Lopriore**

Assessing Young Learners Of English Global And Local Perspectives Educational Linguistics:

Assessing Young Learners of English: Global and Local Perspectives Marianne Nikolov, 2015-10-29 This volume documents international national and small scale testing and assessment projects of English language education for young learners across a range of educational contexts It covers three main areas age appropriate can do statements and task types for teaching and testing learners between the ages of 6 to 13 innovative approaches to self assessment diagnostic testing self perception and computer based testing and findings on how young learners perform on vocabulary listening speaking pronunciation and reading comprehension tests in European and Asian contexts Early language learning has become a major trend in English language education around the globe As a result of the spread of teaching English to a growing number of young children assessment of and for learning have emerged as key issues In line with this development there is a clear and emerging need to make early language programs accountable and to assess both the progress children make over time and to quantify their achievement at various stages of development This volume informs stakeholders about the realistic goals of early language learning their efficiency and how much progress children make over time

The Routledge Handbook of Teaching English to Young Learners Sue Garton, Fiona Copland, 2018-10-10 The Routledge Handbook of Teaching English to Young Learners celebrates the coming of age for the field of research in primary level English Language Teaching With 32 chapters written by international scholars from a wide geographical area including East Africa Mexico the South Pacific Japan France the USA and the UK this volume draws on areas such as second language acquisition discourse analysis pedagogy and technology to provide An overview of the current state of the field identifying key areas of TEYL Chapters on a broad range of subjects from methodology to teaching in difficult circumstances and from Content and Language Integrated Learning CLIL to gaming Suggestions of ways forward with the aim of shaping the future research agenda of TEYL in multiple international contexts Background research and practical advice for students teachers and researchers With extensive guidance on further reading throughout The Routledge Handbook of Teaching English to Young Learners is essential reading for those studying and researching in this area

Teaching Practices and Equitable Learning in Children's Language Education Giannikas, Christina Nicole, 2021-03-26 Educating children and leading them towards the path of bilingualism is a valuable and challenging task for any educator Effective language teaching can contribute to young learners cognitive growth develop their problem solving skills enhance their comprehension abilities and provide children with the satisfaction of succeeding in the challenge of learning a foreign language All these issues must be taken under consideration when researching children and their teachers The current literature indicates that further material is needed to provide professionals with different classroom situations and enhance the art of teaching children Teaching Practices and Equitable Learning in Children s Language Education focuses on various perspectives of efficient practices approaches and ideas for professional development in the field of young language learners The chapters in this book link the theoretical

understanding and practical experience of teaching children languages by concentrating on teaching practices material design classroom management reading speaking writing and more This book is designed for inservice and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the field of early language learning and applied linguistics at large *The Palgrave Handbook of Motivation for Language Learning* Martin Lamb, Kata Csizér, Alastair Henry, Stephen Ryan, 2020-01-11 This handbook offers an authoritative one stop reference work for the dynamic and expanding field of language learning motivation The 32 chapters have been specially commissioned from the field's most influential researchers and writers Together they present a compelling picture of the motivations people have for learning languages the diverse ways we can research motivation and the implications for promoting and sustaining learners motivation The first section outlines the main theoretical approaches to language learning motivation the next section presents ways in which motivation theory has been applied in practice the third section showcases examples of motivation research in particular contexts and with particular types of language learners and the final section describes the exciting directions that contemporary research is taking promising important new insights for academics and practitioners alike Innovative Practices in Early English Language Education David Valente, Daniel Xerri, 2023-02-08 This book shines a light on novel and less familiar domains of early English language education for children aged 3 to 12 in mainstream and out of school settings Enveloping the volume is the making of creative connections to wider educational philosophies which extend beyond the confines of a narrow linguistic lens In reconciling the theory practice divide in English language education each chapter presents a synthesis of research issues leading to a practical showcase of ideas Organised in two main parts the first focuses on innovations within classroom practice curriculum development and child centred assessment exploring areas which have either received insufficient attention and or have been reimaged through fresh perspectives The second part explores innovations in pre and in service teacher education contexts and focuses on lesser known and or underexplored topics including bridging general and language education multilingualism in depth learning metacognition and pragmatics This is a timely publication for teacher educators and practitioners alike The Concise Companion to Language Assessment Antony John Kunnan, 2024-10-01 The Concise Companion to Language Assessment provides a state of the art overview of the crucial areas of language assessment teaching and learning Edited by one of the foremost scholars in the field The Concise Companion combines newly commissioned articles on innovations in assessment with a selection of chapters from The Companion to Language Assessment the landmark four volume reference work first published in 2013 Presented in eight themes The Concise Companion addresses a broad range of language assessment methods issues and contexts Forty five chapters cover assessment conceptualization development research and policy as well as recent changes in language assessment technology learning oriented assessment teacher based assessment teacher assessment literacy plurilingual assessment assessment for immigration and more Exploring the past present and

