*Global America* Robert McGreevey, Christopher Fisher (Historian), Alan Dawley, 2018 *Global America* examines the history of the United States as it affected and continues to affect world history in the 20th and 21st centuries *Global America* uses the themes of migration and immigration as useful conduits for exploring global connections and for examining the social and political dimensions of 20th century U S history This outsider s perspective informs its analysis of the politics international relations and social and cultural affairs The text begins with U S imperial expansion in the late 19th century and uses new perspectives to weave together topics such as social reform the world wars and the rise of conservatism in a way that helps readers gain a new understanding of American leadership in recent years *Global America* helps connect U S History and World History through an innovative macro perspective in an era of globalization and changing societies **Economic**

**Decisions of the Civil Aeronautics Board** United States. Civil Aeronautics Board, 1977-03 *Religion Around Bono* Chad E. Seales, 2019-10-24 For many U2 s Bono is an icon of both evangelical spirituality and secular moral activism In this book Chad E Seales examines the religious and spiritual culture that has built up around the rock star over the course of his career and considers how Bono engages with that religion in his music and in his activism Looking at Bono and his work within a wider critique of white American evangelicalism Seales traces Bono s career from his background in religious groups in the 1970s to his rise to stardom in the 1980s and his relationship with political and economic figures such as Jeffrey Sachs Bill Clinton and Jesse Helms In doing so Seales shows us a different Bono one who uses the spiritual meaning of church tradition to advocate for the promise that free markets and for profits will bring justice and freedom to the world s poor Engaging with scholarship in popular culture music religious studies race and economic development Seales makes the compelling case that neoliberal capitalism is a religion and that Bono is its best known celebrity revivalist Engagingly written and bitingly critical *Religion Around Bono* promises to transform our understanding of the rock star s career and advocacy Those interested in the intersection of rock music religion and activism will find Seales s study provocative and enlightening *Asia-Pacific*

*Economic Cooperation (APEC)* Werner Draguhn, Eva Manske, Jürgen Rüland, 2013-04-03 The Asia Pacific Economic Cooperation APEC was founded in 1989 Since then the forum has developed into a major player in tri partite relations between North America East Asia and Europe The Seattle and Bogor Summits were landmark events suggesting to many observers a gravitational shift in the world economy and world politics Yet the Asian financial crisis had a sobering effect on high flying expectations as APEC contributed little to crisis management In the light of such contradictory performance distinguished scholars here examine APEC s achievements and failures its role and functions in international relations its linkages with regional organisations and the interplay between the forum and national interests of major factors in the region

*Incomplete Streets* Stephen Zavestoski, Julian Agyeman, 2014-08-27 The Complete Streets concept and movement in urban planning and policy has been hailed by many as a revolution that aims to challenge the auto normative paradigm by

reversing the broader effects of an urban form shaped by the logic of keeping automobiles moving By enabling safe access for all users Complete Streets promise to make cities more walkable and livable and at the same time more sustainable This book problematizes the Complete Streets concept by suggesting that streets should not be thought of as merely physical spaces but as symbolic and social spaces When important social and symbolic narratives are missing from the discourse and practice of Complete Streets what actually results are incomplete streets The volume questions whether the ways in which complete streets narratives policies plans and efforts are envisioned and implemented might be systematically reproducing many of the urban spatial and social inequalities and injustices that have characterized cities for the last century or more From critiques of a mobility bias rooted in the neoliberal foundations of the Complete Streets concept to concerns about resulting environmental gentrification the chapters in Incomplete Streets variously call for planning processes that give voice to the historically marginalized and more broadly that approach streets as dynamic fluid and public social places This interdisciplinary book is aimed at students researchers and professionals in the fields of urban geography environmental studies urban planning and policy transportation planning and urban sociology

**Socio-economic and Eco-biological Dimensions in Resource use and Conservation** Niranjana Roy, Shubhadeep Roychoudhury, Sunil Nautiyal, Sunil K. United States International Aviation Negotiations United States. Congress. House. Committee on Public Works and Transportation. Subcommittee on Aviation, 1978 The Right Kind of Revolution Michael E. Latham, 2011-01-15 After World War II a powerful conviction took hold among American intellectuals and policymakers that the United States could profoundly accelerate and ultimately direct the development of the decolonizing world serving as a modernizing force around the globe By accelerating economic growth promoting agricultural expansion and encouraging the rise of enlightened elites they hoped to link development with security preventing revolutions and rapidly creating liberal capitalist states In The Right Kind of Revolution Michael E Latham explores the role of modernization and development in U S foreign policy from the early Cold War through the present The modernization project rarely went as its architects anticipated Nationalist leaders in postcolonial states such as India Ghana and Egypt pursued their own independent visions of development Attempts to promote technological solutions to development problems also

created unintended consequences by increasing inequality damaging the environment and supporting coercive social policies In countries such as Guatemala South Vietnam and Iran U S officials and policymakers turned to modernization as a means of counterinsurgency and control ultimately shoring up dictatorial regimes and exacerbating the very revolutionary dangers they wished to resolve Those failures contributed to a growing challenge to modernization theory in the late 1960s and 1970s Since the end of the Cold War the faith in modernization as a panacea has reemerged The idea of a global New Deal however has been replaced by a neoliberal emphasis on the power of markets to shape developing nations in benevolent ways U S policymakers have continued to insist that history has a clear universal direction but events in Iraq and Afghanistan give the lie to modernization s false hopes and appealing promises      *Research Methods in International Law* Deplano, Rossana, Tsagourias, Nicholas, 2021-07-31 This timely Handbook contains a wide ranging overview of the diverse research methods used within international law Providing an insightful examination of how international legal knowledge is analysed and adopted this Handbook offers the reader a deeper understanding on the role and place of research methods in international legal theory reasoning and practice      The Hindu Survey of Indian Industry ,2001
