Blacks and Jews in Literary Conversation E. Miller Budick, 1998-09-28 *Blacks and Jews in Literary Conversation* explores the works of a range of black and Jewish writers critics and academics from the 1950s to the 1980s By recording conversations both direct such as essays and letters and indirect such as the fiction of Bernard Malamud Philip Roth Alice Walker Cynthia Ozick Toni Morrison and James Baldwin this book shows how dialogue can engender misperceptions and misunderstandings and how blacks and Jews in America have both sought and resisted assimilation By analyzing the history of this discourse the author explores the ways in which ethnic fiction works in interethnic America the effects of identity politics and the tensions and bonds created as African and Jewish Americans continue to construct their ethnic and religious identities in the United States

Blacks and Jews in America Terrence L. Johnson, Jacques Berlinerblau, 2024-04 A Black Jewish dialogue lifts a veil on these groups unspoken history shedding light on the challenges and promises facing American democracy from its inception to the present and modeling the honest conversation needed for Blacks and Jews to forge a new understanding

Black Harlem and the Jewish Lower East Side Catherine Rottenberg, 2013-01-01 Comprehensive analysis of how Harlem and the Lower East Side have been depicted over the course of the twentieth century in African American and Jewish American literature

Race, Culture, and the Intellectuals, 1940-1970 Richard H. King, 2004-08-17 To study this transition from universalism to cultural particularism Richard King focuses on the arguments of major thinkers movements and traditions of thought attempting to construct a map of the ideological positions that were staked out and an intellectual history of this transition

Jewish American and Holocaust Literature Alan L. Berger, Gloria L. Cronin, 2012-02-01 Challenging the notion that Jewish American and Holocaust literature have exhausted their limits this volume reexamines these closely linked traditions in light of recent postmodern theory Composed against the tumultuous background of great cultural transition and unprecedented state sponsored systematic murder Jewish American and Holocaust literature both address the concerns of postmodern human existence in extremis In addition to exploring how various mythic and literary themes are deconstructed in the lurid light of Auschwitz this book provides critical reassessments of Saul Bellow Bernard Malamud and Philip Roth as well as contemporary Jewish American writers who are extending this vibrant tradition into the new millennium These essays deepen and enrich our understanding of the Jewish literary tradition and the implications of the Shoah

Studies in Contemporary Jewry Eli Lederhendler, 2001-12-20 Bringing together contributions from established scholars as well as promising younger academics the seventeenth volume of this established series offers a broad ranging view of why Judaism a religion whose observance is more honored in the breach in most western Jewish communities has garnered attention authority and controversy in the late twentieth century The volume

considers the ways in which theological writings sweeping social change individual or small group needs and intra communal diversity have re energized Judaism even amidst secular trends in America and Israel **The Cambridge Companion to Jewish American Literature** Hana Wirth-Nesher, Michael P. Kramer, 2003-06-12 For more than two hundred years Jews have played important roles in the development of American literature The Cambridge Companion to Jewish American Literature addresses a wide array of themes and approaches to the distinct yet multifaceted body of Jewish American literature Essays examine writing from the 1700s to major contemporary writers such as Saul Bellow and Philip Roth Topics covered include literary history immigration and acculturation Yiddish and Hebrew literature popular culture women writers literary theory and poetics multilingualism the Holocaust and contemporary fiction This collection of specially commissioned essays by leading figures discusses Jewish American literature in relation to ethnicity religion politics race gender ideology history and ethics and places it in the contexts of both Jewish and American writing With its chronology and guides to further reading this volume will prove valuable to scholars and students alike **Blackness in Western Europe** Dienne Hondius, 2017-09-29 While the study of race relations in the United States continues to inspire and influence European thinking Europeans have yet to confront their own history To be black in Europe whether during the sixteenth century or today means sharing one crucial experience being part of a small but visible minority European slave owners company directors and investors in the distant past maintained an ocean wide gap between themselves and the enslaved in the plantation colonies of the Caribbean In the following centuries this distance persisted Even today to be black in Europe often means to be one of a few black persons in a group A racial pattern of exclusion has characterized European policy for more than four centuries Dienne Hondius identifies ideas and attitudes toward blackness the concept of race as visible difference developed in western Europe She argues that racial discourses are generally dominated by paternalism a concept usually used to explain power structures that is often applied to the nineteenth century Hondius identifies five patterns of paternalism that influenced Europe much earlier and initiated trends of imagery and perception Taking a chronological and thematic approach Hondius first focuses on southern European societies in the Early Modern period and moves to northwest European societies in the Modern period Addressing religion law and science she concludes with a synthesis of developments from the twentieth century to the present [The Ocean Hill-Brownsville Conflict](#) Glen Anthony Harris, 2012-05-18 The history of Black Jewish relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension The Ocean Hill Brownsville Conflict explores this fraught relationship which is evident in the intellectual lives of these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in

intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences
