Lowndes'British Librarian, Or Book-collector's Guide to the Formation of a Library in All Branches of Literature, Science, and Art William Thomas Lowndes,1839 **British Librarian, Or Book-collectors Guide to the Formation of a Library in All Branches of Literature (etc.)** William Thomas Lowndes,1842 *British Librarian; Or, Book-collector's Guide ...* William Thomas Lowndes,1842 *British Librarian* William Thomas Lowndes,1840 **Godly Learning** John Morgan,1988-03-31 Godly Learning attempts to establish the relationship which Puritans worked out between faith and reason in the eighty years before the Civil War This was a period of rapid expansion of educational facilities of a clash between humanist values of the Renaissance and the fideism of the Reformation and of confrontations between traditionalist primarily Aristotelian approaches to knowledge and the more experimental path signalled by Bacon Taking an existential approach to the question of meaning Puritans sought their solution in the development of a covenant theology based on a life of active faith They argued vehemently that natural reason was incapable of finding the path to salvation and only faith could regenerate reason to its proper capabilities At the same time Puritans emphasised the value of learning for comprehension of Scripture and preparation of sermons Starting with a fresh approach to the question of defining Puritans Godly Learning proceeds to delineate the infrequently studied puritan mentalit which informed the better known public political and ecclesiological positions Not since the work of Perry Miller has there been such a thorough attempt to comprehend the Puritan view of reason and the implications of that view **The National Magazine: Devoted to Literature, Art, and Religion** ,1852 The British Librarian; Or, Handbook for Students in Divinity, Etc William Thomas LOWNDES,1844 The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Not Peace But a Sword** Stephen Baskerville,2018-08-21 Not Peace But a Sword provides a case study in religious radicalism as exemplified by the Puritanism of the English Revolution Based on sermons preached to the Long Parliament and other political bodies Stephen Baskerville demonstrates how Puritan religious and political ideas transformed the English Civil War into the world s first great modern

revolution To understand why Baskerville analyzes the underlying social changes that gave rise to Puritan radicalism The Puritan intellectuals developed the sermon into a medium that conveyed not only popular political understanding but also a sophisticated political sociology that articulated a new social and political consciousness In the process they challenged the traditional political order and created a new order by appealing to the needs and concerns of a people caught up in the problems of rapid social and economic change The book explores the social psychology behind the rise of Puritanism as the Puritan ministers themselves presented it through textual criticism of their own words placing them in the mental context of their time and offers a new understanding of the link between religious ideas and revolutionary politics
