Rule Truman Capote and Maggie Nelson among other notable authors Their works those that fit into True Crime and those that defy categorisation within the genre as it exists are reviewed and their defining features critiqued Topics such as narrative methodologies figurative language and utilisation of research are

considered in support of this These strands combine to a larger discussion regarding a deconstruction of True Crime and the ways in which this will improve the social responsibility of the genre and encourage a more conscientious consumerism of it
