Apocalyptic Faith And Political Violence Prophets Of Terror:

Apocalyptic Faith and Political Violence J. Rinehart, 2006-09-02 This study examines the functional relationship between millenarian inspired terrorism and the process of political change Through an exhaustive investigation of late Twentieth century movements Aum Shinrikyo Sendero Luminoso and Hezbollah it concludes that in each case apocalyptic expectations performed a significant group mobilization leadership and therapeutic function

Religious Violence Today Michael Jerryson, 2020-07-15 Through sections containing overview essays and reference entries related to particular religions this resource explores the rise of religious violence hate crime and persecution around the world Religious violence and persecution have been growing steadily both within the United States and around the world Drawing on the expertise of a wide range of scholars this current and comprehensive reference helps readers understand the persecution of members of particular faiths as well as violence committed by members of those faiths In doing so it promotes a greater understanding of the role of religion in global politics domestic and international terrorism and religious bigotry The book contains sections on particular religious traditions from around the world Each section begins with an overview essay surveying violence related to that particular religion whether committed by or against members of that faith Reference entries in each section then provide objective fundamental information about particular topics related to violence and the religion discussed The entries provide cross references and suggestions for further reading and the work closes with a bibliography of resources for further study

Religious Conflict from Early Christianity to the Rise of Islam Wendy Mayer, Bronwen Neil, 2013-08-29 Conflict has been an inescapable facet of religion from its very beginnings This volume offers insight into the mechanisms at play in the centuries from the Jesus movement's first attempts to define itself over and against Judaism to the beginnings of Islam Profiling research by scholars of the Centre for Early Christian Studies at Australian Catholic University the essays document inter and intra religious conflict from a variety of angles Topics relevant to the early centuries range from religious conflict between different parts of the Christian canon types of conflict the origins of conflict strategies for winning for conflict resolution and the emergence of a language of conflict For the fourth to seventh centuries case studies from Asia Minor Syria Constantinople Gaul Arabia and Egypt are presented The volume closes with examinations of the Christian and Jewish response to Islam and of Islam's response to Christianity Given the political and religious tensions in the world today this volume is well positioned to find relevance and meaning in societies still grappling with the monotheistic religions of Judaism Christianity and Islam

Violence and New Religious Movements James R. Lewis, 2011-04-06 The relationship between new religious movements NRMs and violence has long been a topic of intense public interest an interest heavily fueled by multiple incidents of mass violence involving certain groups Some of these incidents have made international headlines When New Religious Movements make the news it's usually because of some violent episode Some of the most famous NRMs are known much more for the violent way they came to an end than for anything else Violence and New

Religious Movements offers a comprehensive examination of violence by and against new religious movements The book begins with theoretical essays on the relationship between violence and NRMs and then moves on to examine particular groups There are essays on the Big Five the most well known cases of violent incidents involving NRMs Jonestown Waco Solar Temple the Aum Shunrikyo subway attack and the Heaven s Gate suicides But the book also provides a richer survey by examining a host of lesser known groups This volume is the culmination of decades of research by scholars of New Religious Movements

Understanding Securitisation Theory Thierry Balzacq, 2010-09-13 This volume aims to provide a new framework for the analysis of securitization processes increasing our understanding of how security issues emerge evolve and dissolve Securitisation theory has become one of the key components of security studies and IR courses in recent years and this book represents the first attempt to provide an integrated and rigorous overview of securitization practices within a coherent framework To do so it organizes securitization around three core assumptions which make the theory applicable to empirical studies the centrality of audience the co dependency of agency and context and the structuring force of the dispositif These assumptions are then investigated through discourse analysis process tracing ethnographic research and content analysis and discussed in relation to extensive case studies This innovative new book will be of much interest to students of securitisation and critical security studies as well as IR theory and sociology Thierry Balzacq is holder of the Tocqueville Chair on Security Policies and Professor at the University of Namur He is Research Director at the University of Louvain and Associate Researcher at the Centre for European Studies at Sciences Po Paris

Political Violence in Judaism, Christianity, and Islam Jonathan Fine, 2015-03-26 Religious political violence is by no means a new phenomenon yet there are critical differences between the various historical instances of such violence and its more current permutations Since the mid 1970s religious fundamentalist movements have been seeking to influence world order by participating in local political systems For example Islamic fundamentalism is at the heart of the Muslim Brotherhood in Egypt the Christian fundamental right wing has seen a resurgence in Europe and Jewish fundamentalism is behind the actions of Meir Kahane s Kach movement and the settler movement The shift in recent years from secular to religious political violence necessitates a reevaluation of contemporary political violence and of the concept of religious violence This text analyzes the evolution of religious political violence in both historical and contemporary perspectives Since religious political violence events are usually associated with the term terrorism the book first analyzes the origins of this controversial term and its religious manifestations It then outlines and highlights the differences between secular and religious political violence on ideological strategic and tactical levels before comparing the concept of Holy War in Judaism Christianity and Islam Lastly it shows how modern radical monotheistic religious groups interpret and manipulate their religious sources and ideas to advocate their political agendas including the practice of violence A unique comparative study of religious political violence across Judaism Islam and Christianity this text features many international case studies from the Crusades to the Arab Spring

Critical

Security and Chinese Politics Juha A. Vuori, 2014-10-24 This book examines how critical approaches to security developed in Europe can be used to investigate a Chinese security issue the case of the Falungong The past few decades have produced a rich field of theoretical approaches to security in Europe In this book the security specific notions of securitization the politics of insecurity and emancipation are used as analytical approaches to investigate the anti Falungong campaign in the People s Republic of China This campaign launched in 1999 was the largest security related propaganda campaign since 1989 and was directed against a group of qigong practitioners who were presented as a grave threat to society The campaign had major impacts as new security legislation was established and human rights organizations reported severe mistreatment of practitioners This book approaches one empirical case with three approaches in order to transcend the tendency to pit one approach against another It shows how they highlight different aspects in investigation and how they can be combined to gain more comprehensive insights and thereby invigorate renewed debate in the field Furthermore this is used as a vehicle to discuss more general philosophical issues of theory development and theory development and will assist students to comprehend the effects research framework selection has on a piece of research Such discussions are necessary in order to apply the frameworks in investigations that go beyond the socio political context they were originally developed in This book will be of interest to students of critical security studies Chinese politics research methods and IR in general The "Other" in Second Temple Judaism Daniel C. Harlow, 2011-02-08 Based on a conference held Apr 4 5 2008 at Amherst College

Apocalypse without God Ben Jones, 2022-04-21 Apocalypse it seems is everywhere Preachers with vast followings proclaim the world s end Apocalyptic fears grip even the nonreligious amid climate change pandemics and threats of nuclear war As these ideas pervade popular discourse grasping their logic remains elusive Ben Jones argues that we can gain insight into apocalyptic thought through secular thinkers He starts with a puzzle Why would secular thinkers draw on Christian apocalyptic beliefs often dismissed as bizarre to interpret politics The apocalyptic tradition proves appealing in part because it theorizes a relation between crisis and utopia Apocalyptic thought points to crisis as the vehicle to bring the previously impossible within reach offering resources for navigating challenges in ideal theory which involves imagining the best most just society By examining apocalyptic thought s appeal and risks this study arrives at new insights on the limits of utopian hope This title is available as open access on Cambridge Core A Theological Account of Nat Turner K.

Lampley, 2013-08-20 In this unique volume Lampley analyzes the theology of Nat Turner s violent slave rebellion in juxtaposition with Old Testament views of prophetic violence and Jesus politics of violence in the New Testament and in consideration of the history of Christian violence and the violence embedded in traditional Christian theology
