Beyond Thirty Bison Frontiers Of Imagination:

Beyond Thirty Edgar Rice Burroughs, 2001-01-01 By the year 2137 Europe has become a largely forgotten savage wilderness Fierce bands of hunters rove the crumbling ruins of once mighty war ravaged cities On the other side of the Atlantic a prosperous Pan American Federation has emerged claiming all lands and seas between the 30th and 175th longitudes and forbidding contact with the rest of the world All who cross beyond thirty are sentenced to death Beyond Thirty is the story of Captain Jefferson Turck and the crew of his aero submarine who through accident and sabotage are forced beyond the thirtieth longitude and embark on an epic quest to rediscover the legendary lands of the Old World Their adventures stand as one of Edgar Rice Burroughs's most imaginative and subtly crafted tales Burroughs wrote the story in 1915 in reaction to the growing horrors of the First World War and his devastating vision of its consequences provides a haunting and enduring warning for the twenty first century

The Eternal Savage Edgar Rice Burroughs, 2003-01-01 With a new introduction this classic adventure tale from the creator of the Tarzan series finds Nu a Stone Age warrior trapped in suspended animation by an earthquake as he reawakens on Tarzan's African estate and tries to adapt to new surroundings including a relationship with a woman from Nebraska Reprint Science Fiction Fantasy

Under the Moons of Mars Edgar Rice Burroughs, 2003-01-01 Ambushed in the cold moonlight of an Arizona night Captain John Carter is inexplicably teleported to Mars called Barsoom by its inhabitants Legendary Barsoom where hostile tribes of towering green warriors roam an arid landscape of dead cities and feuding city states where pilgrimages are made to a river of death that conceals a terrifying secret where lifespans are measured in centuries and where airships speed through the thinning atmosphere while duels are fought with swords below Stranded and fighting for his life in a dying savage world John Carter embarks on one of the greatest adventures of all time as his destiny and Barsoom's become one The first three books of Edgar Rice Burroughs's brilliantly conceived Barsoom series A Princess of Mars The Gods of Mars and The Warlord of Mars are brought together here for the first time The trilogy follows the saga of John Carter from his unexpected arrival on Barsoom through hair raising adventures and startling discoveries from pole to pole of the planet

The Disappearance Philip Wylie, 2004-01-01 The female of the species vanished on the afternoon of the second Tuesday of February at four minutes and fifty two seconds past four o'clock Eastern Standard Time The event occurred universally at the same instant without regard to time belts and was followed by such phenomena as might be expected after happenings of that nature On a lazy quiet afternoon in the blink of an eye our world shatters into two parallel universes as men vanish from women and women from men After families and loved ones separate from one another life continues in very different ways for men and women boys and girls An explosion of violence sweeps one world that still operates technologically social stability and peace in the other are offset by famine and a widespread breakdown in machinery and science And as we learn from the fascinating parallel stories of a brilliant couple Bill and Paula Gaunt the foundations of relationships love and sex are scrutinized tested and sometimes redefined in both

worlds The radically divergent trajectories of the gendered histories reveal stark truths about the rigidly defined expectations placed on men and women and their sexual relationships and make clear how much society depends on interconnection between the sexes Written over a half century ago yet brimming with insight and unsettling in its relevance today *The Disappearance* is a masterpiece of modern speculative fiction **Lost Worlds** Clark Ashton Smith, 2006-01-01 Collection of classic macabre and fantastic tales from a master of pulp fiction *The Journey of Niels Klim to the World Underground* Ludvig Holberg, 1960-01-01 Fantastic adventures at the center of the earth await a penniless Norwegian student after he plunges into a bottomless hole in a cave Niels Klim discovers worlds within our own exotic civilizations and fabulous creatures scattered across the underside of the earth's crust and at the earth's center a small inhabited planet orbiting around a miniature sun In an epic journey Klim visits countries led by sentient and contemplative trees a kingdom of intelligent apes preoccupied with fashion and change a land whose inhabitants don't speak out of their mouths neighboring countries of birds locked in an eternal war and a land where string basses talk musically to one another Brave inquisitive and greedy Klim faces many challenges the greatest of which are his own temptations *The Journey of Niels Klim to the World Underground* is a classic in speculative fiction and was the first fully realized novel set underground in a hollow earth First published in 1741 it has earned comparisons to Jonathan Swift's contemporaneous fantasy *Gulliver's Travels* *Gladiator* Philip Wylie, 2004-01-01 Hugo Danner is the strongest man on Earth due to an experiment conducted by his father a scientist but he is doomed to live a life of alienation because of his special strength and abilities Reprint **The Secret of Wilhelm Storitz** Jules Verne, 2011-04 Translation of *Le secret de Wilhelm Storitz* *Forthcoming Books* Rose Army, 2003-04 **Land of Terror** Edgar Rice Burroughs, 2007-06-01 If you have ever wondered what a civilized man of the twentieth century would do if catapulted into an Old Stone Age where huge cave bears saber toothed tigers monstrous carnivorous dinosaurs mammoths and mastodons roamed the savage terrain you need look no further than *Land of Terror* the sixth installment of Edgar Rice Burroughs's *Pellucidar* series Years ago David Innes and Abner Perry bored straight down through five hundred miles of the earth's crust and landed in *Pellucidar* the savage primeval world that lies at the center of the earth This is the story of their continuing adventures in the timeless land of perpetual noon and their encounters with the hideous creatures and savage men who pursue them Although they encounter enemies at every turn David and Abner find a few loyal friends as they embark on exhilarating adventures
