Architecture Beyond Criticism Expert Judgment And Performance Evaluation:

Architecture Beyond Criticism Wolfgang F. E. Preiser, Aaron T. Davis, Ashraf M. Salama, Andrea Hardy, 2014-11-27 For the first time this book demonstrates that the two paradigms of architectural criticism and performance evaluation can not only co exist but complement each other in the assessment of built works As architecture takes more principled stances worldwide from environmental sustainability to social cultural and economic activism this book examines the roles of perceived and measured quality in architecture By exploring in tandem both subjective traditional architectural criticism and environmental design and performance evaluation and its objective evaluation criteria the book argues that both methodologies and outcomes can achieve a comprehensive assessment of quality in architecture Curated by a global editorial team the book includes Contributions from international architects and critics based in the UK USA Brazil France Qatar Egypt New Zealand China Japan and Germany Global case studies which illustrate both perspectives addressed by the book and comparative analyses of the findings A six part organization which includes introductions and conclusions from the editors to help guide the reader and further illuminate the contributions By presenting a systematic approach to assessing building performance design professionals will learn how to improve building design and performance with major stakeholders in mind especially end users occupants

Building Performance Evaluation Wolfgang F.E. Preiser, Andrea E. Hardy, Ulrich Schramm, 2017-08-30 The main aim of this book is to present an intriguing retrospective of Building Performance Evaluation BPE as it evolved from Post Occupancy Evaluation POE over the past 25 years On one hand this is done by updating original authors chapter content of Building Evaluation the first edition published in 1989 That in turn is augmented by an orientation toward current and future practice on the other including new authors who are engaged in ongoing cutting edge projects Therefore individual methodology oriented chapters covering the fundamental principles of POE and BPE go along with major thematic chapters topics of which like sustainability or integration of new technologies are addressed in a diversity of case studies from around the globe Research methodologies and framework of POEs continue to evolve POEs are one step on the larger scale of BPE in understanding how buildings function after they are occupied This resource helps a rchitects building owners and facility managers understand the implications and reactions to the facilities that they designed built and or commissioned By considering the whole process from conception to future uses of the building there can be a more holistic approach to the planning programming design construction occupancy and future adaptability of the structure This book is dedicated to first editor Wolfgang F E Preiser who passed away during the process of editing and reviewing chapters of this volume

Experiencing Architecture in the Nineteenth Century Edward Gillin, H. Horatio Joyce, 2018-10-18 Bringing together fourteen original essays this collection opens up new perspectives on the architectural history of the nineteenth century by examining the buildings of the period through the lens of experience With a focus on the experience of the ordinary building user rather than simply on the intentions of the designer the book shows that new and important insights can be brought to our understanding of Victorian architecture The chapters present a range of ideas and new research some examining individual building case studies from grand hotels and clubhouses in New York to the parliament buildings of Westminster and others exploring conceptual questions about the nature of architectural experience whether sensory or otherwise Yet they share the premise that the idea of the experience of architecture took on a

new and particular significance with the rise of industrial modernity and they examine what contemporary people both architects and non architects understood by this idea The insights in this volume extend beyond the study of Victorian architecture Together they suggest how experience might be used as a framework to produce a more convincingly historical account of the artefacts of architectural history
