Before Nehemiah:

Genealogical chronology of the world before Christ, ed. by K.A. McMurdo Albert Welles, 1889 *A History of Israel* John Bright, 2000-01-01 A definitive text and resource for every student of the Old Testament this fourth edition of John Bright's now classic work is newly introduced by William P Brown *Zadok's Heirs* Deborah W. Rooke, 2000-03-09 This unique study is the first systematic examination to be undertaken of the high priesthood in ancient Israel from the earliest local chief priests in the pre monarchic period down to the Hasmonaean priest kings in the first century BCE Dr Rooke argues that contrary to received scholarly opinion the high priesthood was fundamentally a religious office which in and of itself bestowed no civil responsibilities upon its holders and that not until the time of the Maccabean revolt does the high priest appear as the sole figure of leadership for the nation However even the Maccabean Hasmonaean high priesthood was effectively a reversion to the monarchic model of sacral kingship which had existed several centuries earlier in the pre exilic period rather than being an extension of the powers of the high priesthood itself The idea that high priesthood per se bestowed the power to rule should therefore be reconsidered *Anger Management For Christians* David Wilson, 2011-02 The purpose of this book is to give a believer a solid basis for dealing with his or her own anger in light of God's Word Anger is a choice and God wants us to choose to handle it properly The Goal is to encourage rather than chastise the angry person