future possibilities of the dynamic field The Concise Companion to Language Assessment Contains dedicated chapters on listening speaking reading writing vocabulary pronunciation intercultural competence and other language skills Describes fundamental assessment design and scoring guidelines as well as advanced concepts in scenario based assessment and automated performance scoring Provides insights on different assessment environments such as classrooms universities employment immigration and healthcare Covers various qualitative and quantitative research methods including introspective methods classical reliability and structural equation modeling Discusses the impacts of colonialism and discrimination on the history of language assessment Explores the use of AI in writing evaluation plagiarism and cheating detection and other assessment contexts Sure to become a standard text for the next generation of applied linguistics students The Concise Companion to Language Assessment is an invaluable textbook for undergraduate and graduate courses in applied linguistics language assessment TESOL second language acquisition and language policy

Teaching Young Second Language Learners Rhonda Oliver, Bich Nguyen, 2018-06-12 Adopting a learner centred approach that places an emphasis on hands on child SL methodology this book illustrates the practices used to teach young second language learners in different classroom contexts 1 English as an Additional Language or Dialect EAL D both intensive EAL D and EAL D in the mainstream 2 Language Other Than English LOTE 3 Content and Language Integrated Learning CLIL 4 Indigenous 5 Foreign Language FL It will be particularly useful to undergraduate teachers to build upon the literacy unit they undertake in the first years of their course to explore factors that constitute an effective child SL classroom and in practical terms how to develop such a classroom The pedagogical strategies for teaching young language learners in the six chapters are firmly guided by research based findings enabling not only pre service teachers but also experienced teachers to make informed choices of how to effectively facilitate the development of the target language empowering them to assume an active and effective role of classroom practitioners

Examining Young Learners: Research and Practice in Assessing the English of School-age Learners Szilvia Papp, Shelagh Rixon, 2018 The proposed book on child second language L2 development and assessment will be a state of the art account of what we currently know about how children learn L2s in formal contexts and how that knowledge impacts on the design development and evaluation of language assessment products for young learners The uniqueness of child L2 development within the classroom is highlighted by considering children s L2 needs typical patterns of development and the role of instruction and assessment in how children learn Common issues shared in child L2 acquisition studies language testing and educational assessment are explored by linking research carried out within the educational academic and testing communities Several case studies are described from different educational contexts around the world where teaching and assessment of young language learners takes place In particular the book presents the Cambridge English approach to assessing young learners of English and presents a framework for the development research and validation activities around the Cambridge English suite battery for children

Young Learners'

Oracy Acquisition and Development in International Foreign Language Learning Contexts Dimitra Karoulla-Vrikki, Lucilla Lopriore, 2025-02-11 This volume presents research on oracy development in early language learning with a particular focus on the pedagogical implications for growingly plurilingual classrooms The chapters offer empirical results from diverse international contexts which reveal common and differing experiences of teaching methodologies and assessment practices learners attitudes and motivation and young learners skill development processes Together they explore the effects of language policy collaborative learning and teacher intervention on the development of children s listening and speaking skills in a second or foreign language The book will be of interest to researchers in early second language acquisition as well as students on EFL TESOL and ESL courses It will be particularly useful to pre primary and primary teachers in multilingual classrooms and can be used in teacher education and professional development programmes to promote reflection on current teaching practices

English Language Proficiency Assessments for Young Learners Mikyung Kim Wolf, Yuko Goto Butler, 2017-05-25 English Language Proficiency Assessments for Young Learners provides both theoretical and empirical information about assessing the English language proficiency of young learners Using large scale standardized English language proficiency assessments developed for international or U S contexts as concrete examples this volume illustrates rigorous processes of developing and validating assessments with considerations of young learners unique characteristics In this volume young learners are defined as school age children from approximately 5 to 13 years old learning English as a foreign language EFL or a second language ESL This volume also discusses innovative ways to assess young learners English language abilities based on empirical studies with each chapter offering stimulating ideas for future research and development work to improve English language assessment practices with young learners English Language Proficiency Assessments for Young Learners is a useful resource for students test developers educators and researchers in the area of language testing and assessment
