A Parents Guide To Mandarin Immersion:

A Parent's Guide to Mandarin Immersion Elizabeth Weise, 2014-09-15 Whether you're a preschool parent looking towards elementary school or a long time Mandarin immersion family this book will help explain how Mandarin immersion programs work and what you can expect from them. A Mandarin immersion parent herself Elizabeth Weise gives families the background they need to make the most of the tremendous educational opportunity immersion represents. What the experts are saying. Weise combines journalistic writing talents with a longstanding interest in Chinese language learning to offer current and prospective parents an engaging and informative guide to Mandarin immersion education in the U.S. This handbook serves as an excellent resource chock full of news and information about how to get the most from your child's Mandarin immersion experience. Dr. Tara W. Fortune, Director, Immersion Projects Center for Advanced Research on Language Acquisition, University of Minnesota. If you'd like to understand the dynamics of Chinese immersion education, look no further. Beth Weise is a prescient and astute guide through this often confusing and misunderstood world. Her book is required reading for parents, administrators, and practitioners, a major contribution to the field. Chris Livaccari, Chinese Program Director, International School of the Peninsula, Palo Alto, California. This book addresses issues of concern not only to parents but anyone involved in Chinese language education. It provides amazingly complete information and statistics about Chinese immersion programs. Painfully honest, it tells us about school and school district politics surrounding the implementation of these programs. Weise's insights make it a must-have guidebook for anyone interested in Chinese immersion. Dr. Christy Lao, Professor of Education and expert on second language acquisition at San Francisco State University, California. Chapters include: A history of language immersion; How Mandarin immersion works; Immersion and your child's academic career; Being bilingual is better; Do they learn English? How much Chinese will they learn? Why schools choose Mandarin immersion; Tips from parents; Parent, student, and school profiles. *The Handbook of Dual Language Bilingual Education* Juan A.

Freire, Cristina Alfaro, Ester de Jong, 2023-09-29 This handbook presents a state-of-the-art overview of dual language bilingual education (DLBE) research, programs, pedagogy, and practice. Organized around four sections: theoretical foundations, key issues and trends, school-based practices, and teacher and administrator preparation, the volume comprehensively addresses major and emerging topics in the field. With contributions from expert scholars, the handbook highlights programs that honor the assets of language-minoritized and marginalized students and provides empirically grounded guidance for asset-based instruction. Chapters cover historical and policy considerations, leadership, family relations, professional development, community partnerships, race, class, gender, and more. Synthesizing major issues, discussing central themes, and advancing policy and practice, this handbook is a seminal volume and definitive reference text in bilingual second language education.

[The Routledge Handbook of Chinese Language Teaching](#) Chris Shei, Monica McLellan Zikpi, Der-Lin Chao, 2019-07-22 The Routledge Handbook of Chinese Language Teaching defines Chinese language teaching in a pedagogical, historical, and

contemporary context Throughout the volume teaching methods are discussed including the traditional China based approach and Western methods such as communicative teaching and the immersion program The Handbook also presents a pedagogical model covering pronunciation tones characters vocabulary grammar and the teaching of listening speaking reading and writing The remaining chapters explore topics of language assessment technology enhanced instruction teaching materials and resources Chinese for specific purposes classroom implementation social contexts of language teaching and language teaching policies and pragmatics and culture Ideal for scholars and researchers of Chinese language teaching the Handbook will benefit educators and teacher training programs This is the first comprehensive volume exploring the growing area of Chinese language pedagogy

Mandarin Chinese Dual Language Immersion Programs Ko-Yin Sung, Hsiao-Mei Tsai, 2019-06-05 This book discusses multiple aspects of Chinese dual language immersion DLI programs with a focus on the controversial Utah model The first part of the book focuses on the parents teachers and school administrators It looks at the perceptions of the three groups toward the Utah model how they build a supportive DLI classroom with an emphasis on teacher teacher and teacher

parent communication and how the teachers position themselves in teaching through their teacher identities The second part of the book emphasizes classroom research and explores teaching and learning strategies corrective feedback and learner uptake and repair translanguaging in authentic teacher student interaction and Chinese character teaching As the first DLI book to include a non alphabetical language Chinese it addresses the need for more research on DLI programs of languages other than Spanish The book will benefit not only Chinese DLI educators and administrators in the US but will also offer some useful suggestions and thoughts to educators and administrators of similar programs worldwide

Intelligibility, Tones and Young Beginner Learners of Mandarin Chinese Robert Neal, 2025-03-12 Two decades ago Mandarin Chinese seemed set to become a mainstream school subject in Anglophone settings Yet current learning outcomes are generally disappointing Is Chinese too difficult for learners at this level Should it be left to the posh kids with pushy parents Set within the context of teaching and learning Chinese at an inner city secondary school in the North of England and adopting a case study research design this book aims to develop research informed insights into the nature of the pronunciation challenges facing beginner learners of Chinese While existing research has shown that producing native like tones is difficult for Anglophone learners the question of how important tones are for intelligibility has been largely ignored Do heavily accented tones actually matter Which specific areas of the learners speech signal mislead their listeners How aware are learners of their own pronunciation errors Teachers of Chinese may not be able to solve entrenched geopolitical tensions but we can lay the foundations for a stronger engagement with China through excellent teaching However before authoritative pedagogical interventions can be made far more understanding is required of not only how adolescent beginners learn Chinese in school settings but also what can be realistically expected of them
