American Betrayal Diana West, 2013-05-28 Conservative columnist West uncovers how and when America gave up its core ideals and began the march toward socialism She digs into the modern political landscape dominated by President Barack Obama to ask how it is that America turned its back on its basic beliefs Freedom and Its Betrayal Isaiah Berlin, 2014-05-25 These celebrated lectures constitute one of Isaiah Berlin's most concise accessible and convincing presentations of his views on human freedom views that later found expression in such famous works as *Two Concepts of Liberty* and were at the heart of his lifelong work on the Enlightenment and its critics When they were broadcast on BBC radio in 1952 the lectures created a sensation and confirmed Berlin's reputation as an intellectual who could speak to the public in an appealing and compelling way A recording of only one of the lectures has survived but Henry Hardy has recreated them all here from BBC transcripts and Berlin's annotated drafts Hardy has also added as an appendix to this new edition a revealing text of *Two Concepts* based on Berlin's earliest surviving drafts which throws light on some of the issues raised by the essay And in a new foreword historian Enrique Krauze traces the origin of Berlin's idea of negative freedom to his rejection of the notion that the creation of the State of Israel left Jews with only two choices to emigrate to Israel or to renounce Jewish identity Joyce & Betrayal James Alexander Fraser, 2016-11-14 This book offers a fundamental and comprehensive re evaluation of one of Joyce's most pervasive themes By showing that betrayal was central to how Joyce understood and depicted the difficulties and terrors at the heart of all relationships this book re conceives Joyce's approach to history politics and the other Leaving behind the pathologizing discourses by which Joyce's interest in betrayal has been treated as an obsession this book offers a vision of Joyce as both dramatist and theorist of betrayal It demonstrates that rather than being compelled by some unconscious urge to produce and reproduce textual betrayals Joyce had a deep and hard won conception of the specific dramatic energies wrapped up in the language and structures of betrayal and repeatedly found ways to make use of this understanding in his work *A Nation's Holocaust and Betrayal* Michael L. Redmond, 1994

Betrayal Of Palestine Susan Boyle, 2018-03-05 This definitive biography of George Antonius tells the life story of a man who lived during a dramatic period of history amid challenge that remains unresolved the Palestine Zionist conflict *Betrayal of Palestine* is an important and innovative work about the continuing controversy of empire and nationalism This book traces Antonius's contribution and ideas on nation building and good governance and resonates for contemporary seekers of peace in the Middle East As an archaeology of ideas and meaning the book will be of great significance for the millennium It speaks to the paradigm of a conqueror's code and to the ever present danger of special interests capturing public policy and corrupting good governance By rediscovering Antonius's message about institutions and nation building and the true meaning of morality conscience and public service *Betrayal of Palestine* speaks to contemporary people in a voice that reconnects the past with the present The book offers hope to a region where many solutions have failed and a reminder that

the solutions have been there all along in the people and traditions of the Middle East but they have been obscured by a conqueror's code of empire and nationalism. It is a reminder of the genius of democracy and the power of first principles that ordinary people are important that power must be shared and that society as a nation transcends tribalism and its more virulent contemporary form nationalism.

The Betrayal Charles Fountain, 2016 A new account of one of the most famous scandals in sports history shows how the 1919 fixing of the World Series forever changed the way America's pastime was both managed and perceived.

The Betrayal of Work Beth Shulman, 2011-05-10 Following its publication in hardcover the critically acclaimed *Betrayal of Work* became one of the most influential policy books about economic life in America it was discussed in the pages of Newsweek Business Week Fortune the Washington Post Newsday and USA Today as well as in public policy journals and in broadcast interviews including a one on one with Bill Moyers on PBS's NOW The American Prospect's James K Galbraith's praise was typical Shulman's slim and graceful book is a model combination of compelling portraiture common sense and understated conviction Beth Shulman's powerfully argued book offers a full program to address the injustice faced by the 30 million Americans who work full time but do not make a living wage As the influential Harvard Business School newsletter put it Shulman specifically outlines how structural changes in the economy may be achieved thus expanding opportunities for all Americans This edition includes a new afterword that intervenes in the post election debate by arguing that low wage work is an urgent moral issue of our time

Nation on the Take Wendell Potter, Nick Penniman, 2017-02-07 A rallying cry to bring government back under the control of the people Their argument is impassioned and accessible Library Journal American democracy has become coin operated Special interest groups increasingly control every level of government The necessity of raising huge sums of campaign cash has completely changed the character of politics and policy making determining what elected representatives stand for and how their time is spent The marriage of great wealth and intense political influence has rendered our country unable to address our most pressing problems from runaway government spending to climate change to the wealth gap It also defines our daily lives from the cars we drive to the air we breathe to the debt we owe In this powerful work of reportage Wendell Potter and Nick Penniman two vigilant watchdogs expose legalized corruption and link it to the kitchen table issues citizens face every day Inciting our outrage the authors then inspire us by introducing us to an army of reformers laying the groundwork for change ready to be called into action The battle plan for reform presented is practical realistic and concrete No one except some lobbyists and major political donors likes business as usual and this book aims to help forge a new army of reformers who are compelled by a patriotic duty to fight for a better democracy An impassioned infuriating yet ultimately hopeful call to arms *Nation on the Take* lays bare the reach of moneyed interests and charts a way forward toward the recovery of America's original promise

The Great Betrayal Julien Benda, 1928

Betrayed the Nation Doug Moody, 2012 *Betrayed the Nation* is a quick witted political satire from the mind of Doug Moody Moody takes us on a journey through time and we find that in every

decade and in every generation the nation has been betrayed by politicians who have been out for their own self interest rather than going into bat for the Aussie battler Take a glimpse into the murky world of political intrigue and remember take everything the powerbrokers in Canberra say with a big pinch of salt
