ANDREW ZIRSCHKY

Beyond Screen Ministry Connected Generation

Amy E. Jacober

Beyond Screen Ministry Connected Generation:

Beyond the Screen Andrew Zirschky, 2015-12-15 It is no secret that teenagers are perpetually connected via social media and mobile devices but while we've analyzed as a culture how youth are connecting we've done less well at understanding why teenagers are drawn to the glow of the screen *Beyond the Screen* explores the reality that teenagers use these technologies in desperate bid for an intimacy and depth of relationship largely absent from face to face society and the church Employing the latest ethnographic research on youth and digital media in tandem with theological reflection and interviews with teens themselves author Andrew Zirschky provides a deeper glimpse into the world of teens and social media and gives new direction and directives for ministering to Millennials Youth Beyond the Developmental Lens Wesley W. Ellis, 2024 Wesley Ellis exposes the harmful impact of developmental psychology in youth ministry proposing a theological anthropology that frees us for deeper relationship with young people Propelled by the conviction that we must see youth as beings rather than becomings Ellis reorients us toward relational inclusion and away from rigid developmentalism

Navigating Student Ministry Tim McKnight, 2022-03-01 *Navigating Student Ministry* is a multi contributor introductory textbook designed to help those who are discerning a call to student ministry new to serving in this area of the church or training others as they minister to students *Redefining Perfect* Amy E. Jacober, 2017-12-05 Theology and disability have not always had an easy relationship The interactions have ranged from downright hostile to indifferent or unintentionally excluding over the centuries This theology book chooses instead to include those with disabilities after more than a decade of consideration and study This results in a re examination of major theological topics and the impact on the lives of those with disabilities their family and friends and the community at large The focus of the book is to move the church beyond welcome to inclusion where those with disabilities move from a guest of the community to equal and valued member of the community While the book is about the theological inclusion of those with disabilities its implications reach far beyond It sets an approach for all people to find a place where they too may live in the fullness of Christian community Stories of personal encounters are blended with explanations of doctrinal perspectives giving the reader a chance to connect knowledge with wisdom born from real life experience InterGenerate Holly Catterton Allen, 2018-07-10 Leaders in Christian communities are all asking the same question How can we bring the generations back together *InterGenerate* addresses important questions of why we should bring the generations back together but even more significantly how we can bring generations back together In this edited collection ministers church leaders and Christian educators will find valuable new generational theory perspectives fresh biblical and theological insights and practical outcomes backed by current research *InterGenerate* offers important guidance on topics including intergenerational spiritual disciplines transitioning from multigenerational to intergenerational new research that focuses directly on intergenerational ministry and offers practical outcomes to implement and benefits of intergenerational ministry for the most marginalized generations An exciting and distinctive

aspect of InterGenerate is the vast diversity of voice men and women ranging in age from millennials to baby boomers representing multiple countries and over a dozen denominations all seeking ways to become more intentionally intergenerational in their outlook and practice

Delighted Kenda Creasy Dean, Wesley W. Ellis, Justin Forbes, Abigail Visco Rusert, 2020-04-28 What would youth ministry look like if it were based on a pursuit of authentic Christian joy Joy is not often a word young people associate with church but it should be By reimagining three common practices in youth ministry through the theological lens of joy veteran youth workers Kenda Creasy Dean Wesley Ellis Justin Forbes and Abigail Visco Rusert demonstrate how to shift this association and become more honest about what youth ministry can and can't do to support young people and their faith Grounding youth ministry in joy rather than in fear also models a way forward for the church It reminds us that youth ministry is not a tool for anxious congregations to use to ensure their survival Rather youth ministry like all ministry is a way to help people name and experience God's delight free from fear and anxiety about their futures Delighted is the first book to emerge from the Yale Center for Faith and Culture's Adolescent Faith and Flourishing project offering a sustained reflection on joy's practical importance for youth ministry With reflection questions offered at the end of each chapter Delighted is easy for youth ministers volunteers and pastors to pick up and use immediately tapping into young people's instinctive desire for joy for the entire church as well as for ministry with teenagers

Neurodiversity, Faith Formation, and Theological Education Michael Paul Cartledge, Erin Raffety, 2025-04-25 This book demonstrates the constructive insights the neurodiversity paradigm presents for a more thorough understanding of creation human flourishing Christian virtues ecclesiology belonging youth ministry prayer worship and justice The neurodiversity movement is a social justice movement that celebrates the unique insights and strengths of Autistic people people with ADHD learning differences and other experiences like Tourette's and tics Rather than viewing such experiences as deficits the movement emphasizes the natural variation in the ways people think learn and live in the world Yet people with these diagnoses who often identify as neurodivergent have experienced prejudice and stigma in educational and church spaces due to their neurological or behavioral differences Participation in church and learning environments is often a burden for neurodivergent people What can theological educators and ministry leaders learn from the neurodiversity paradigm and movement How might places of learning and worship be transformed by listening to the voices of neurodivergent people Drawing on empirical research and lived experience the contributors to this book pursue answers to these questions and present a vision of faith formation and theological education that centers the voices of neurodivergent people and cultivates environments where people of all neurotypes can flourish This book was originally published as a special issue of the Journal of Disability Religion

Youth Ministry Malan Nel, 2018-12-01 This book aims at contributing to the scientific and academic discourse as regards to the what and why of youth ministry Too often youth ministry has been approached from a mainly practical point of view almost asking how we keep young people off the streets Its methodology has often not included the theological and theoretical presuppositions that lie behind this ministry Previous scientific reflection has been determined by a one dimensional and almost exclusive point of view In comparison with existing literature this book does not focus so much on the how of youth ministry It innovates a different approach The book challenges the existing exclusive approach and develops an inclusive congregational and missional understanding of and approach to youth ministry From a particular perspective on the understanding the main objectives of Practical Theology the author endorses the so called movement of what is supposed to be going on He adds the outcome of an empirical round table discussion with some 16 leaders in this field on the descriptive and interpretive movements within the subject field what is going on and why is it going on The book will form the standard for any new research with regard to youth ministry The book's contribution lies on the level of sound theological reasoning and argumentation supported by many scholars for an inclusive congregational understanding of ministry as an integral part of every congregation being missional in being and doing Youth children adolescents and emerging adults are just as integral a part of every congregation within which they live and serve
