

Project Assurance Landscape

EPC firms too project-centric and not provide objectivity representing the owners perspective...“fox over-seeing the hen house” ...leave before OPEX Phase and next project motivated

Top tier consulting typically lack expertise to adequately know where to look and apply boots on the ground from a construction site perspective...more strategy/PMO-based and lack execution ability based on CAPEX experience

Boutique consulting – lack staffing to cover long-duration projects and complex scope

Technical consulting – typically excel at process design but lack business perspective

Maintenance Consulting – largely focus on OPEX and not CAPEX

3rd Party Inspection/surveillance – experience in TPI/In-Service Inspection/Staffing but typically ignore assurance-based CAPEX/OPEX opportunities to reduce cost/identify savings/CI nor provide CMMS capability.
