The ASEAN Regional Security Partnership Angela

Pennisi di Floristella, 2015-08-25 ASEAN's role as a security provider remains largely a matter of scholarly debate. Through the lens of the concept of regional security partnership, this book uncovers a more nuanced understanding of ASEAN capacity, highlighting both its merits and fragilities in coping with traditional and emerging security problems. **ASEAN and Human Trafficking** Naparat Kranrattanasuit, 2014-07-03 Trafficking in persons is a serious crime that affects the human rights, dignity, and integrity of all its victims, including women, men, and children in the Association of Southeast Asian Nations (ASEAN) region. ASEAN has made efforts to fight human trafficking through inter alia the establishment of regional counter human trafficking laws and human rights bodies to establish best norms and practices for its member countries. Nevertheless, the International Labour Organization (ILO) recently declared that there are more than 11.7 million forced labor victims in the Asia-Pacific region encompassing the biggest concentration of forced labour victims in the world. This volume reviews the achievements and the deficiencies of ASEAN's counter human strategies at the national and regional level. It offers suggestions for the reform of ASEAN's anti-trafficking laws and for the creation of a regional anti-trafficking human rights body specialized in preventing human trafficking, promoting equal protection of all trafficking victims, and prosecuting human traffickers. *International Intellectual Property and the ASEAN Way* Elizabeth Siew-Kuan Ng, Graeme W. Austin, 2017-10-05 The Association of Southeast Asian Nations (ASEAN) is actively seeking ways for member countries to enhance their individual economic development within the context of overall regional advancement. Central to this is the creation of a regional intellectual property framework. This book examines the efforts to move beyond sovereign protections of intellectual property rights and establish meaningful inter-state cooperation on intellectual property issues. Rather than aim for IP harmonization, ASEAN recognizes its internal diversity and pursues an agenda of IP interoperability. The essays in this collection examine the unique dynamics of interoperability, analyzing the administration of intellectual property in a part of the world that is of increasing importance. The book enables the reader to compare and contrast the ASEAN model to other approaches in regional cooperation, such as Europe and Latin America, and also explores private international law as a potential vehicle for interoperability. **Asean 50: Regional Security Cooperation Through Selected Documents** Daniel Wei Boon Chua, Eddie Meng Chong Lim, 2017-09-22 ASEAN 50: Regional Security Cooperation through Selected Documents curates key official documents that establish ASEAN as the foundation of Southeast Asia's peace and security. Since 1967, ASEAN has played the crucial role of managing conflicts and maintaining stability in a region shaped by diverse political, economic, and socio-cultural dynamics. During the Cold War, ASEAN's ability to keep major power rivalries and intra-mural disputes in check provided the conditions for economic growth in the region. Yet the extent of ASEAN's contributions to the security of Southeast Asia have not been systematically presented. This compendium of official ASEAN declarations, statements, treaties, conventions, and workplans demonstrates the activism and innovation of ASEAN member countries in their management of regional security for the past five decades. ASEAN 50: Regional Security Cooperation through Selected Documents provides

answers to how ASEAN remains a cohesive organisation through periods of regional conflict how ASEAN unity thrives despite seemingly insurmountable differences among the ten members and how ASEAN centrality is resilient against pressure arising from great power influences in Southeast Asia The ASEAN Economic Community Sanchita Basu Das, Jayant Menon, Rodolfo C Severino, Omkar Lal Shrestha, 2013-12-05 This is an important and timely volume important because ASEAN is an increasingly significant and influential regional and global actor and timely because as the 2015 ASEAN Economic Community target approaches what is needed is a sympathetic yet arms length survey of the issues and challenges ASEAN will miss some of the targets laid out in its AEC Blueprint but the reader is left in no doubt that the ASEAN spirit is alive and well The editors include a distinguished former Secretary General of ASEAN and the leading academic analyst of ASEAN economic cooperation They and their co editors are to be congratulated for soliciting contributions from an outstanding and diverse group of authors and then adding their highly authoritative commentary and analysis A must read for anybody seriously interested in ASEAN **Southeast Asia and the English School of International Relations** L. Quayle, 2013-01-17 This book examines the interface between the theoretical framework known as the English School and the international and transnational politics of Southeast Asia The region theory dialogue it proposes signals productive ways forward for the theory **In the Shadow of the Member States** Lukas Maximilian Müller, 2023-03-31 This book provides practice oriented insights into the agency of two previously underestimated actors in Southeast Asian regionalism the ASEAN Secretariat and ASEAN's dialogue partners In doing so it offers an inside view of the policy making processes in the ASEAN Political Security and the ASEAN Economic Community analyzing the interplay and agency by both actors in agenda setting formulation decision making implementation and monitoring Drawing on a trove of novel data including never before analyzed sources and numerous interviews with ASEAN insiders the book showcases a number of concrete cases of policy making including competition and counterterrorism policies The chapters focusing on the ASEAN Secretariat address aspects related to institutional autonomy capacity and reforms within the bureaucracy In the chapters on ASEAN's dialogue partners the book provides insights into the bilateral management of institutional support programs as well as the impacts of support on ASEAN's policy making processes **Military Modernisation in Southeast Asia after the Cold War** Shang-Su Wu, 2024-04-01 Southeast Asian countries represent a wide range of approaches to military modernisation due to their great diversity in politics economies geography and other factors Bounded by the Pacific and Indian Oceans and located between China and India is the setting for the geostrategic impacts of military modernisation in Southeast Asian countries Differing from previous research focused on military acquisition this book additionally covers retention of assets and carefully examines the ageing issues that affect readiness and capabilities In doing so it provides a comprehensive view of military modernisation This book also compares each country's situation in the region in terms of military strength and security challenges to elaborate on the geostrategic impacts of military modernisation The ten cases of

military modernisation in the post Cold War context provide rich content for readers to explore the evolution of military modernisation in developing countries after 1991 This book sheds light on security studies of Southeast Asia and is a useful resource for academic researchers policy makers and defence practitioners
