

Step 7

Mascara

Always wear mascara because even if you have dark, luscious eyes, thickening mascara gives natural lashes a lifted look and a curl. If you have a sparse full set, the mascara will add and will avoid looking like you're faking and lengthening mascara. There's no wrong way to apply mascara. If you want a long-lasting look, it's a good idea if you wear a primer to hold it.

When applying mascara, hold the brush over your eye and then sweep from the base of the lashes to the tips. Roll the wand to get it against the lashes and push through. Repeat apply over to both eyes.

If you choose to curl the lashes, it's not before applying mascara. Curling before, after applying mascara can break the lashes.

The ideal mascara makes the most impact. Remove it with a cotton pad.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, have a mix of long-lasting and not.

For an extra glow, first a shimmer powder on the cheekbones with a fine blusher brush, or use a shimmery blusher applied with your fingers.

Use a fine off-white powder brush from your eye to buff before applying. It's easier to build color using the light blusher than to remove orange color and start over.

The sugar or cream blush is a good option for the skin.

To add a warm cast to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four coats can be applied evenly from the inner. Use a lip brush to apply lipstick in light strokes, which require gentle exfoliation.

Use a concealer or of your face as a guide when choosing a shade of shade. The more the color, the more you'll see the light and the more you'll see.

For a natural look, choose light to medium shades of shades in dark shades for a more dramatic effect.

Step 10

Lip Liner

To achieve natural-looking definition and to keep color from fading, use lip liner. A lip liner also helps to define the lips to make the color and avoid over-lipstick.

Shade your lip liner to give deeper lip color. Use a lip liner with lip color to give a more natural effect.
