Between Lines Bible Recapturing Biblical:

Judgment and Salvation Dustin G. Burlet, 2022-11-03 This book contends the text of the Noachian deluge narrative categorically underscores all God did to preserve life in spite of the disaster Despite the picture of devastation that the narrative depicts the prominent emphasis of the text is on deliverance and redemption i e salvation not judgment The focus of the Genesis flood is acutely bent towards God s salvific rather than punitive purposes The arc of salvation within the flood narrative can be broken down into two main ideas Firstly God s intention for creation is not thwarted and secondly God commits himself to his intentions of creation God s intention for creation can be stated thus the establishment of order via covenant showing the sanctity of human life and the upholding of all life This involves in particular humanity as his image bearers including the lex talionis life for life principle

A Christoscopic Reading of Scripture: Johannes

Oecolampadius on Hebrews Jeff Fisher, 2016-02-15 The focus of this study is on Oecolampadius s 1534 commentary on the biblical book of Hebrews which derived from his theology lectures at the University of Basel in 1529 1530 Jeff Fisher compares his exegesis with more than twenty five of the most relevant interpreters from the early church to the Reformation He shows that by recovering and adapting an Alexandrian interpretive notion of Christ as the goal of Scripture

Oecolampadius s Christoscopic reading of Scripture served as an essential step in the shift toward Reformed interpretative approaches such as that of John Calvin

school or homeschoolers classroom *Text and Canon of the Hebrew Bible* Shemaryahu Talmon, 2010-06-30 The essays by Shemaryahu Talmon 1920 December 15 2010 presented in this fourth volume of his collected studies in English were written against the background of the momentous manuscript finds at various sites in the Judean Desert including approximately 200 biblical or Bible related manuscripts and manuscript fragments discovered at Qumran These discoveries date from the crucial period of the turn of the era and afford scholars unprecedented information on the early transmission history of the biblical text Talmon likens the transmission process in agreement with Paul Kahle and contrary to Paul de Lagarde to a confluence of variant pristine traditions that Judaism Christianity and the Samaritan communities severally channeled into one fixed and closely circumscribed text form It is his thesis that at least some of the biblical manuscripts and fragments from Qumran preserve original variants of the wording in the Masoretic Text which eventually was recognized and transmitted in Judaism as the acclaimed and exclusively binding wording of the Hebrew Bible These manuscripts and fragments evidence a textual strategy consisting of the interaction of the original authors and the transmitters of their work Scribes and editors were minor partners of the authors They did not refrain from occasionally changing wordings within a given range of poetic license often adapting literary techniques and patterns that had been used by the primary creators of the texts that they copied The 18 essays reprinted in this volume relate to a variety of phenomena that affected the biblical literature in the stages of transition from oral tradition to hand written transmission initially in Paleo Hebrew then in the square alphabet and ultimately in the promulgation of the Masoretic version in print Talmon s articles published herein initially appeared over a period of about 50 years thus giving expression to his developing thought regarding the transmission history of the biblical text up to the present time The papers have undergone revision in the process of preparing the present volume Scholars and students alike will benefit from owning and using this superb comprehensive collection of studies **The Book of Books** Thomas Fulton, 2021-02-05 Just as the Reformation was a movement of intertwined theological and political aims many individual authors of the time shifted back and forth between biblical interpretation and political writing Two foundational figures in the history of the Renaissance Bible Desiderius Erasmus and William Tyndale are cases in point one writing in Latin the other in the vernacular Erasmus undertook the project of retranslating and annotating the New Testament at the same time that he developed rhetorical approaches for addressing princes in his *Education of a Christian Prince* 1516 Tyndale was occupied with biblically inflected works such as his *Obedience of a Christian Man* 1528 while translating and annotating the first printed English Bibles In *The Book of Books* Thomas Fulton charts the process of recovery interpretation and reuse of scripture in early modern England exploring the uses of the Bible as a supremely authoritative text that was continually transformed for political purposes In a series of case studies linked to biblical translation polemical tracts and works of imaginative literature produced during the reigns of successive English rulers he investigates the commerce between biblical interpretation readership and literary culture

Whereas scholars have often drawn exclusively on modern editions of the King James Version Fulton turns our attention toward the specific Bibles that writers used and the specific manner in which they used them In doing so he argues that Spenser Shakespeare Milton and others were in conversation not just with the biblical text itself but with the rich interpretive and paratextual structures that accompanied it revolving around sites of social controversy as well as the larger often dynastically oriented conditions under which particular Bibles were created

Close Encounters between Bible and Film Laura Copier, Caroline Vander Stichele, 2016-11-04 Explore new routes into the burgeoning field of biblical literature and film theory The present collection of essays is a sequel to the groundbreaking Semeia 74 issue published in 1996 entitled Biblical Glamour and Hollywood Glitz These new essays showcase the divergent approaches from film studies and cultural studies that can be used in the visual analysis of biblical and religious themes narratives and characters in cinema It is the first volume that specifically addresses issues of methodology theory and analysis in the study between bible and film As such this collection is of interest to scholars in film studies and theology religion biblical studies who are invested in doing interdisciplinary research in the expanding field of religion and film Features Specific focus on methods of film analysis rather than the more common focus on thematic analysis in the study of religion Bible and film Visual analysis in the encounter between Bible and film Fourteen essays and an introduction by top scholars in the field

Disciplining Hermeneutics Roger Lundin, 1997 The question of interpretation is as old as language itself In today's postmodern context however the task of hermeneutics has become frustratingly complex This timely collection of essays by ten leading scholars explores the diversity of contemporary Christian hermeneutical theory and practice The format of the book consists of a major essay and a response in each of four disciplines philosophy English sociology and theology leading to differences in definition and practice but with the common framework of a Christian perspective In their insightful handling of the most challenging contemporary issues and literature on interpretive theory the authors seek to negotiate the narrow straits between absolute certainty and interpretive license And as they chart the turbulent waters of the postmodern world they serve as savvy guides to assist us in our difficult passage to the truth
