Beyond Freedom and Dignity B. F. Skinner, 2002-03-15 In this profound and profoundly controversial work a landmark of 20th century thought originally published in 1971 B F Skinner makes his definitive statement about humankind and society Insisting that the problems of the world today can be solved only by dealing much more effectively with human behavior Skinner argues that our traditional concepts of freedom and dignity must be sharply revised They have played an important historical role in our struggle against many kinds of tyranny he acknowledges but they are now responsible for the futile defense of a presumed free and autonomous individual they are perpetuating our use of punishment and blocking the development of more effective cultural practices Basing his arguments on the massive results of the experimental analysis of behavior he pioneered Skinner rejects traditional explanations of behavior in terms of states of mind feelings and other mental attributes in favor of explanations to be sought in the interaction between genetic endowment and personal history He argues that instead of promoting freedom and dignity as personal attributes we should direct our attention to the physical and social environments in which people live It is the environment rather than humankind itself that must be changed if the traditional goals of the struggle for freedom and dignity are to be reached *Beyond Freedom and Dignity* urges us to reexamine the ideals we have taken for granted and to consider the possibility of a radically behaviorist approach to human problems one that has appeared to some incompatible with those ideals but which envisions the building of a world in which humankind can attain its greatest possible achievements *Beyond Freedom and Dignity* Burrhus Frederic Skinner, 1980

The Foundations of Philosophy Michael Pol Macneil, 2025-06-03 This work is about philosophy and what makes a philosophy distinctively Christian in character arguing that it is indeed possible for philosophy to be conceived of as first Christian and not just philosophy done by people that happen to be Christians Christian philosophy is epistemologically self conscious philosophy conducted in a manner honoring to the revelation of the Hebrew and Christian scriptures It is argued that philosophy should be transformative rather than just therapeutic or elucidatory The author examines competing
