Between Two Worlds The Inner Lives Of Children Of Divorce:

Between Two Worlds Elizabeth Marquardt, 2006-09-26 Is there really such a thing as a good divorce Determined to uncover the truth Elizabeth Marquardt herself a child of divorce conducted with Professor Norval Glenn a pioneering national study of children of divorce surveying 1 500 young adults from both divorced and intact families between 2001 and 2003 In *Between Two Worlds* she weaves the findings of that study together with powerful unsentimental stories of the childhoods of young people from divorced families The hard truth she says is that while divorce is sometimes necessary even amicable divorces sow lasting inner conflict in the lives of children When a family breaks in two children who stay in touch with both parents must travel between two worlds trying alone to reconcile their parents often strikingly different beliefs values and ways of living Authoritative beautifully written and alive with the voices of men and women whose lives were changed by divorce Marquardt's book is essential reading for anyone who grew up between two worlds Makes a persuasive case against the culture of casual divorce Washington Post A poignant narrative of her own experience Marquardt says she and other young adults who grew up in the divorce explosion of the 1970s and 1980s are still dealing with wounds that they could never talk about with their parents Chicago Tribune

The Children of Divorce Andrew Root, 2010-08 A recognized authority on youth ministry explores from a theological and spiritual standpoint the baffling sense of loss of self experienced by children of divorce

The Children of Divorce (Youth, Family, and Culture) Andrew Root, 2010-08-01 Why does divorce cause so much strain and long term distress for children of all ages Andrew Root a recognized authority on youth ministry and a child of divorce himself explains that divorce causes children to question their core identity Since a child is the product of the union of a mother and father when that union ends he or she experiences a baffling sense of loss of self a loss of his or her very sense of being Root redirects efforts for assisting children of divorce to first address this fundamental experience This unique book examines the impact of divorce not only from a theological and spiritual perspective but also from a young person's perspective It will benefit those who have experienced divorce and those who minister to children of divorce

Marriage William May, 2009-10-16 Is marriage the foundation of family life Many people today would say No Others would say Yes but they would define family and marriage in ways at odds with how the words have been used almost throughout human history In this revised and expanded edition of *Marriage The Rock on Which the Family is Built* internationally renowned theologian William E May makes the case for marriage's foundational role for family with marriage defined as the union of one man and one woman Drawing on Pope John Paul II's theology of the body he explains the person affirming love enabling life giving and sanctifying nature of marriage He shows how marriage is necessarily a complementary union of man and woman and how this rules out the idea of same sex marriage May argues drawing on Popes Paul VI John Paul II and Benedict XVI that marriage fully respects the equal dignity of husband and wife as persons while recognizing their unique exclusive enduring complementary contributions to their union Likewise he shows how marriage honors the

truth that each new human life brought about by sexual union is a person equal in dignity to his mother and father What s more both reason and revelation are used to show that only the family founded on marriage as an enduring mutually exclusive union of one man and one woman provides the proper context for begetting and raising children Reproductive technologies are also critically examined and the author argues that human beings ought to be begotten in an act of spousal love not made through in vitro fertilization Furthermore the role of the family as the domestic church a community of holiness is explored This expanded edition includes new chapters Man and Woman He Created Them Pope John Paul II s Catechesis on Human Sexuality and Pope Benedict XVI and Marriage the latter summarizing Benedict s thought on marriage particularly as found in his first encyclical Deus Caritas Est Also included is Pope John Paul II s Letter to Families
