The Tree of Life and the Holy Grail Sylvia Francke,2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of B renger Sauni re the mysterious priest of Rennes le Ch teau in southern France True Grail knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity s quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise The Tree of Life and the Holy Grail first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths
