Ash And Silver A Sanctuary Novel:

Ash and Silver Carol Berg, 2024-08-27 In this epic fantasy sequel to *Dust and Light* a man without a past must restore his memory to save his kingdom As a candidate for knighthood in the Order of the Equites Ciner Greenshank had to give up his memory It also means thinking of the past makes his head ache but that hasn't stopped him from putting in two years of rigorous training He is almost ready to embrace the order's mission to use selfless magic to heal the fractured kingdom of Navronne Still trouble arises on his first solo assignment when he encounters a mysterious woman who brings his past rushing back Greenshank discovers he was once a sorcerer with a different name One whose gifts threaten the safety of the kingdom and the world Now to unravel the mysteries of his past and his powers he must trace a path of corruption that leads into some unexpected and dangerous places Berg has an artist's touch with fantasy worlds and scenes RT Book Reviews With this masterful opening the story grabs you by the hand plunging you headfirst into a world of magic and war where nothing is quite what it seems San Francisco Book Review I particularly enjoyed the structure and logic of the story but it is the character Greenshank that kept me reading I wanted to go on the journey with him to recapture his lost memories and to see why he was so important to his world The emotional nexus around him was compelling and the world he inhabited was one I could live in King's River Life Magazine
