And Down Royals Provocations Joan Smith:

Down With the Royals Joan Smith, 2015-03-24 When Prince George was just eight weeks old the Evening Standard declared him to be the most influential person in London He couldn't even walk let alone talk Yet one day he could become head of state whether we like it or not Joan Smith argues that it has become nearly impossible to question the existence of the monarchy Articulate republicans are drowned out while the supercharged PR and media machines ask only who designed Kate's dresses Smith topples the arguments for having a monarchy one by one The royals don't provide a boost for tourism and their deliberately opaque accounting conceals the truth about the huge burden they place on the public purse And she exposes darker truths These symbols of so called impartiality have hidden power and influence Not only does Charles regularly lobby government ministers but far from the sycophantic reporting of Kate's baby bump the royals have dined with despots with blood on their hands Are these people really fit to be the public face of a modern country Ultimately Smith declares that the monarchy undemocratic unaccountable and shockingly expensive has no place in modern Britain What Have the Immigrants Ever Done For Us? Kelvin MacKenzie, 2015-03-24 Right now immigration is a central point of discussion in both political debate and cultural discourse With the growth of right wing parties in Britain it seems that animosity towards outsiders is increasing every day after all immigrants come to our country steal our jobs and exploit our public services but what do they give us in return In this bold new addition to the Provocations series Kelvin MacKenzie speaks out about immigration in the thought provoking no hold barred manner the public has come to expect from him but with one crucial twist Kelvin supports immigration Indeed he makes the point that many of the institutions we deem to be quintessentially British Marks Spencer Stephen Fry the NHS the Great Western Railway and even Kelvin's former newspaper The Sun would not exist at all without immigration As paranoia and misinformation corrupt British opinion it is more important than ever to acknowledge the monumental contribution immigrants have made to this country historically culturally economically politically and continuously Like Monty Python before us the time has come to ask what the immigrants have ever done for us although perhaps it would be more apt to ask what we would do without them **Giving is Good For You** John Nickson, 2013-05-23 Inequality in Britain is on the rise Does this matter Should we be bothered that the rich give proportionately much less than the poor And that only a small minority of the very wealthy are giving generously Ninety per cent of NHS trusts are restricting routine operations Youth unemployment is at record levels Meanwhile those on the Sunday Times Rich List have increased their wealth by 280 per cent since the turn of the millennium amidst press reports of massive tax avoidance For the first time in living memory children cannot expect to be as well off as their parents Wealth and privilege are under scrutiny Giving is Good for You demonstrates that growing inequality and poverty are a threat to everyone even the wealthy and that the most unequal societies are the most dysfunctional unhealthy and violent A generous minority are urging their peers to follow suit arguing that in addition to enhancing public benefit as

public spending falls giving can be personally fulfilling particularly for those who realise that money is not the key to human happiness The author asks philanthropists charities and those they support what should be done to encourage us to give more of our money and more of our time to good causes The solutions they propose will challenge us all but particularly the wealthy elite and the government **'I Find That Offensive!'** Claire Fox,2016-05-05 When you hear that now ubiquitous phrase I find that offensive you know you re being told to shut up While the terrible murder of the Charlie Hebdo cartoonists demonstrated that those who offend can face the most brutal form of censorship it also served only to intensify the pre existing climate that dictates we all have to walk on eggshells to avoid saying anything offensive or else Indeed competitive offence claiming is ratcheting up well beyond religious sensibilities So while Islamists and feminists may seem to have little in common they are both united in demanding retribution in the form of bans penalties and censorship of those who hurt their feelings But how did we become so thin skinned In **I Find That Offensive** Claire Fox addresses the possible causes of what is fast becoming known as Generation Snowflake head on no safe spaces here in a call to toughen up become more robust and make a virtue of the right to be offensive **How to Be a Government Whip** Helen Jones,2016-04-18 One of the most misunderstood and oft caricatured jobs in British politics whips are the unseen unsung heroes of the parliamentary system without whom governments would doubtless crumble and legislative business would almost certainly grind to a halt Whips are shrouded in mystery however often portrayed in the media and by colleagues as a brutish bullying bunch of thugs with a reputation for using blackmail and torture to achieve party discipline and get legislation through the House **How to Be a Government Whip** is a frank and light hearted guide to the forgotten engine room of Parliament perfect for those who aspire to be amongst their ranks as well as those just hoping to avoid them From the mind numbing tedium of debates to the dark arts of dealing with rebellious or disaffected members of their flock former whip Helen Jones reveals how they really get business done and what they say about their colleagues behind the closed door of the Whips Office **Why Women Need Quotas** Vicky Pryce,2015-03-24 Vicky Pryce s motorbike riding mother wanted to study physics at university but her family told her it was impossible for a woman She was determined that her daughter would have the opportunities she hadn t and the young Vicky went on to forge a glittering career as an economist with high profile posts spanning business academia and government But despite her own success Pryce is still frustrated by the obstacles littering the paths of women in the workplace We have an abysmal record on gender parity Rwanda and Laos have more women in Parliament than Britain does Massive pay gaps prevail across the professions Senior positions are male dominated in all walks of life and not only at board level Discrimination a lack of role models and unconscious bias are all barriers to women climbing the career ladder and that s even before counting the professional cost of starting a family This isn t just a question of equality for women by failing to remove the barriers to female progression we re starving the UK of the talent it needs to grow and prosper to its full potential Ultimately Pryce argues there is only one solution women need quotas **The War On The Old** John

Sutherland,2016-11-17 The war on the old has been declared In the post Brexit world intergenerational conflict has become a visible phenomenon There is an overwhelming sense of blame from younger generations it was the wrinklies the grey haired plutocracy who voted Leave who are overburdening hospitals shutting the youth out of the housing market and hoarding accumulated wealth By 2020 we are told one in five Britons will be pensioners and living a longer retirement than ever before A good thing politicians add through gritted teeth The truth is that for them the old are a social economic and political inconvenience John Sutherland age 78 and feeling keenly what he writes about examines this intergenerational combat as a new kind of war in which institutional neglect and universal indifference to the old has reached aggressive and routinely lethal levels This is a book which sets out to provoke but in the process tells some deep and inconvenient truths revealing something British society would rather not think about *Smith's Weekly Volume* ,1845 **SPIN** ,1992-04 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks

Making a Difference Peter Verney,2010-06-24 This is a book about two people the authors parents Jack and Joan Verney who lived through remarkable times and did some extraordinary things Born in Britain after the First World War they were shaped by the Great Depression the Second World War and post war austerity Among their extraordinary actions Jack ran away from home at a time when rebellion against parental authority was a rare phenomenon he and Joan took the chance of getting married on the basis of a few meetings before the Second World War and some correspondence during it and despite problems they endured as a couple and with three young children in 1957 they uprooted and moved to Canada where in a succession of western Canadian communities and finally in Ottawa they achieved more of note Jack through his teaching writing and volunteer work Joan through her own volunteer work and devotion to family In short they made a difference
