And Peter M Rkli Drawings English German:

Peter Märkli Fabio Don, Claudia Mion, 2015-10 Since his first projects in the 1980s drawings have always accompanied the architectural work of Peter Märkli They are patiently recorded images and thoughts that occasionally have an associative relationship with the designs Often however they are independent free notes based on inner images This volume compiles a large number of such drawings Eight texts by various authors from different cultural fields and an overview of all drawings produced since the beginning complement this remarkable collection Since the 1980s Peter Märkli has been one of the most important architects in Switzerland where he enjoys a very special status Text in English and German Avery Index to Architectural Periodicals, 2d Ed., Rev. and Enl Avery Library, 1995 **Architectural Publications Index**, 2003 **Avery Index to Architectural Periodicals** Avery Library, 1997 **Historical Dictionary of Switzerland** Leo

Schelbert, 2014-05-21 Switzerland's exceptional scenic beauty of valleys lakes and mountains its central location on international trade routes and its world famous banking system are just a few elements that have contributed to its rise in the global market It consists of twenty six member states called cantons and it's actively engaged in the maintenance of peace among nations The history of the Swiss Confederation is as rich and varied as its culture and people This updated second edition of Historical Dictionary of Switzerland features the nation's multicultural and democratic traditions and institutions its complex history and its people's involvement in past and present world affairs This is done through a list of abbreviations and acronyms a chronology an introduction appendixes maps a bibliography and over 500 cross referenced dictionary entries on important persons places events and institutions as well as significant political economic social and cultural aspects This book is an excellent access point for students researchers and anyone who wants to know more about Switzerland *Design & Applied Arts Index*, 1999 Between Concept and Identity Esteban Fernández-Cobián, 2014-10-02 The identity of places of worship is one of the most difficult problems faced by religious architecture at the start of this new millennium Contemporary globalising experiences demand peremptorily a reflection both conceptual and situational on the origin of objects people and institutions Nevertheless the chance of these migration flows annihilating already existing religious identities is perceived as a problem This problem is directly linked to the survival of architecture as a system carrying a material representation of the divine and constituting a self reference system for the community of believers Therefore it is important to define the extent to which the new religious architecture has given room to an abstract type of formal experimentation which is disconnected from social reality Does this architecture maintain its bridging sacramental value or on the contrary has it given way to the conceptualist trends still alive in the artistic world Is metaphor a valid concept for the Christian religion Is there an essential aspect linking this architecture to the centuries old tradition of the Catholic Church Different architectural pedagogical exhibition and formal initiatives have arisen in recent years and it is necessary to get to know them with the purpose of understanding where contemporary religious architecture is heading in its eternal search for
