Betwiste Zelfstandigheid Individualisering Sekse En Verzorgingsstaat:

Betwiste zelfstandigheid Mariëtte Bussemaker,1993 **Betwiste zelfstandigheid** Jet Bussemaker,1993 Gender, Social Care and Welfare State Restructuring in Europe Jane Lewis,2018-12-20 Published in 1998 Social provision in all European countries has faced increasing scrutiny during the 1990s Focusing on gendered aspects of welfare state restructuring each contributor examines the way in which the welfare state of his or her country has been restructured over the past decade concentrating on services for elderly people and for children Each chapter outlines the shifts in the mixed economy of welfare and describes the degree to which there has been greater decentralization moves towards a different style of public management or the introduction of market principles The changes in the provision of services for elderly people and children is described for the same period Finally women s position as paid providers of services as unpaid carers and as recipients of services is analyzed This book investigates the idea that the move towards marketization in many countries is having a disproportionately detrimental effect on women whose leverage on the market tends to be weak **Sex Equality Policy in Western Europe** Frances Gardiner,2005-07-25 This book presents a wide ranging comparative analysis of the development of sex equality policies within Europe The contributors comprising both European and US based scholars address a very current political issue This is an area of policy that has reached the decision making stage in much of Europe and it is thus possible to assess the outcome of policy making and to account for cross national variations of sex equality policy measures The contributors discuss the similarities and differences in levels of awareness commitment to equality of opportunity and readiness to turn rhetoric into reality in a number of west European countries including Spain the Netherlands Britain Norway and Ireland *Citizenship and the Ethics of Care* Selma Sevenhuijsen,2003-09-02 Care and women s emancipation have often been seen as opposed Politicians have begun to look again at the issue of care in the context of new reforms in the welfare state health care policies and family law Using concrete examples taken from parental rights cases health care education and the public health sector Using concrete examples taken from the practice and discourse of care those found in parental rights issues health care education the family and in the public health sector Sevenhuijsen argues for revaluation of care from a feminist perspective *The Struggle for Female Suffrage in Europe* Blanca Rodriguez Ruiz,Ruth Rubio-Marín,2012-06-07 By comparing women s access to suffrage in the countries that make up the European Union i The Struggle for Female Suffrage in Europe provides a retelling of the story of how citizenship was gradually coined in Europe from the perspective of women Gender and Welfare State Regimes Diane Sainsbury,1999-10-28 Gender and Welfare State Regimes focuses on the interrelationships between aspects of the welfare state and labour market policies in structuring and transforming gender relations across a broad spectrum of countries The book examines the construction of gender in various government welfare policies and illustrates how the specific qualities of the welfare state reinforce or counteract gender inequalities The book argues that policy variation across the countries

surveyed can be attributed to a variety of factors including differing strategies and demands of the women's movements the organisational strength of labour movements and industrial relations frameworks the constellation of parties supporting equality measure traditional values and state structures Series Gender and Politics edited by Professor Karen Beckwith at the Department of Political Science College of Wooster and Professor Joni Lovenduski Department of Politics University of Southampton *Perspectives on Feminist Political Thought in European History* Tjitske Akkerman, Siep

Stuurman, 2013-06-17 Spanning six centuries of political thought in European history this book puts the ideas of thinkers from Christine de Pizan to Simone de Beauvoir in the broader contexts of their time This intriguing collection of essays shows that feminism is not a variant of modern radical discourse but a mode of analysing the issues of authority power and virtue that have been at the heart of European political thought from the middle ages The Struggle for Female Suffrage in

Europe, 2012-06-07 Whilst scholarship on women's suffrage usually focuses on a few emblematic countries The Struggle for Female Suffrage in Europe casts a comparative look at the articulation of women's suffrage rights in the countries that now make up the political unity in the making we call the European Union The book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe It allows readers to identify differences and commonalities in the histories of women's disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries It provides the background against which a new European paradigm of parity democracy is gradually asserting itself **Analysing Social Policy**

Concepts and Language Daniel Béland, Klaus Petersen, 2014 Social policy scholars and practitioners have long employed concepts such as welfare state and social security but where do these concepts come from and how has their meaning changed over time What characterizes social policy language in different places and how do some social concepts travel between them Addressing such questions in a systematic manner the contributors to this collection analyze the concepts and language used to describe contemporary social policy Combining detailed chapters on particular countries with broader comparative chapters the book offers a variety of perspectives on just what we mean when we use these terms
