

A PEOPLE'S HISTORY OF AMERICAN EMPIRE

A GRAPHIC ADAPTATION

HOWARD ZINN

AUTHOR OF *A PEOPLE'S HISTORY OF THE UNITED STATES*

MIKE KONOPACKI ★ PAUL BUHLE

A Peoples History Of American Empire American Empire Project

David Vine

A Peoples History Of American Empire American Empire Project:

A People's History of American Empire Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U S history a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq

A People's History of American Empire Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04-01 Adapted from the bestselling grassroots history of the United States the story of America in the world told in comics form Since its landmark publication in 1980 A People s History of the United States has had six new editions sold more than 1 7 million copies become required classroom reading throughout the country and been turned into an acclaimed play More than a successful book A People s History triggered a revolution in the way history is told displacing the official versions with their emphasis on great men in high places to chronicle events as they were lived from the bottom up Now Howard Zinn historian Paul Buhle and cartoonist Mike Konopacki have collaborated to retell in vibrant comics form a most immediate and relevant chapter of A People s History the centuries long story of America s actions in the world Narrated by Zinn this version opens with the events of 9 11 and then jumps back to explore the cycles of U S expansionism from Wounded Knee to Iraq stopping along the way at World War I Central America Vietnam and the Iranian revolution The book also follows the story of Zinn the son of poor Jewish immigrants from his childhood in the Brooklyn slums to his role as one of America s leading historians Shifting from world shattering events to one family s small revolutions A People s History of American Empire presents the classic ground level history of America in a dazzling new form

Who Rules the World? Noam Chomsky, 2016-05-10 Examines changing American power the threats to democracy and the future of the global order Dust jacket flap

Rethinking America's Past Robert Cohen, Sonia E. Murrow, 2021-11

No Good Men Among the Living Anand Gopal, 2014-04-29 Told through the lives of three Afghans the stunning tale of how the United States had triumph in sight in Afghanistan and then brought the Taliban back from the dead In a breathtaking chronicle acclaimed journalist Anand Gopal traces in vivid detail the lives of three Afghans caught in America s war on terror He follows a Taliban commander who rises from scrawny teenager to leading insurgent a US backed warlord who uses the American military to gain personal wealth and power and a village housewife trapped between the two sides who discovers the devastating cost of neutrality Through their dramatic stories Gopal shows that the Afghan war so often regarded as a hopeless quagmire could in fact have gone very differently Top Taliban leaders actually tried to surrender within months of the US invasion renouncing all political activity and submitting to the new government Effectively the Taliban ceased to exist yet the Americans were unwilling to accept such a turnaround Instead driven by false intelligence from their allies and an unyielding mandate to fight terrorism American forces continued to press the conflict resurrecting the insurgency that persists to this day With its intimate accounts of life in war torn Afghanistan Gopal s thoroughly original reporting lays bare the workings of America s longest war and the truth behind its prolonged agony A heartbreaking story of

