Teaching Health Humanities Olivia Banner, Nathan Carlin, Thomas R. Cole, 2019-01-28 Teaching Health Humanities illuminates the theory and practice of health and medical humanities pedagogy as it exists today in a variety of institutional settings It explores how this pedagogy incorporates emerging media forms and aims to represent a variety of perspectives

The Oxford Handbook of Reinhold Niebuhr Robin Lovin, Joshua Mauldin, 2021-03-03 Reinhold Niebuhr was a theologian writer and public intellectual who influenced religious leaders and social activists in the United States over four crucial decades in the middle of the twentieth century The Oxford Handbook of Reinhold Niebuhr traces the development of his work through those years and provides an introduction to the dialogue partners and intellectual adversaries whom he influenced and who shaped his own thinking It deals with major topics in theology and ethics providing systematic focus to Niebuhr s wide ranging works that were directed to many different audiences Later chapters examine Niebuhr s contributions to political thinking and policy making on issues

including international relations pacifism and the use of force racial and economic justice family life and gender equality and environmental concerns The concluding section examines Niebuhr s legacy and continuing influence *Writing*

Theologically Eric D. Barreto,2015-03-19 Of course by writing we refer to the kinds of reflections essays and exams students will have to complete in the seminary classroom But writing also encompasses the many modes of communication and self discovery that creative expression can unlock Writing Theologically introduces writing not just as an academic exercise but as a way for students to communicate the good news in rapidly changing contexts as well as to discover and craft their own sense of vocation and identity Most important will be guiding students to how they might begin to claim and hone a distinctive theological voice that is particularly attuned to the contexts of writer and audience alike In a collection of brief readable essays this volume edited by Eric D Barreto emphasizes the vital skills practices and values involved in writing theologically That is how might students prepare themselves to communicate effectively and creatively clearly and beautifully the insights they gather during their time in seminary Each contribution includes practical advice about best practices in writing theologically however the book also stresses why writing is vital in the self understanding of the minister as well as her or his public communication of the good news White Property, Black Trespass Andrew Krinks,2024-08-20 White

Property Black Trespass traces the eurochristian settler colonial racial capitalist history and present of police power re narrating the mass criminalization of Black and economically dispossessed peoples as a religious project that saves the pseudo sacred order of whiteness and property by exiling those who trespass against it to carceral hell Religion, Race, and COVID-19 Stacey M. Floyd-Thomas,2022-02-15 Examines how the dynamics emerging from the pandemic affect our most vulnerable populations and shape a new religious landscape The COVID 19 pandemic upset virtually every facet of society and in many cases exposed gross inequality and dysfunction The particular dynamics emerging from the coronavirus pandemic have been felt most intensely by America s most vulnerable populations who are disproportionately people of color and the working poor the people whom the Bible refers to as the least of these This book makes the case that the pandemic was not just a medical phenomenon or an economic or social one but also a religious one Religious practice has been altered in profound ways Controversies around religious freedom have been re ignited over debates concerning whether government can restrict church services Christian white supremacists not only defied shelter in place orders but found new ways to propagate racist attacks with their White Christian identity fueling their reactions to the pandemic Some religious leaders including those in communities of color saw the virus as an indicator of God s wrath or as a divine test and viewed altering their traditional practices to mitigate the virus s spread as a weakening of faith Religion Race and COVID 19 argues that there is a religious hierarchy in US society that puts the least of these last while prioritizing those who benefit most from white privilege Yet these vulnerable populations draw on theological and religious resources to contend with these existential threats The volume shows how social transformation occurs when faith is both formed and informed during crises offering

compelling insight into the saliency and lasting impact of religiosity within human culture Christian Faith and Social Justice: Five Views Vic McCracken, 2014-06-19 The Judeo Christian tradition testifies to a God that cries out demanding that justice roll down like waters righteousness like an ever flowing stream Amos 5 24 Christians agree that being advocates for justice is critical to the Christian witness And yet one need not look widely to see that Christians disagree about what social justice entails What does justice have to do with healthcare reform illegal immigration and same sex marriage Should Christians support tax policies that effectively require wealthy individuals to fund programs that benefit the poor Does justice require that we acknowledge and address the inequalities borne out of histories of gender and ethnic exclusivity Is the Christian vision distinct from non Christian visions of social justice Christians disagree over the proper answer to these questions In short Christians agree that justice is important but disagree about what a commitment to justice means Christian Faith and Social Justice makes sense of the disagreements among Christians over the meaning of justice by bringing together five highly regarded Christian philosophers to introduce and defend rival perspectives on social justice in the Christian tradition The positions advocated and critiqued are libertarianism political liberalism liberation theology feminism and virtue ethics While it aspires to offer a lucid introduction to these theories the purpose of this book is more than informative It is purposefully dialogical and is structured so that contributors are able to model for the reader reasoned exchange among philosophers who disagree about the meaning of social justice The hope is that the reader is left with a better understanding of range of perspectives in the Christian tradition about social justice **Culturally Engaging Service-Learning With Diverse Communities** Delano-Oriaran, Omobolade O., Penick-Parks, Marguerite W., Fondrie, Suzanne, 2017-09-13 Evaluating the experiences of racially marginalized and underrepresented groups is vital to creating equality in society Such actions have the potential to provoke an interest in universities to adopt high impact pedagogical practices that attempt to eliminate institutional injustices Culturally Engaging Service Learning With Diverse Communities is a pivotal reference source for the latest scholarly research on service learning models that recognize how systemic social injustices continue to pervade society Featuring extensive coverage on a broad range of topics and perspectives such as cultural humility oral histories and social ecology this book is ideally designed for scholars practitioners and students interested in engaging in thoughtful and authentic partnerships with diverse groups
