Basics of Teaching for Christians Robert W. Pazmino, 2002-07-17 *So What Makes Our Teaching Christian?* Robert W. Pazmiño, 2008-09-22 This work explores a perennial question that Christians who are called to teach must consider So what makes our teaching Christian It considers the essential and distinctive elements of Christian teaching by examining the apostles teaching ministry in the Book of Acts and aspects of Jesus s own teaching in the Gospel of John It proposes how teaching in the name spirit and power of Jesus relates to the teaching ministries of Christians today For example an in depth look at Jesus s teaching of both Nicodemus and the Samaritan woman known in Christian tradition as Photini provides insights for transformative teaching of both insiders and outsiders in a Christian community This work is a theological pastoral and educational exploration of Christian teaching that has implications for both laity and clergy in their ministries

Foundational Issues in Christian Education Robert W. Pazmiño, 2008-09-01 For almost twenty years Foundational Issues in Christian Education has been a key text for many Christian education courses Its perceptive analysis coupled with clear writing make it a resource without peer In the book Christian education expert Robert Pazmi o guides readers through a comprehensive discussion of the interdisciplinary foundations of Christian education calling all Christian educators to reevaluate the fundamentals of their discipline A careful exploration of foundations writes Pazmi o is essential before specifying principles and guidelines for practice This updated edition includes interaction with professional developments over the past ten years and appendixes that assess the impact of postmodernism as an educational philosophy In addition each chapter includes points to ponder for personal reflection or classroom use *Practicing Christian Education* Mark A. Maddix, James Riley Jr. Estep, 2017-07-18 This accessible introduction to the broad scope of Christian education focuses on its practice in the local church Two leading experts argue that Christian education encompasses all of the intentional practices of the local church including worship mission sacraments and teaching They explore Christian education not only as a field of study but as a vital congregational ministry showing how congregations can engage in discipleship and formation for spiritual growth The book features exercises and other pedagogical devices and includes reflection questions and suggestions for further reading *God Our Teacher* Robert W. Pazmino, 2016-08-05 Noted Christian education professor and theorist Robert W Pazmino shares the theological essentials to guide faithful educational thought and practices in the third millennium He explores a prepositional theology that deepens the relationships between God and us through our teaching and learning together with spiritual wisdom Beyond the Classroom Rev. Oneal Sandidge PhD D.Min., 2017-06-15 *Beyond the Classroom* provides an easy to read plan for church pastors and church leaders to improve Christian education in the church Teaching and teacher training are the main emphasis of the book The scholar and former director of Christian education in a New York megachurch provides the AZ plan for developing or improving Christian education **Pentecostal Theological Education in the Majority World, Volume 1** Dave Johnson, Rick Wadholm Jr., 2023-03-23 There remains a

considerable gap in discussion of Pentecostal theological education in and by the Majority World This volume seeks to fill that gap and offer ways for such conversations to progress among educators and institutions globally Theological education may be conceived in broad terms as inclusive of discipleship within the local church for instance yet the phrase is used in this volume regarding formal engagement within higher education that is specifically focused on theological development and discipleship within the academic disciplines This volume takes up an initial foray into the narrow approach in seeking to address those persons institutions and organizational bodies concerned with the graduate post graduate levels of theological education with the intent of a following volume more specific to the undergraduate bachelor s and certificate levels of higher education The further intent is to include a third volume on non formal theological education which is critical for the continuance of the global Pentecostal Charismatic revival The collection of essays included in this volume represent a diverse authorship globally as seeking to address pertinent issues of Pentecostal theological education in the Majority World The opening contributions by Gary Munson Vee J Doyle Davidson and Amos Yong offer introductory observations and underlying theological and socio cultural underpinnings for better engaging Pentecostal theological education in the Majority World Dave Johnson and Josfin Raj each carry the conversation into areas of advancing research engagement and maturation that may be imported local or globalized and make good use of the tools available in each context The three chapters by Daniel Topf Peter White and Jeremiah Campbell provide histories and prospective futures in several Majority World contexts across regions of Africa and Latin America A volume such as this would be remiss to not have a contribution speaking to the role of the Holy Spirit in theological education Temesgan Kahsay provides just such an essay that seeks to consider ways in which the Spirit has and ought to be more directly engaged through the educational processes The volume is rounded out by the chapter of Dean D O Keefe and Jacqueline N Grey that provides some biblical theological reflections drawn from the exilic and post exilic texts of the Old Testament as bases for reflecting upon Pentecostal practices in conversation with Scripture

Teaching the Faith, Forming the Faithful Gary A. Parrett, S. Steve Kang, 2013-03-05 With the decline of traditional Sunday school and education programs in recent years many Christians have not learned the fundamental doctrinal content of the faith In this text Gary Parrett and Steve Kang set forth a thoroughly biblical vision for intentional teaching of the Christian faith that attends to both the content and process of educational and formational ministries Religious Education in the African American Tradition Kenneth H. Hill, 2012-11 Schweitzer s goal in this book is to explore what postmodernity actually means for theology and how theology and the church may respond to its challenges He focuses on the life cycle as it is changing with the advent of postmodernity looking sequentially at segments of the life cycle using different lenses modernity postmodernity and responses from church and theology Schweitzer concludes with a theology of the life cycle

Leadership in Theological Education, Volume 2 Fritz Deininger, Orbelina Eguizabal, 2017-11-14 The ICETE Programme for Academic Leadership IPAL was officially established in 2010 and arose out of the need to provide training to

theological institutions in different regions of the world IPAL provides a three year cycle of seminars for the professional development of evangelical academic leaders and administrators to help institutions in their pursuit of quality and excellence in theological education This publication is the second of three volumes intended to accompany and support the IPAL seminars as well as independently providing wider access to the principles required by academic leaders for institutional and curriculum development Each chapter shares and illustrates the expertise and understanding the contributors have of education and curriculum design in the field of evangelical academic institutions With an intentional awareness of a wide range of non Western contexts this volume is a much needed guide for course administrators around the world
