Beyond News Mitchell Stephens, 2014-02-04 For a century and a half journalists made a good business out of selling the latest news or selling ads next to that news Now that news pours out of the Internet and our mobile devices fast abundant and mostly free that era is ending Our best journalists Mitchell Stephens argues instead must offer original challenging perspectives not just slightly more thorough accounts of widely reported events His book proposes a new standard wisdom journalism an amalgam of the more rarified forms of reporting exclusive enterprising investigative and informed insightful interpretive explanatory even opinionated takes on current events This book features an original sometimes critical examination of contemporary journalism both on and offline And it finds inspiration for a more ambitious and effective understanding of journalism in examples from twenty first century articles and blogs as well as in a selection of outstanding twentieth century journalism and Benjamin Franklin s eighteenth century writings Most attempts to deal with journalism s current crisis emphasize technology This book emphasizes mindsets and the need to rethink what journalism has been and might become

Journalism Under Fire Stephen Gillers, 2018-08-07 A healthy democracy requires vigorous uncompromising investigative journalism But today the free press faces a daunting set of challenges in the face of harsh criticism from powerful politicians and the threat of lawsuits from wealthy individuals media institutions are confronted by an uncertain financial future and stymied by a judicial philosophy that takes a narrow view of the protections that the Constitution affords reporters In Journalism Under Fire Stephen Gillers proposes a bold set of legal and policy changes that can overcome these obstacles to protect and support the work of journalists Gillers argues that law and public policy must strengthen the freedom of the press including protection for news gathering and confidential sources He analyzes the First Amendment s Press Clause drawing on older Supreme Court cases and recent dissenting opinions to argue for greater press freedom than the Supreme Court is today willing to recognize Beyond the First Amendment Journalism Under Fire advocates policies that facilitate and support the free press as a public good Gillers proposes legislation to create a publicly funded National Endowment for Investigative Reporting modeled on the national endowments for the arts and for the humanities improvements to the Freedom of Information Act and a national anti SLAPP law a statute to protect media organizations from frivolous lawsuits to help journalists and the press defend themselves in court Gillers weaves together questions of journalistic practice law and policy into a program that can ensure a future for investigative reporting and its role in our democracy

The Future of Journalism Bob Franklin, 2013-09-13 The future of journalism is hotly contested and highly uncertain reflecting developments in media technologies shifting business strategies for online news changing media organisational and regulatory structures the fragmentation of audiences and a growing public concern about some aspects of tabloid journalism practices and reporting as well as broader political sociological and cultural changes These developments have combined to impoverish the flow of existing revenues available to fund journalism impact radically on traditional

journalism professional practices while simultaneously generating an increasingly frenzied search for sustainable and equivalent funding and from a wide range of sources to nurture and deliver quality journalism in the future This book brings together journalists and distinguished academic specialists from around the globe to present the findings from their research and to discuss the future of journalism the shifting quality of its products its wide ranging sources of finance as well as the economic and democratic consequences of the significant changes confronting Journalism The Future of Journalism details the challenges facing the press in contemporary societies and provides essential reading for everyone interested in the role of journalism in shaping and sustaining literate civil and democratic societies This book consists of special issues from Journalism Studies and Journalism Practice

The New Censorship Joel Simon, 2014-11-11 An examination of how the media is under fire and how to safeguard journalists and the information they seek to share with the public Journalists are being imprisoned and killed in record numbers Online surveillance is annihilating privacy and the Internet can be brought under government control at any time Joel Simon the executive director of the Committee to Protect Journalists warns that we can no longer assume that our global information ecosystem is stable protected and robust Journalists are increasingly vulnerable to attack by authoritarian governments militants criminals and terrorists who all seek to use technology political pressure and violence to set the global information agenda Reporting from Pakistan Russia Turkey Egypt and Mexico among other hotspots Simon finds journalists under threat from all sides The result is a growing crisis in information a shortage of the news we need to make sense of our globalized world and fight human rights abuses manage conflict and promote accountability Drawing on his experience defending journalists on the front lines he calls on global citizens U S policy makers international law advocates and human rights groups to create a global freedom of expression agenda tied to trade climate and other major negotiations He proposes ten key priorities including combating the murder of journalists ending censorship and developing a global free expression charter to challenge the criminal and corrupt forces that seek to manipulate the world's news Wise and insightful Simon offers hope to all who care about maintaining the free flow of information in a world full of would be censors Ann Cooper Columbia Journalism School

