Bill Writes Dispatches Correctness Battlefield:

Bill of Writes Lloyd Billingsley, 2015-12-14 Confronting the Jihad of Junkthought Political correctness may be all the rage but as Peggy Lee said about fever it's not a such a new thing It started long ago and Lloyd Billingsley has been writing about it for decades Political correctness he notes in Bill of Writes is a legacy of the Old Left which allowed only one correct view on anything And as the author's Dispatches from the Political Correctness Battlefield demonstrate political correctness is usually at odds with factual correctness Political correctness dead bolts the mind and rigs an alarm system that demonizes any challenge to orthodoxy It also deploys a presumption of guilt not innocence Political correctness divides society into an oppressor class and a victim class and elevates group rights over individual rights Political correctness is thus a form of identity theft and it gets worse Politically correct superstition is now dominant a veritable jihad of junkthought and increasingly deployed by government The author shows how that works and a lot more The selections in Bill of Writes Peter Collier explains in the foreword are all part of an inner conversation aimed at the truth Readers will find a unique trip log of a writer who has been singularly engaged with the issues of his day

Dispatches from the World Bill Black, William Richard Black, 2012-10 Percival Phillips was born in 1877 He began writing for newspapers at the age of sixteen with articles about coal miners rioting in Southwestern Pennsylvania At the age of nineteen he began pursuing a dream of being a war correspondent with coverage of the Greco Turkish war and later the war in Cuba He next moved to London England and worked for the Daily Express covering wars in Japan and Russia Tripoli and the Balkans Although an American the British government selected him to be one of five correspondents to cover the British portion of the Western Front during the World War I as well as to cover the troubles in Ireland After the war he was knighted by King George for these services He next moved to the Daily Mail where he continued covering conflicts in Russia China and India as well as problems in Iraq the rise of Mussolini in Italy and Gandhi's activities in India In 1935 he joined the Daily Telegraph and later covered a revolution in Greece and the Italian invasion of Ethiopia His final war was the Spanish Civil War during which he died in 1937

Virginia at War, 1864 William C. Davis, James I. Robertson, 2009-09-25 The fourth collection of essays in this Civil War series serves to remind us that there is much for us to discover beyond Virginia's battlefields H Net Reviews The fourth book in the Virginia at War series casts a special light on vital home front matters in Virginia during 1864 Following a year in which only one major battle was fought on Virginia soil 1864 brought military campaigning to the Old Dominion For the first time during the Civil War the majority of Virginia's forces fought inside the state's borders Yet soldiers were a distinct minority among the Virginians affected by the war In Virginia at War 1864 scholars explore various aspects of the civilian experience in Virginia including transportation and communication wartime literature politics and the press higher education patriotic celebrations and early efforts at reconstruction in Union occupied Virginia The volume focuses on the effects of war on the civilian infrastructure as well as efforts to maintain the Confederacy As in previous volumes Virginia at War 1864

concludes with an annotated excerpt from the Diary of a Southern Refugee During the War by Richmond's Judith Brockenbrough McGuire The most fully rounded account of Virginia's wartime experience Charles P Roland author of Reflections on Lee A Historian's Assessment This book covers some interesting areas of lesser known history of Virginia during the Civil War The Oklahoman

A New History of War Reporting Kevin Williams, 2019-12-23 This book takes a fresh look at the history of war reporting to understand how new technology new ways of waging war and new media conditions are changing the role and work of today's war correspondent Focussing on the mechanics of war reporting and the logistical and institutional pressures on correspondents the book further examines the role of war propaganda accreditation and news management in shaping the evolution of the specialism Previously neglected conflicts and correspondents are reclaimed and wars considered as key moments in the history of war reporting such as the Crimean War 1854-56 and the Great War 1914-18 are re-evaluated The use of objectivity as the yardstick by which to assess the performance of war correspondents is questioned The emphasis is instead placed on war as a messy business which confronts reporters and photographers with conditions that challenge the norms of professional practice References to the demise of the war correspondent have accompanied the growth of the specialism since the days of William Howard Russell the so-called father of war reporting This highlights the fragile nature of this sub-genre of journalism and emphasises that continuity as much as change characterises the work of the war correspondent A thematically organised historically rich introduction this book is ideal for students of journalism media and communication

The First Casualty Phillip Knightley, 1989 By the award winner of News International Journalist of the Year Phillip Knightley has written about being a special correspondent during wartime He questions to what extent correspondents shape myths and suppress facts And how their role has changed over the years

The Pennsylvania Reserves in the Civil War Uzal W. Ent, 2014-01-24 Until its soldiers mustered out of service in mid 1864 the Pennsylvania Reserve Division was one of only a few one state divisions in the Union army Known as the Pennsylvania Reserves or simply the Reserves the division saw action in most of the major battles of the Civil War including Mechanicsville New Market Crossroads Second Bull Run Fredericksburg Gettysburg the Wilderness and Spotsylvania Court House This history chronicles the division's service from its organization in May 1861 through June 1864 when most of its soldiers reached the end of their service commitment The book includes short biographical sketches most with photographs of the Reserves leadership Throughout excerpts from letters journals diaries and books from more than 150 members of the Reserves provide a personal perspective on the action and reveal the human side of battle

Victorian Cultures of Liminality Amina Alyal, Susan Anderson, 2018-07-27 This volume is unique in its focus on cross fertilisation in the arts on very specific exploration of liminal spaces and on the representation of marginal figures in writing The essays here grew out of the Borders and Margins colloquium held at Leeds Trinity University UK in April 2010 which was the fourth in a series of colloquia This collection moreover contributes to a growing area of scholarship which

explores Anglo French interactions and exchanges In choosing the term liminality the editors are aware of its nuanced implications allowing suggestions both of the initial and the transitional The contributors here are academics from the fields of literature history and art history and their essays cover art history literature cultural history the arts and faith Altogether this collection evokes a sense of temporal shift in that changes in values and focus are uncovered as the nineteenth century progresses Some have an ekphrastic quality showing how pictures can have a narrative and how pictures as well as texts can be encoded with moral and social interpretations Close scrutiny is applied to different kinds of texts fiction and non fiction and the purposes for which they were produced This book will appeal to scholars and academics interested in a wide range of cross categorisational transactions in nineteenth century Britain It will be of interest to scholars of Victorian culture and English nineteenth century literature and art particularly in terms of genre as well as to academics interested in the development of social personal and national identities Limiting Risk in America's Wars Phillip S Meilinger,2017-11-15

The United States has the most expensive and seemingly unstoppable military in the world Yet since World War II the nation's military success rate has been meager The Korean War was a draw while Vietnam Mogadishu Afghanistan and Iraq were clear losses Successes include Iraq in 1991 the Balkans Croatia and Kosovo Panama the initial takedowns of Afghanistan in 2001 and Iraq in 2003 and Libya What differentiates the failures from the successes Failures have been marked by the introduction of large numbers of conventional American ground troops while successes have been characterized by the use of airpower special operations forces robust intelligence and sensor platforms and the use of indigenous ground troops Phillip S Meilinger's new book advocates strategies that limit risks in war as well as achieve measurable goals Instead of large numbers of conventional ground troops the author argues in favor of a focus on asymmetric capabilities a combination of airpower special operation forces intelligence and indigenous ground troops to achieve the desired political outcomes
