Beyond Opinion Living The Faith We Defend:

Beyond Opinion Ravi Zacharias, 2010-01-10 A definitive master work from the world's leading Christian apologist. Respected apologist Ravi Zacharias was once sharing his faith with a Hindu when the man asked, "If the Christian faith is truly supernatural, why is it not more evident in the lives of so many Christians I know?" The question hit hard, and this book is an answer. Its purpose is to equip Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion. In addition to writing several chapters himself, Ravi Zacharias brings together many of today's leading apologists and Christian teachers, including Alister McGrath and John Lennox, to address topics present in the very future of worldwide Christianity: from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam. Destined to become a classic, *Beyond Opinion* is a touchstone that will affect Christians around the world.

Beyond Opinion: Living the Faith We Defend Ravi Zacharias, 2010. Addresses issues such as the validity of the Bible, the hypocrisy of its followers, and the need to make a new statement on faith, allowing Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion. [A Letter from Christ](#) Kerry D. McRoberts, 2012-02-15. Our nation is politically, ideologically, and socially polarized to the point of breaking; confusion dominates every layer of our culture. The church in America is a letter from Christ (2 Cor 3:3) written to our politically cynical, socially insecure, and spiritually skeptical culture. Before the Gospel may become clear in our post-everything culture, we must make truth real in our hearts. The purpose of this book is to: 1. redefine dualistic frames in the minds of contemporary Christians that separate the saved from the advent of God's healing reign on Earth; 2. relate Christian compassion to a post-secular America; and 3. propose a redefinition of the Christian controlling narrative. Such a revised narrative will light the way for our restless hearts so that we as a nation may return from exile to restoration and rejoice in the sovereign reign of God in Christ. [Hope's Reason: a Journal of Apologetics Vol. 2 No. 1](#) Stephen Bedard, 2011-09-28. In an increasingly skeptical world, there is now more of a need than ever for quality apologetic resources defending the Christian faith. The purpose of this journal is to bridge the gap between the academy and the church, equipping pastors and interested laypeople to present the Christian faith to an unbelieving world. [Jesus on Trial](#) David Limbaugh, 2014-11-17. In *Jesus on Trial*, New York Times bestselling author David Limbaugh applies his lifetime of legal experience to a unique new undertaking: making a case for the gospels as hard evidence of the life and work of Jesus Christ. Limbaugh, a practicing attorney and former professor of law, approaches the canonical gospels with the same level of scrutiny he would apply to any legal document and asks all the necessary questions about the story of Jesus told through Matthew, Mark, Luke, and John. His analysis of the texts becomes profoundly personal as he reflects on his own spiritual and intellectual odyssey from determined skeptic to devout Christian. Ultimately, Limbaugh concludes that the words Christians have treasured for centuries stand up to his exhaustive enquiry, including his examination of historical and religious evidence beyond the gospels, and thereby affirms Christian faith, spirituality, and

tradition Apologetics for the Twenty-first Century Louis Markos,2010 Using the work of C S Lewis as a starting point Markos examines the key popular apologists and arguments that shape the intellectual defense of the Christian faith today
