COINCIDENCE AND THE MYSTERY
BEHIND THEM**

MARTIN PLIMMER
AND BRIAN KING

Beyond Coincidence Amazing Stories Of Coincidence And The Mystery Behind Them

LL Leslie

Beyond Coincidence Amazing Stories Of Coincidence And The Mystery Behind Them:

Beyond Coincidence Martin Plimmer, 2004 Beyond Coincidence Martin Plimmer, Brian King, 2005-12-27 Presents true stories of coincidence discusses their mathematical likelihood and explores theories about whether they have cause and meaning **Beyond Coincidence** Martin Plimmer, Brian King, 2013-09-10 Ever wonder what the odds are of being struck by lightning Or winning the lottery Or meeting someone from Timbuktu with the same middle name as you BEYOND COINCIDENCE recounts and analyzes over 200 amazing stories of synchronicity the likes of Laura Buxton age ten releases a balloon from her back yard It lands 140 miles away in the backyard of another Laura Buxton also age ten Two sisters in Alabama decide independently to visit the other En route their identical jeeps collide and both sisters are killed A British cavalry officer was fighting in the last year of World War One when he was knocked off his horse by a flash of lightning He was paralyzed from the waist down The man moved to Vancouver Canada where six years later while fishing in a river lightning struck him again paralyzing his right side Two years later he was sufficiently recovered to take walks in a local park when in 1930 lightning sought him out again this time permanently paralyzing him He died soon after Four years later lightning destroyed his tomb **Connecting with Coincidence** Bernard Beitman, 2016-03-07 We've all experienced or heard of surprising events and unexplainable coincidences money that seems to come from nowhere a spontaneous idea that turns into a life changing solution meeting our soulmate on a flight we weren't supposed to take or families being reunited by accident after years of separation Often these coincidences are explained as being controlled by a higher power or pure chance But for the first time since Carl Jung's work comes bold new research that explains scientifically how we can identify understand and perhaps even control the frequency of coincidences in our everyday lives Bernard Beitman a leading expert on Coincidence Studies proposes a greater personal responsibility which depends partly upon newly discovered grid cells located in the brain near the hippocampus But neuroscience cannot complete the entire puzzle and in this fascinating guide Beitman provides the missing piece From analyzing true stories of synchronicity from around the globe and throughout history he shares key personality characteristics and situational factors that contribute to the occurrence of meaningful coincidences in our lives Where other books on coincidences tend to be theoretical inspirational or story collections only Beitman's book is the first to provide a scientific understanding and practical ways in which readers can use them in their own lives He reveals How to activate your observing self so you don't miss synchronistic moments How serendipity can offer insights into solving problems or making difficult decisions Why stress activates meaningful coincidences Which states of mind impede our ability to experience synchronicity How to interpret the meaning of a coincidence Why being attuned to coincidences is a learned skill and how to hone your sensitivity Meaningful Coincidences Bernard Beitman, 2022-09-06 A comprehensive exploration of the potential of coincidences to expand our understanding of reality and inspire psychological interpersonal and spiritual growth Scientific and Medical Network's Annual Book Prize for 2022 Presents a complete catalog

of coincidence patterns with numerous illustrative examples Defines the many uses and potential pitfalls of coincidences and highlights the situations in which they are most likely to occur Explores the range of explanations for coincidences including the psychosphere as the medium through which many coincidences take place Each of us has more to do with creating coincidences than we think In this broad exploration of the potential of coincidences to expand our understanding of reality psychiatrist Bernard Beitman M D explores why and how coincidences synchronicity and serendipity happen and how to use these common occurrences to inspire psychological interpersonal and spiritual growth Through a complete catalog of coincidence patterns with numerous illustrative examples Dr Beitman clarifies the relationship between synchronicity and serendipity and dissects the anatomy of a coincidence He defines coincidence types through their two fundamental constituents mental events and physical events He analyzes the many uses of meaningful coincidences as well as their potential problems He explains how you will see patterns guiding your life decisions and learn to expect that coincidences are more likely to occur during life stressors as well as times of high emotion and strong need which helps you be ready to use them when they occur Exploring the crucial role of personal agency individual thought and action in synchronicities and serendipities Dr Beitman shows that there s much more behind these occurrences than fate or randomness *Fluke* Joseph Mazur,2016-03-29 A mathematical guide to understanding why life can seem to be one big coincidence and why the odds of just about everything are better than we would think What are the chances This is the question we ask ourselves when we encounter the strangest and most seemingly impossible coincidences like the woman who won the lottery four times or the fact that Lincoln s dreams foreshadowed his own assassination But when we look at coincidences mathematically the odds are a lot better than any of us would have thought In *Fluke* mathematician Joseph Mazur takes a second look at the seemingly improbable sharing with us an entertaining guide to the most surprising moments in our lives He takes us on a tour of the mathematical concepts of probability such as the law of large numbers and the birthday paradox and combines these concepts with lively anecdotes of flukes from around the world How do you explain finding your college copy of *Moby Dick* in a used bookstore on the Seine on your first visit to Paris How can a jury be convinced beyond a reasonable doubt that DNA found at the scene of a heinous crime did not get there by some fluke Should we be surprised if strangers named Maria and Francisco seeking each other in a hotel lobby accidentally meet the wrong Francisco and the wrong Maria another pair of strangers also looking for each other As Mazur reveals if there is any likelihood that something could happen no matter how small it is bound to happen to someone at some time In *Fluke* Mazur offers us proof of the inevitability of the sublime and the unexpected He has written a book that will appeal to anyone who has ever wondered how all of the tiny decisions that happen in our lives add up to improbable wholes A must read for math enthusiasts and storytellers alike *Fluke* helps us to understand the true nature of chance **The Survivors Club** Ben Sherwood,2009-01-26 Discover how to become the kind of person who survives and thrives with this must read New York Times bestseller that s filled with fascinating true