mistakes and misdeeds No Good Men Among the Living challenges our usual perceptions of the Afghan conflict its victims and its supposed winners *Base Nation* David Vine,2015-08-25 From Italy to the Indian Ocean from Japan to Honduras a far reaching examination of the perils of American military bases overseas American military bases encircle the globe More than two decades after the end of the Cold War the U S still stations its troops at nearly a thousand locations in foreign lands These bases are usually taken for granted or overlooked entirely a little noticed part of the Pentagon s vast operations But in an eye opening account *Base Nation* shows that the worldwide network of bases brings with it a panoply of ills and actually makes the nation less safe in the long run As David Vine demonstrates the overseas bases raise geopolitical tensions and provoke widespread antipathy towards the United States They also undermine American democratic ideals pushing the U S into partnerships with dictators and perpetuating a system of second class citizenship in territories like Guam They breed sexual violence destroy the environment and damage local economies And their financial cost is staggering though the Pentagon underplays the numbers Vine s accounting proves that the bill approaches 100 billion per year For many decades the need for overseas bases has been a quasi religious dictum of U S foreign policy But in recent years a bipartisan coalition has finally started to question this conventional wisdom With the U S withdrawing from Afghanistan and ending thirteen years of war there is no better time to re examine the tenets of our military strategy *Base Nation* is an essential contribution to that debate **Barack Obama and the Future of American Politics** Paul Street,2015-12-22 Many Americans believe Barak Obama represents a hopeful future for America But does he also reflect the American politics of the past This book offers the broadest and best informed understanding on the meaning of the Obama phenomenon to date Paul Street was on the ground throughout the Iowa campaign and his stories of the rising Obama phenomenon are poignant Yet the author s background in American political history allows him to explore the deeper meanings of Obama s remarkable political career He looks at Obama in relation to contemporary issues of class race war and empire He considers Obama in the context of our nation s political history with comparisons to FDR JFK Bill Clinton and other leaders Street finds that the Obama persona crafted by campaign consultants and filtered through dominant media trends masks the change candidate s adherence to long prevailing power structures and party doctrines He shows how American political culture has produced misperceptions by the electorate of Obama s positions and values Obama is no magical exception to the narrow spectrum electoral system and ideological culture that have done so much to define and limit the American political tradition Yet the author suggests key ways in which Obama potentially advances democratic transformation Street makes recommendations on how citizens can productively respond to and act upon Obama s influence and the broader historical and social forces that have produced his celebrity and relevance He also lays out a real agenda for change for the new presidential administration one that addresses the recent failures of democratic politics Kill Anything That Moves Nick Turse,2013-01-15 Based on classified documents and interviews argues that American acts of violence against millions of Vietnamese civilians during the Vietnam

War were a pervasive and systematic part of the war **Global Discontents** Noam Chomsky, David Barsamian, 2017-12-05
In this compelling set of interviews the intellectual discusses contemporary threats to democracy from economic inequality to the Trump presidency In wide ranging discussions with David Barsamian his longtime interlocutor Noam Chomsky asks us to consider the world we are leaving to our grandchildren one imperiled by climate change and the growing potential for nuclear war If the current system is incapable of dealing with these threats he argues it's up to us to radically change it The twelve interviews in *Global Discontents* examine the recent global developments the rise of ISIS the reach of state surveillance growing anger over economic inequality conflicts in the Middle East and the presidency of Donald Trump In personal reflections on his Philadelphia childhood Chomsky also describes his own intellectual journey and the development of his uncompromising stance as America's premier dissident intellectual Well informed salvos to please or enrage depending on one's politics Kirkus Reviews *Dismantling the Empire* Chalmers Johnson, 2010-08-17 From the bestselling author of *Blowback* a must read for anyone looking for meaningful information concerning the future of the American Empire *Foreign Policy Journal* In his prophetic book *Blowback* published before 9/11 Chalmers Johnson warned that our secret operations in Iraq and elsewhere around the globe would exact a price at home Now in a brilliant series of essays written over the last three years Johnson measures that price and the resulting dangers America faces Our reliance on Pentagon economics a global empire of bases and war without end is he declares nothing short of a suicide option *Dismantling the Empire* explores the subjects for which Johnson is now famous from the origins of blowback to Barack Obama's Afghanistan conundrum including our inept spies our bad behavior in other countries our ill fought wars and our capitulation to a military that has taken ever more control of the federal budget There is he proposes only one way out President Obama must begin to dismantle the empire before the Pentagon dismantles the American Dream If we do not learn from the fates of past empires he suggests our decline and fall are foreordained This is Johnson at his best delivering both a warning and an urgent prescription for a remedy Praise for Chalmers Johnson Johnson wants the scales to fall from American eyes so that the nation can see the truth about its role in the world His is a patriot's passion his motive is to save the American republic he loves Jonathan Freedland *The New York Review of Books*
