Resource Manual for Airport In-terminal Concessions ,2011 TRB s Airport Cooperative Research Program ACRP Report 54 Resource Manual for Airport In Terminal Concessions provides guidance on the development and implementation of airport concession programs The report includes information on the airport concession process concession goals potential customers developing a concession space plan and concession mix the Airport Concessions Disadvantaged Business Enterprise ACDBE program and concession procurement contracting and management practices Publisher s description

Common Law Liberalism John Hasnas,Professor of Business and Professor of Law (by Courtesy) John Hasnas,2024 It is commonly assumed that the state must provide the law necessary to maintain a peaceful and orderly society to regulate the market and to protect the environment In this part of the book I argue that these assumptions derive from a false dilemma from the belief that the only options are legal regulation by the state and no regulation This overlooks a third option the regulation of human behavior by binding rules that emerge from human interaction most importantly by common law civil liability I argue that the recognition of this third possibility implies that a proper analysis requires a comparative assessment of the effectiveness of state created law and emergent law Chapter 1 offers such an assessment of the criminal law and tort law as mechanisms for reducing violence sufficiently to allow human cooperation and prosperity Chapter 2 offers a comparative assessment of legislation and common law as mechanisms for ensuring that market exchanges do not impose costly unconsented to harm of third parties And Chapter 3 offers a similar assessment of legislation and common law as mechanisms for preventing environmental degradation
