Freeman, Rosemary Horowitz, Laurie Katz, 2022-11-28 This accessible guide to Jewish

children's literature explores many of the enduring questions of the Jewish tradition: What is Jewish history? What are love, wisdom, humor, ritual, evil, and justice? Jewish children's literature matters for all children, and with this practical guide, parents and teachers will be empowered to choose and discuss books and stories with Jewish or non-Jewish children. Jewish children's literature is often absent in school classrooms, and when it is available, it presents a picture of Jews as victims. *Enduring Questions* provides teachers with guidance in the use of Jewish children's literature in the preschool and elementary school classroom. *Enduring Questions* includes extensive bibliographies of Jewish children's literature, digital resources for teachers, and suggestions for further reading. With summaries of suggested books and texts, honest recommendations from teachers who have used these texts in the classroom, and practical curricular connections, this comprehensive book is suited for those looking for an introduction to teaching Jewish children's literature and those familiar with it. The book provides a framework about the use of Jewish children's literature as an opportunity for all children, both Jewish and non-Jewish, to be philosophers and engage in dialog and debate. The enduring questions thoughtfully explored through Jewish literature are important for all students growing up in a diverse multicultural world.

Heroines of Vichy France Paul R. Bartrop, Samantha J. Lakin, 2019-05-10 This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies. Few studies of Vichy France and the Holocaust have looked at the rescue of Jews by those prepared to risk everything to escort them to safety in the border regions, and even fewer have considered Jewish rescue of Jews, specifically of Jewish children, by women. This work will be arguably the first book in which the experiences and efforts of a number of female rescuers, all of whom knew or knew of each other, have been brought together in a single volume with the object of honoring their memory and showing how the value of human life was sustained through the Holocaust. Focusing on a number of young Jewish women who defied the Nazis, this narrative highlights their courage and sacrifice in their efforts to rescue Jews in France during World War II. Additionally, it shows how these French women responded to Nazi and Vichy France policies of deportation through resistance activities. This is a story that will captivate anyone with an interest in the innate goodness of human beings that can shine even when confronted with the darkest expressions of depravity that occurred during the Holocaust.

Representing Childhood and Atrocity Victoria Nesfield, Philip Smith, 2022-12-01 Atrocity presents a problem to the writer of children's literature: To represent events of such terrible magnitude and impersonal will as the Holocaust, the transatlantic slave trade, or the Rwandan genocide such that they fit into a three-act structure with a comprehensible moral and a happy ending is to do a disservice to the victims. Yet to confront children with the fact of widescale violence without resolution is to confront them with realities that may be emotionally disturbing and even damaging. Despite these challenges, however, there exists a considerable body of work for and about children that addresses atrocity. To examine the ways in which writers and artists have attempted to address

children's experience of atrocity this collection brings together original essays by an international group of scholars working in the fields of child studies children's literature comics studies education English literature and Holocaust genocide and memory studies It covers a broad geographical range and includes works by established authors and emerging voices
