The English Professor Margaret R. O Leary/Dennis S. O Leary,2016-02-04 Across the span of more than forty years Raphael Dorman O Leary a professor of English rhetoric and English literature taught his students at the University of Kansas to think straight to put sinew into their sentences and to embrace the magnificent literary treasures of their mother tongue *The English Professor* by authors Margaret R O Leary and Dennis S O Leary offers a narrative of the life work and times of a revered Midwestern university English teacher This memoir narrates how the professor born in 1866 was raised on a Kansas farm in the post bellum era Like his father before him he was committed to a

life of learning and teaching His colleagues knew him for his unpretentious exterior honesty and integrity and his flashing anger at cheapness vulgarity pretense and above all charlatanism When Professor O Leary died after a short illness in 1936 his personal effects passed through two generations to his grandson Dennis S O Leary who with his wife Margaret discovered his papers while restoring a family house The trove of material served as the core resource for the compilation of *The English Professor* It provides insights into the histories of Kansas and the University of Kansas and of Harvard University as well as perspectives on higher education including the teaching of English rhetoric language literature journalism and oratory in the United States *Beware of Phog-Ltd* Doug Vance, Jeff Bollogh, 2004 In the world of college basketball few structures can match the aura of the massive limestone edifice situated on the University of Kansas campus known as Allen Fieldhouse Dedicated 50 years ago on March 1 1955 it marked the largest campus arena in the nation for a significant period of time The inventor of the game of basketball Dr James Naismith introduced to the campus both the sport and his most prized pupil Forrest C Phog Allen in the early 1900s It was Allen who came to be known as the Father of Basketball Coaching that elevated the sport to practically a religion among the Jayhawk faithful When it came time to build a new arena to satisfy the burgeoning fan support there was never any question that it would be named in honor of the man they called Phog *Beware of the Phog* 50 Years of Allen Fieldhouse chronicles the history of the facility that houses Kansas basketball Readers will get unique insight into the epic battles that have occurred in this legendary building from the coaches players fans media officials and administrators who lived those experiences They will learn of the traditions anecdotes and unique qualities that make the facility more than just a place where games are played If the classroom buildings are the heart of KU's campus then The House That Wilt Built is its soul It might be constructed of a mass of stone metal and concrete but there is a spirit that provides the constant reminder that the place is indeed special The constant echo of the Rock Chalk Chant emanates from faraway recesses while the fresh buttery popcorn aroma flows from cubbyholes under the bleachers Allen Fieldhouse is truly a place like no other Netting Out Basketball 1936 Rich Hughes, 2011-11 1936 was the most significant year in basketball's first half century For the first time Olympic basketball ended with a gold medal game Dr James Naismith was honored at the Berlin Olympics for his wonderful invention as basketball achieved widespread international acceptance in a short period of time 45 years after creating an exciting indoor sport for a physical education class Naismith watched 23 countries vie for the gold Boycotts protested Hitler's policies within the Olympic host country of Germany and as a result politics and sports were forever linked Other meaningful firsts for the 1935-36 playing season included controversy in the US Olympic Tryout system a problematic lack of funding for US Olympians and the actualization of new basketball strategies Fast breaking offenses dunking the ball and full court zone pressure were important new techniques that radically changed the game This book tells the little known story of the 1936 team which transformed basketball The book documents the McPherson Refiners significant role in developing basketball's faster dynamic playing style The mishaps and fortunes of the

Refiners and three other AAU teams who placed men on Berlin's muddy clay court will be the focus of the book
