Benchmarking and Self-Assessment for Parliaments Mitchell O'Brien, Rick Stapenhurst, Lisa von Trapp, 2016-03-28 With international focus on good governance and parliamentary effectiveness a standards based approach involving benchmarks and assessment frameworks has emerged to evaluate parliament s performance and guide its reforms The World Bank s has been a leader in the development of these frameworks stewarding a global multi stakeholder process aimed at enhancing consensus around parliamentary benchmarks and indicators with international organizations and parliaments across the world The results so far some of which are captured in this book are encouraging countries as diverse as Australia Canada Ghana Sri Lanka Tanzania and Zambia have used these frameworks for self evaluation and to guide efficiency driven reforms Donors and practitioners too are finding the benchmarks useful as baselines against which they can assess the impact of their parliamentary strengthening programs The World Bank itself is using these frameworks to surface the root causes of performance problems and explore how to engage with parliamentary institutions in order to achieve better results The World Bank can identify opportunities to help improve the oversight function of parliament thus holding governments to account giving voice to the poor and disenfranchised and improving public policy formation in order to achieve a nation s development goals In doing so we are helping make parliaments themselves more accountable to citizens and more trusted by the public

Crafting Parliament in Myanmar's Disciplined Democracy (2011-2021) Renaud Egretteau, 2022-03-01 In January 2011 parliament was restored in Myanmar after two decades of military rule Startlingly it began to repeal obsolete laws scrutinize government expenditures summon ministers to the floor and discuss the state s annual budget It also allowed its elected representatives to make public the grievances collected from constituents infuriated at enduring practices of land confiscation petty corruption and everyday abuses of power Yet ten years later in February 2021 parliament was shut down again by a coup d tat What has been learned in the span of a decade of post junta parliamentary resurgence How could an elected legislature resurface and function in a country that had only limited experience with parliamentary affairs and representative politics since its independence from British rule What lessons can be drawn from the Myanmar case for parliamentary institution building and legislative developments and decay in post

authoritarian and praetorian contexts This book offers a compelling account of Myanmar's halting efforts to develop the institutional framework and practice of a parliament based democratic governance between 2011 and 2021 It charts the stages of such a legislative resurgence tracing its causes and exploring how various institutional and political legacies both informed and constrained the re establishment and operations of the Union legislature or Pyidaungsu Hluttaw Embracing both ethnographic observations and a methodical engagement with legislative proceedings and historical material Renaud Egreteau investigates how parliamentary life re emerged in Myanmar in the 2010s His analysis concentrates on key legislative mechanisms processes and tasks pertaining to government oversight budgetary control representation and lawmaking and interrogates how they were learned re appropriated and mis performed by Myanmar's new breed of legislators and parliamentary staff until the 2021 army takeover
