Beyond The Blue Glass Volume I Catholic Essays On Faith And Culture:

Beyond the Blue Glass Aidan Nichols, 2002 *Benedict XVI: A Guide for the Perplexed* Tracey Rowland, 2010-05-13
This is an upper level introduction to the thought and theology of Pope Benedict XVI. The book explains the foundations of Ratzinger's thought by analysing the theological axes upon which his works turn and helps readers to place his thought in the context of his intellectual antecedents and contemporary interlocutors. *The Theology of Pope Benedict XVI* Emery de Gaál, 2010-11-22 Many refer to Pope Benedict XVI as the Mozart of Theology. Who are the thinkers who have informed his theology? What events and which religious devotions have shaped his personality? This study attempts to shed light on the unifying melody of the policies and positions of a pontificate charged with spiritual and theological depth. *Ratzinger on Religious Pluralism* Fr. Sameer Advani, LC, 2024-10-01 What can Christian theology claim about the place of other religions in God's providential plan for humanity? How can it reconcile the universality of God's saving plan and the particularity of Christ and the Church? What meaning is left to Christian existence and mission in a religiously pluralist world? As priest, theologian, cardinal, archbishop and pope, Joseph Ratzinger reflected on these difficult questions for more than half a century and in a variety of contexts proffering an array of profound answers that are dispersed across his substantial literary corpus. In *Ratzinger on Religious Pluralism*, Sameer Advani assembles and synthesizes these reflections and answers of the late pontiff, providing a systematic study of Ratzinger's theology of religions that attends to the scope of his larger historical, philosophical and theological concerns. The first part analyzes Ratzinger's critical engagement with various paradigms of religious pluralism, whose accounts of religion, Christianity and non-Christian religions he found both phenomenologically and theologically wanting. The second part in turn explores Ratzinger's positive proposal for a theology of religions which locates both Christianity and non-Christian religions against the larger backgrounds of anthropological unity, the human search for truth and divine providence. Advani argues that while Ratzinger rejected the idea that other religions are salvific or on par with Christianity, he recognized both their important role in God's providential plan and their suitedness to an assumption into the Church through mutual, albeit asymmetric, purification and enrichment. **Key Theological Thinkers** Svein Rise, 2016-04-22 The 20th and 21st centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition. This unique anthology presents contributions from leading contemporary theologians including Rowan Williams, Fergus Kerr, Aidan Nichols, G. R. Evans and Tracey Rowland, who offer portraits of over fifty key theological thinkers in the modern and postmodern era. Distinguished by its broad ecumenical perspective, this anthology spans arguably one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions: Protestant, Catholic and Orthodox. Each individual portrait in this anthology includes a biographical introduction, an overview of theological or philosophical writing, presentation of key thoughts and contextual placing of the thinker within 20th-century religious discourse. Overview articles explore postmodern theology, radical orthodoxy, ecumenical theology, feminist theology,

and liberation theology A final section includes portraits of important thinkers who have influenced Christian thought from other fields not least from Continental philosophy and literature

Being Salvation Brandon R. Peterson, 2017-06-15 Karl Rahner's theory of how Jesus saves has garnered criticism Rahner's portrayal of Jesus has been described by Hans Urs von Balthasar as merely notifying the world of God's salvific will Others have doubted whether Rahner thinks Jesus causes salvation at all Even Rahner's advocates style his Jesus as a kind of sign albeit an effective one the primal Sacrament But another major and yet underappreciated dimension to Rahner's christology is his identification of Jesus as Representative both our representative before God and God's before us As such a Representative Jesus is not a redemptive agent who accomplishes human salvation simply through an act and even less is he a mere exemplar or notification This Jesus does not only do our salvation rather he is the locus of salvation itself He not only opens heaven's gates but he creates heaven with his own resurrection Being Salvation uncovers this dimension within Rahner's theology relating it to other historical examples of representative soteriology e.g. Irenaeus's theory of recapitulation and to Rahner's more familiar sacramental soteriological categories It gives special attention to Rahner's intense attention to the church fathers early in his career including Rahner's untranslated theology dissertation *Elater Christi From the Side of Christ*

Balthasar for Thomists Aidan Nichols, 2020-07-01 Students of Catholic theology are often presented with a choice between two great masters Thomas Aquinas and Hans Urs von Balthasar What starts as a cordial difference in form and method often morphs into a bitter rivalry Dominican theologian Father Aidan Nichols sees no need for competition Balthasar for Thomists gives a panoramic view of Balthasar's thought and spirituality unearthing many of his innumerable debts to Aquinas and providing context for their points of divergence The enormous cultural project of Balthasar writes Father Nichols differs too much from St Thomas pedagogical one to count as a rival to Thomism on the latter's own ground and of course vice versa While constituting an original form of faithful Catholic thought Balthasar's approach may be regarded as a synthesis of the influences of Thomas and his Franciscan contemporary St Bonaventure In its breadth Balthasar for Thomists serves as a general introduction to Balthasar for those unacquainted with his profound and wide ranging theology

Mystery of God, Mystery of Christ Ysabel de Andia, 2024-01-01 Now available in English for the first time Ysabel de Andia's double exploration of Christian and Hindu mysticism provides a valuable addition to the field Composed from lectures given in Benares in 2015 to priests of the Missions étrangères de Paris Mystery of God Mystery of Christ combines the two main research interests that have defined de Andia's career first an understanding of Christian mysticism as growing out of the Christian mystery of Christ and the sacrament and secondly the relationship between this and Hindu contemplative prayer as articulated by Jules Monchanin Beginning with the Cappadocian fathers de Andia traces the developing interpretation of Mystery through Christian thinkers from Origen and Gregory of Nyssa to Basil and Dionysios the Areopagite From here she begins to dovetail this study with an exploration of Hindu contemplation relating the Carmelite mystic St John of the Cross to the Advaitist tradition especially as expounded by Shankara Throughout her masterful understanding of both traditions is apparent For English readers her insight will provide a fresh perspective on this lively subject area
