A More Perfect Union One A Primer On Governance:

A More Perfect Union - Book One Ergo the Martian, 2015-11-12 Over the past two centuries American democracy has made substantial progress toward becoming more expansive inclusive and egalitarian Unfortunately we are now at a point where this effort has stalled and where further progress is doubtful In short our governmental structure has reached the bounds of its effectiveness and our governance is now in decline Americans sense this There is a strong undercurrent of dissatisfaction flowing through the land and Americans are frustrated with the inability of their elected leaders to govern As a result they are seeking salvation from presidential candidates both left and right that they perceive as political outsiders Trump Carson Fiorina and Sanders Unfortunately this too is not the answer Through the guise of an unbiased visitor from Mars Ergo the Martian the author offers insight on what is going wrong and more importantly ideas on how to make it right with proposals that are sound plausible reasoned and achievable These proposals are not for our elected officials who are collectively the problem but rather are for frustrated Americans who are the only ones that can make a difference and who by collective and concerted effort can actually right the ship *A More Perfect Union* Ben Carson, MD, Candy

Carson, 2015-10-06 Dr Ben Carson the acclaimed bestselling author of *One Nation America the Beautiful and Gifted Hands* returns with his unique blend of insight clarity and common sense in *A More Perfect Union* Dr Carson proves that you don't have to be a legal scholar to understand appreciate and defend the United States Constitution [The American Freedoms Primer](#) Les Adams, 2015-01-06 *The American Freedoms Primer* is a compilation of the most historically significant speeches and writings on liberty from the seventeenth century to the present day Many of the declarations contained in these pages have influenced and inspired legislation shaping United States policies on human equality and civil rights Several works by theorists and philosophers who drove the expansion of capitalism and democracy are included such as John Locke Edmund Burke and Samuel Adams Several of this nation's founding fathers contribute seminal works as well including but not limited to George Washington Thomas Jefferson Benjamin Franklin and James Madison Abraham Lincoln's Inaugural Address Emancipation Proclamation and his Gettysburg Address are all in here as are the works of other nineteenth century philosophical and legal geniuses such as Daniel Webster Frederick Douglass and Theodore Roosevelt Finally of the great twentieth century orators and writers on civil liberties this book draws from Woodrow Wilson Franklin Delano Roosevelt John F Kennedy Lyndon B Johnson Martin Luther King Jr and several others This pocket sized book will inspire and educate

Dreams of a More Perfect Union Rogan Kersh, 2013-06-04 In a brilliantly conceived and elegantly written book Rogan Kersh investigates the idea of national union in the United States For much of the period between the colonial era and the late nineteenth century he shows union was the principal rhetorical means by which Americans expressed shared ideals and a common identity without invoking strong nationalism or centralized governance Through his exploration of how Americans once succeeded in uniting a diverse and fragmented citizenry Kersh revives a long forgotten source of U S national identity

Why and how did Americans perceive themselves as one people from the early history of the republic How did African Americans and others at the margins of U S civic culture apply this concept of union Why did the term disappear from vernacular after the 1880s In his search for answers Kersh employs a wide range of methods including political theory analysis of writings by James Madison Frederick Douglass and Abraham Lincoln and empirical analysis drawing on his own extensive database of American newspapers The author s findings are persuasive and often surprising One intriguing development for instance was a strong resurgence of union feelings among Southerners including prominent former secessionists after the Civil War With its fascinating and novel approach Dreams of a More Perfect Union offers valuable insights about American political history especially the rise of nationalism and federalism Equally important the author s close retracing of the religious institutional and other themes coloring the development of unionist thought unveils new knowledge about the origination and transmittal of ideas in a polity
