Apec At 20 Recall Reflect Remake:

APEC at 20 K Kesavapany, Hank Lim, 2009 Spanning 20 years of history the achievements of APEC may seem uneventful in the eyes of some observers Yet careful deliberation will point to APEC s many remarkable high points as well as some of the challenges The foundations of APEC were set in place about 40 years ago based on the achievements of the Association of Southeast Asian Nations ASEAN and the Pacific Economic Cooperation Council PECC One of the cornerstones of APEC s vision is to achieve a free and open trade area among its member economies This vision is anchored in the Bogor Goals that remain the centrepiece of the APEC process The Bogor Goals represent a cause for celebration as well as angst Celebration because the region has moved towards achieving a much more liberalized environment of trading and investment since 1989 angst because the deadlines for achieving the goals have not yet been fully realized Today APEC embraces many of the world s dynamic developed and developing economies that are better poised to meet the new challenges of this century For those seeking to get a quick sweep of APEC this book recalls reflects and provides enough food for thought on the possible remake of APEC The chapters are carefully written by experts who have been directly involved in the APEC process one way or another The invaluable insights serve to place the whole APEC process in a balanced perspective yet with candid deliberations APEC Ippei Yamazawa, 2012 APEC is a crucial trans regional arrangement that draws the US into constructive economic engagement with East Asia This book makes it clear why APEC remains such a crucial element of regional economic architecture and defines an agenda doing forward to which regional leaders should aspire

International Economic Law Won-mog Choi, 2015-09-10 This book assesses the past 20 years of development of international economic law in time for the WTO s 20th Anniversary and forecasts the future of international economic law This edited volume brings together experts in the Asia Pacific region from a range of backgrounds to provide perspectives on many issues that arise from the international economic law experience focusing on its legal significance and likely impact on multilateralism The past two decades have seen a significant proliferation of regional trade agreements and a lack of multilateral governance of finance around the world How to respond to these challenges and how to reform the WTO jurisprudence and process to co ordinate global and regional mechanisms have become compelling questions for large scale discussions and systemic analysis This book provides vital insights into just how to improve multilateral trading governance and to recalibrate international economic law in the twenty first century **God Knows Best: Apec Png 2018: My Way** Lahui Ako, 2023-04-10 Lahui Ako a former diplomat and PNG APEC Senior Official recounts the complex difficult and sometimes treacherous path he faced in the world of multilateral diplomacy both by himself and his country when it committed to host and chair APEC in 2018 He tells of the political barriers the diplomatic innuendos the financial hurdles and the organizational complexity he encountered from the planning phases in 2012 right up to being in the cross fire of the nationalistic Trump officials and China s aggressive wolf warrior diplomats where hard choices had to be made in November

2018 Ultimately there wont be a consensus APEC 2018 Leaders Declaration but Lahui and his team will acquit themselves well simply because their God knows best

New Asian Regionalism in International Economic Law Pasha L. Hsieh,2021-12-16 Provides the first systematic analysis of new Asian regionalism as a paradigm shift in international economic law

Asia-Pacific Economic Cooperation Ippei Yamazawa,2003-08-01 Ippei Yamazawa is one of the fathers to the study of Asia Pacific regional cooperation in Japan and has contributed hugely to the development and work of APEC over many years APEC is a crucial trans regional arrangement that draws the United States into constructive economic engagement with East Asia This book makes it clear why APEC remains such a crucial element of regional economic architecture and defines an agenda going forward to which regional leaders should aspire Here is a first rate exposition of the priorities for regional cooperation in Asia and the Pacific Peter Drysdale Professor Emeritus Australian National University

Multilateral Asian Security Architecture See Seng Tan,2015-07-16 This book provides a comparative assessment of the material and ideational contributions of five countries to the regional architecture of post Cold War Asia In contrast to the usual emphasis placed on the role and centrality of the Association of Southeast Asian Nations ASEAN in Asia s multilateral architecture and its component institutions this book argues that the four non ASEAN countries of interest here 3 4 Australia Japan China and the United States 3 4 and Indonesia have played and continue to play an influential part in determining the shape and substance of Asian multilateralism from its pre inception to the present The work does not contend that existing scholarship overstates ASEAN s significance to the successes and failures of Asia s multilateral enterprise Rather it claims that the impact of non ASEAN stakeholders in innovating multilateral architecture in Asia has been understated Whether ASEAN has fared well or poorly as a custodian of Asia s regional architecture the fact remains that the countries considered here notwithstanding their present discontent over the state of that architecture are key to understanding the evolution of Asian multilateralism This book will be of much interest to students of Asian politics international organisations security studies and IR more generally

Historical Dictionary of International Organizations in Asia and the Pacific Derek McDougall,2014-10-01 Historical Dictionary of International Organizations in Asia and the Pacific Second Edition covers global international and regional organizations in Asia and the Pacific and encompasses both governmental and non governmental organizations This second edition covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities thematic topics and major international issues affecting the region This book is a valuable tool for anyone seeking details about international organizations in Asia and the Pacific and the international context within which those organizations function

The Political Economy of New Regionalisms in the Pacific Rim José Briceño-Ruiz,Philippe De Lombaerde,2019-08-28 Combining an analysis of regionalism from a systemic view with a domestic political economy analysis this book sheds light on the new dynamics and emerging configurations of regionalisms

and interregionalisms in the post Trans Pacific Partnership TPP Donald Trump s presidency has transformed trans Pacific economic and political relations contrasting sharply with President Obama s pivot to Asia strategy Unilateralism and bilateralism have returned to the center stage at the cost of regionalism interregionalism and multilateralism Understanding these new dynamics requires closer examination of the underlying domestic political economies Examining ten country case studies of multi actor agency at the national level expert contributors argue that trans Pacific relations should not only be explained in terms of the behavior of the major powers but that medium powers and even small countries can exert influence and occupy strategic nodes and contribute to shaping a new international relations network Their findings will be of interest to scholars of international relations international political economy regionalism and international economics *Tommy Koh Reader, The: Favourite Essays And Lectures* Tommy Koh, 2013-10-23 Professor Tommy Koh is Singapore s Ambassador at Large at the Ministry of Foreign Affairs Rector of Tembusu College Special Adviser of the Institute of Policy Studies and Chairman of the Centre for International Law National University of Singapore In his distinguished career Prof Koh has served as Singapore s Permanent Representative to the United Nations as Ambassador to the United States of America as President of the Third UN Conference on the Law of the Sea and Chairman of the Preparatory Committee and the Main Committee of the UN Conference on Environment and Development He was the UN Secretary General s Special Envoy to Russia Estonia Latvia and Lithuania He chaired two dispute panels for the WTO He was also Singapore s Chief Negotiator for the US Singapore Free Trade Agreement He was also the chairman of the group which drafted the Asean Charter He chairs three committees for the National University of Singapore relating to law Asia research and environmental management An active patron of the arts Prof Koh has served as Chairman of the National Heritage Board National Arts Council and many other cultural groups In recognition of his meritorious public service and achievements he was conferred many honours both locally and internationally He has been named as Champion of the Earth in 2006 by the UN Environment Programme UNEP Prof Koh has been selected to receive Harvard s 2014 Great Negotiator Award sponsored by the Program on Negotiation based at Harvard Law School an interuniversity consortium of Harvard MIT and Tufts as well as Harvard s Program on the Future of Diplomacy This collection of Prof Koh s favourite essays and lectures gives the reader an insight into his illustrious academic and diplomatic career The volume also includes his articles on diplomacy and international law art culture heritage nature and environmental issues
