Bringing Biology to Life Mahesh Ananth, 2018-07-25 Bringing Biology to Life is a guided tour of the philosophy of biology canvassing three broad areas the early history of biology from Aristotle to Darwin traditional debates regarding species function and units of selection and recent efforts to better understand the human condition in light of evolutionary biology Topics are addressed using no more technical jargon than necessary and without presupposing any advanced knowledge of biology or the philosophy of science on the part of the reader Discussion questions are also provided to encourage reader reflection

Transparent Design in Higher Education Teaching and Leadership Mary-Ann Winkelmes, Allison Boye, Suzanne Tapp, 2023-07-03 This book offers a comprehensive guide to the Transparency in Learning and Teaching TILT framework that has convincingly demonstrated that implementation increases retention and improved outcomes for all students Its premise is simple to make learning processes explicit and equitably accessible for all students Transparent instruction involves faculty student discussion about several important aspects of academic work before students undertake that work making explicit the purpose of the work the knowledge that will be gained and its utility in students lives beyond college explaining the tasks involved the expected criteria and providing multiple examples of real world work applications of the specific academic discipline The simple change of making objective and methods explicit that faculty recognize as consistent with their teaching goals creates substantial benefits for students and demonstrably increases such predictors of college students success as academic confidence sense of belonging in college self awareness of skill development and persistence This guide presents a brief history of TILT summarizes both past and current research on its impact on learning and describes the three part Transparency Framework of purposes tasks and criteria The three sections of the book in turn demonstrate why and how transparent instruction works suggesting strategies for instructors who wish to adopt it describing how educational developers and teaching centers have adopted the Framework and concluding with examples of how several institutions have used the Framework to connect the daily work of faculty with the learning goals that departments programs and institutions aim to demonstrate

Electronic Collaborators Curtis Jay Bonk, Kira S. King, 1998 This state of the art volume details the

tools for computer conferencing and collaboration the learning theories grounding their use and the preliminary results of this merging of theory building with tool use Resources in Education ,1998-05 **Discovering Psychology Telecourse Study Guide** David S. Moore,1991 Proceedings of the ... Annual Conference on Engineering in Medicine and Biology ,1975 **Literacy, Narrative and Culture** Jens Brockmeier,David R Olson,Min Wang,2013-12-16 An important contribution to the multi disciplinary study of literacy narrative and culture this work argues that literacy is perhaps best described as an ensemble of socially and historically embedded activities of cultural practices It suggests viewing written language producing and distributing deciphering and interpreting signs are closely related to other cultural practices such as narrative and painting The papers of the first and second parts illustrate this view in contexts that range from the pre historical beginnings of tracking signs in hunter gatherer cultures and the emergence of modern literate traditions in Europe in the 17th to 19th century to the future of electronically mediated writing in times of the post Gutenberg galaxy The chapters of the third present results of recent research in developmental and educational psychology Contributions by leading experts in the field make the point that there is no theory and history of writing that does not presuppose a theory of culture and social development At the same time it demonstrates that every theory and history of culture must unavoidably entail a theory and history of writing and written culture This book brings together perspectives on literacy from psychology linguistics history and sociology of literature philosophy anthropology and history of art It addresses these issues in plain language not coded in specialized jargon and addresses a multi disciplinary forum of scholars and students of literacy narrative and culture