A Future for the News Jim A. Kuypers, 2023-11-15 A Future for the News What's Wrong with Mainstream News Media in America and How to Fix It investigates and offers solutions to significant problems with the productive functioning of the mainstream news media Criticism of the mainstream news media is almost a national pastime in America and widespread polling shows credibility ratings of journalists among the lowest of any institution in America almost as low as that of Congress The institution of news media faces a plummeting morale of journalists loss of readership loss of viewers to competing non traditional venues for news and so on Moving from these problems to realistic solutions this book serves as an instruction manual of sorts with each chapter offering a pathway of improvement This collection brings together academics and news industry professionals with individual chapters taking a specific area of concern and making a case for particular solutions to the problems presented Solutions range from ones

designed for individual reporters to consider to those that target newsrooms the institution of journalism and news consuming audiences Together they aim to help a beleaguered institution restore itself as a fully functioning asset of the American Republic Contributors Abe Aamidor Brent Baker Alex Christy Jennifer Cox Michelle Ferrier John Gable Katherine Haenschen Michael Horning Michael Max Knorpp Jim A Kuypers Serena Miller Cayce Myers Stephen D Perry Soo Young Shin Benjamin Voth Adriel Warren

The Best Business Writing 2014 Dean Starkman,Martha M. Hamilton,Ryan Chittum,2014-12-16 This anthology of the year s best investigative business writing explores the secret dealings of an elite Wall Street society and uncovers the crimes and misadventures of the young founder of Silk Road the wildly successful online illegal goods site known as the eBay of vice It reveals how the Fed dithered while the financial crisis unfolded and explains why the leaders of a two trillion dollar bond fund went to war with each other Articles from the best newspapers and magazines in the country delve into how junk food companies use science to get you to eat more and how Amazon dodges the tax man how J Crew revitalized itself by transforming its creative process and Russell Brand went deep on media and marketing after his GQ Awards speech went haywire Best Business Writing 2014 includes provocative essays on the NFL s cover ups and corporate welfare Silicon Valley s ultralibertarian culture and the feminist critique of Sheryl Sandberg s career advice book for women Lean In Stories about toast T shirt making and the slow death of the funeral business show the best writers can find worthy tales in even the most mundane subjects

The Watchdog Still Barks Beth Knobel,2018-03-27 Perhaps no other function of a free press is as important as the watchdog role its ability to monitor the work of the government It is easier for politicians to get away with abusing power wasting public funds and making poor decisions if the press is not shining its light with what is termed accountability reporting This need has become especially clear in recent months as the American press has come under virulent direct attack for carrying out its watchdog duties Upending the traditional media narrative that watchdog accountability journalism is in a long dismaying decline The Watchdog Still Barks presents a study of how this most important form of journalism came of age in the digital era at American newspapers Although the American newspaper industry contracted significantly during the 1990s and 2000s Fordham professor and former CBS News producer Beth Knobel illustrates through empirical data how the amount of deep watchdog reporting on the newspapers studied front pages generally increased over time despite shrinking circulations low advertising revenue and pressure to produce the kind of soft news that plays well on social media Based on the first content analysis to focus specifically on accountability journalism nationally The Watchdog Still Barks examines the front pages of nine newspapers located across the United States to paint a broad portrait of how public service journalism has changed since 1991 as the advent of the Internet transformed journalism This portrait of the modern newspaper industry shows how papers of varying sizes and ownership structures around the country marshaled resources for accountability reporting despite significant financial and technological challenges The Watchdog Still Barks includes original interviews with editors who explain why

they are staking their papers futures on the one thing that American newspapers still do better than any other segment of the media watchdog and investigative reporting

Beyond Mainstream Media Stephen Cushion, 2023-09-26 Offering one of the most comprehensive assessments of alternative media to date Beyond Mainstream Media examines the rise of alternative media over the last decade analysing their changing content and editorial strategies and exploring why many people go beyond the mainstream media for news and information Considering the differences in agenda between alternative and mainstream media coverage Cushion sheds light on why right wing alternative media have become a more prominent part of national media systems than left wing sites in the Western World In doing so he argues that alternative left wing media should place less emphasis on attacking professional journalism and focus more on converging into the world of mainstream news to promote their politics This book draws on over 3 500 articles and 17 000 social media posts produced by alternative media extensive interviews with editors and contributors and a survey of over 2 700 media users It develops a comparative international perspective by explaining how findings and concepts can be applied to understanding much broader issues such as public distrust in the mainstream media or the influence different media and political systems have on the production of alternative media Providing both an introduction to and a critical analysis of the state of alternative media today this book is written in clear jargon free language and is recommended reading for advanced students undertaking courses in Alternative Media and Political Journalism

Journalism Education for the Digital Age Brian Creech, 2021-05-30 This book examines pressing debates concerning how and why journalism education should respond to digital changes in and around the industry and questions market oriented ideology and civic responsibility in the field Surveying a broad field of discourse and research into journalism education Creech shows how public ideals market logics and industry concerns have come to animate discussions about digital journalism education and journalism s future and how academic structures and cultures are positioned as a key obstacle to attaining that future The book examines labor conditions critiques of journalism education as an institution and curricular change with reference to how conversations around race fake news and digital infrastructures impact the field Creech argues for a critical pedagogy of journalism education one that pushes beyond jobs training and instead is centred around a commitment to public and civic value via a liberal arts tradition made practicable for the digital age This insightful book is vital reading for journalism educators and scholars as well as journalists and news executives education scholars and program officers and decision makers at journalism adjacent foundations and think tanks