stories and helpful advice New York Times Each second of the day someone in America faces a crisis whether it s Covid 19 a car accident violent crime or financial trouble Given the inevitability of adversity we all wonder Who beats the odds and who surrenders How can I become the kind of person who bounces back The fascinating hopeful answers to these questions are found in *The Survivors Club* In the tradition of *The Tipping Point* and *Freakonomics* this book reveals the hidden side of survival through astonishing true stories gripping scientific research the 5 Survivor Profiles top 12 Survivor Tools There is no escaping life s inevitable struggles But *The Survivors Club* can give you an edge when adversity strikes *Field of Magic* John Cairney,2023-02-09 Superstition has been a part of baseball from the beginning From good luck charms to human mascots to ritual statues of Babe Ruth to the curse of Colonel Sanders there may be almost as many superstitions as players or fans Drawing on social science religious studies and SABRmetrics this book explores the rich history of supernatural belief in the game and documents a wide variety of rituals fetishes taboos and jinxes Some of these have changed over time but coping with uncertainty on the field through magical thinking remains a constant **Love Letters from Heaven** McDaniel Morey McDaniel,Morey McDaniel,2010 A true story of life after death by a skeptical corporate lawyer He tells about the many surprising and ingenious signs that came to him and several others following the death of his wife Signs that make their divine source explicit Signs so moving and convincing that his faith is restored his life transformed Significantly a prominent and historic New England church plays a major role as do three senior ministers The first sign appears in the sanctuary with a minister as a co witness Millions of Americans have received comforting after death contacts but are unsure how such experiences fit into traditional religious beliefs In an important first such contacts coming directly and spontaneously from deceased loved ones are shown to have a biblical basis and to fulfill biblical promises *The Science of Weird Shit* Chris French,2024-03-19 An accessible and gratifying introduction to the world of paranormal beliefs and bizarre experiences Ghostly encounters alien abduction reincarnation talking to the dead UFO sightings inexplicable coincidences out of body and near death experiences Are these legitimate phenomena If not then how should we go about understanding them In this fascinating book Chris French investigates paranormal claims to discover what lurks behind this weird shit French provides authoritative evidence based explanations for a wide range of superficially mysterious phenomena and then goes further to draw out lessons with wider applications to many other aspects of modern society where critical thinking is urgently needed Using academic comprehensive logical and at times mathematical approaches *The Science of Weird Shit* convincingly debunks ESP communicating with the dead and alien abduction claims among other phenomena All the while however French maintains that our belief in such phenomena is neither ridiculous nor trivial if anything such claims can tell us a great deal about the human mind if we pay them the attention they are due Filled with light bulb moments and a healthy dose of levity *The Science of Weird Shit* is a clever memorable and gratifying read you won t soon forget

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Beyond Coincidence Amazing Stories Of Coincidence And The Mystery Behind Them**

In a global inundated with displays and the cacophony of instantaneous communication, the profound energy and psychological resonance of verbal beauty usually fade into obscurity, eclipsed by the constant onslaught of sound and distractions. Yet, situated within the musical pages of **Beyond Coincidence Amazing Stories Of Coincidence And The Mystery Behind Them**, a interesting work of fictional elegance that impulses with fresh feelings, lies an remarkable journey waiting to be embarked upon. Published with a virtuoso wordsmith, that mesmerizing opus books visitors on a psychological odyssey, lightly revealing the latent possible and profound influence embedded within the delicate web of language. Within the heart-wrenching expanse of the evocative examination, we can embark upon an introspective exploration of the book is main themes, dissect its captivating publishing design, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
