Power Up Your Read-Alouds Andrea Paganelli,2019-07-16 Capture the hearts minds and attention of your digital age listeners using read aloud experiences that engage technology I wish my learners would be as excited about reading as they are about technology is a lament frequently sung by those who seek to support reading development There is no debate that reading is fundamental and that reading aloud strongly supports lifelong reading engagement Technology however is ubiquitous in our society and engagement with it is essential for our success Reading and technology are therefore in competition for learners attention but by combining reading and technology through use of read aloud facilitators can create engaging digital read aloud programs to enhance the learning experience Digital read aloud can be used with multiple age groups in a variety of settings and with differing degrees of expense and technology complexity Understanding that these myriad options can be overwhelming however Andrea Paganelli offers detailed

information on the background implementation evaluation and sustainability of technology infused read aloud for reading support persons school librarians public librarians instructional librarians teachers and professors Her ideas span multiple ages and subjects and include practical examples designed to engage both educators and readers **Teaching and Learning Online** Franklin S. Allaire, Jennifer E. Killham, 2022-04-01 Science is unique among the disciplines since it is inherently hands on However the hands on nature of science instruction also makes it uniquely challenging when teaching in virtual environments How do we as science teachers deliver high quality experiences in an online environment that leads to age grade level appropriate science content knowledge and literacy but also collaborative experiences in the inquiry process and the nature of science The expansion of online environments for education poses logistical and pedagogical challenges for early childhood and elementary science teachers and early learners Despite digital media becoming more available and ubiquitous and increases in online spaces for teaching and learning Killham et al 2014 Wong et al 2018 PreK 12 teachers consistently report feeling underprepared or overwhelmed by online learning environments Molnar et al 2021 Seaman et al 2018 This is coupled with persistent challenges related to elementary teachers lack of confidence and low science teaching self efficacy Brigido Borrachero Bermejo Gunning Duran Duran 2004 Ideal for undergraduate teacher candidates graduate students teacher educators classroom teachers parents and administrators this book addresses why and how teachers use online environments to teach science content and work with elementary students through a research based foundation
