## **Beyond 2012 Catastrophe Or Ecstasy A Complete Guide To End Of Time Predictions:**

Beyond 2012: Catastrophe or Awakening? Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date

Beyond 2012 Geoff Stray, 2005 Provides an analysis of ancient prophecies and modern theories which suggest the year 2012 as a huge time of change and transformation

The End of Time Anthony Aveni, 2009-10-01 December 21 2012 The Internet bookshelves and movie theaters are full of prophecies theories and predictions that this date marks the end of the world or at least the end of the world as we know it Whether the end will result from the magnetic realignment of the north and south poles bringing floods earthquakes death and destruction or from the return of alien caretakers to enlighten or enslave us or from a global awakening a sudden evolution of Homo sapiens into non corporeal beings theories of great impending changes abound In The End of Time award winning astronomer and Maya researcher Anthony Aveni explores these theories explains their origins and measures them objectively against evidence unearthed by Maya archaeologists iconographers and epigraphers He probes the latest information astronomers and earth scientists have gathered on the likelihood of Armageddon and the oft proposed link between the Maya Long Count cycle and the precession of the equinoxes He then expands on these prophecies to include the broader context of how other cultures ancient and modern thought about the end of things and speculates on why cataclysmic events in human history have such a strong appeal within American pop culture

2012 Joseph Gelfer, 2014-09-11 21 December 2012 was believed to mark the end of the thirteenth Baktun cycle in the Long Count of the Mayan calendar Many people believed this date to mark the end of the world or at the very least a shift to a new form of global consciousness Examining how much of the phenomenon is based on

the historical record and how much is contemporary fiction the book explores the landscape of the modern apocalyptic imagination the economics of the spiritual marketplace the commodification of countercultural values and the cult of celebrity

**The 2012 Story** John Major Jenkins, 2010-10-14 From the pioneering author who helped introduce the question of 2012 into the global spiritual community comes an epic exploration of the authentic origins and meaning of this portentous date Drawing from his own groundbreaking research including his involvement in the modern reconstruction of Mayan 2012 cosmology John Major Jenkins has created the crucial guide to 2012 surveying its roots in Mayan cosmology modern astronomy ancient prophecy and metaphysical philosophy and exploring why it has become a focal point for millions today

**Souls of Distortion Awakening** J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united

**The World Conspires** David W. Letts, 2011-02-04 Highly recommended prophetic and relevant for this time Elihu Edelson Both Sides Now \_\_\_\_\_ From the Mind Leap series one Book in two Parts 1 Age of Metamorphosis an invitation to expanding consciousness From that first leap in your mind the door to spirit opens leading on toward direct experience of other realities It is an entirely different experience to fly Join the authors widely shared channeling sessions in chapters like these First Meetings with Moita a variety of newcomers and their diverse reactions Finding Your Own Path through our mistakes we grow to become our own teacher A Universe of Presences Moita states her difference from Seth and Edgar Cayces source The Art of Discretion the lesson Dr Elisabeth Kbler Ross learned after seeking Moitas help with the scandal that ultimately threatened her courageous life 2 The World Conspires an adventure in psychic spiritual exploration The unfolding of a visionary journey as David and Kelly Siofra learn to flow with new energies As communications with Moita and yet higher levels evolve experiences range from depths Objects become fuzzy Instantly Moitas presence is much stronger She tells me that I am in danger I am losing the thread of my consciousness to heights The Earth is new filled with the wonder of its discoveries He speaks to the Sun and I speak to the Ground We weave together what we are told and make it whole from personal There is much fear of joy in this world and when people fear something they want to destroy it In order to release it you must be very strong and know yourself very well to cosmic It is the arrival of the High Ones on your plane The texture of the world is changing We are preparing you for the inevitable shock of seeing us as we really are from A Channeling for December 20 2012 Something is happening tomorrow to everyone on the planet There is a great deal of energy bent in this direction It requires my complete presence We have watched for a

great many years and now there is a drawing together of worlds a time when the two worlds may touch when they may integrate and understand Life will never be the same again      **Tranceformers Shamans of the 21st Century** John Jay Harper, 2009 Tranceformers Shamans of the 21st Century is the true story of this author's contact with a dead optics physicist colleague and the telepathic communication that sent him searching for scientific answers to his spiritual questions Harper draws from this deep well of wisdom astrology biology near death experiences paranormal psychology quantum physics as well as Egyptian and Mayan cosmology overall He does an excellent job of synthesizing massive amounts of information making this shift of the ages comprehensible to the general reader Clearly this is a necessary primer to understand the coming apocalypse of biblical proportions in consciousness climate culture and civilization However the theme of this book is that by learning to use trance the techniques employed by mystics prophets and shamans one can unlock the mysteries of existence for themselves Indeed this is the big idea behind the Eternal Return of the Sun of God in 2012 Self Empowerment      The New Age in the Modern West Nicholas Campion, 2015-11-19 New Age culture is generally regarded as a modern manifestation of Western millenarianism a concept built around the expectation of an imminent historical crisis followed by the inauguration of a golden age which occupies a key place in the history of Western ideas The New Age in the Modern West argues that New Age culture is part of a family of ideas including utopianism which construct alternative futures and drive revolutionary change Nicholas Campion traces New Age ideas back to ancient cosmology and questions the concepts of the Enlightenment and the theory of progress He considers the contributions of the key figures of the 18th century the legacy of the astronomer Isaac Newton and the Swedish visionary Emanuel Swedenborg as well as the theosophist H P Blavatsky the psychologist C G Jung and the writer and artist Jose Arguelles He also pays particular attention to the beat writers of the 1950s the counterculture of the 1960s concepts of the Aquarian Age and prophecies of the end of the Maya Calendar in 2012 Lastly he examines neoconservatism as both a reaction against the 1960s and as a utopian phenomenon The New Age in the Modern West is an important book for anyone interested in countercultural and revolutionary ideas in the modern West      **Collected Prefaces** Nicholas Hagger, 2022-04-29 Nicholas Hagger's 55 books include innovative works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books Collected Prefaces a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays and as in T S Eliot's Selected Essays there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger's works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His

Universalism focuses on humankind's relationship to the whole universe as reflected in seven key disciplines seen as wholes: the whole of literature, history, philosophy, and the sciences; mysticism, religion, international politics, and statecraft; and world culture. Behind all the Prefaces is Hagger's fundamental perception of the unity of the universe as the One and of humankind's position in it. These Prefaces complement his *Selected Letters*, a companion volume also published by O Books, and contain startling insights that illumine and send readers to the works the Prefaces introduce.
