Van Fleet,2024-06-06 Dysfunctional organizations result from individual behavior and the cultures they develop Many individuals have directly experienced some form of dysfunctional behavior including trauma from nonfatal workplace violence bullying harassment violence and unsafe work practices These and other unacceptable workplace behaviors pose significant problems in organizations Psychological safety

This book uses simple and direct words to describe forms of behavior that are obstacles to developing psychological safety. It then provides practical guidance for what can and should be done to remove those obstacles. A unique framework V REEL enables a better understanding of how and why behaviors are associated with dysfunctional organizations.
