Cleveland Taylor, 2020-07-21 Spiritual endowment for today's believer is possible This possibility is studied and compared to that of the early church fathers This journey to the reception of Holy Spirit endowment of the early Pentecostal forefather was not short and instantaneous There is a waiting period that is observed and reported This book revisits the biblical significance of tarry's treatment in Luke 24:49 The key principle of waiting on the timing of God's provision of power was commanded The promised endowment is necessary to accomplish the job description God has given all Christians The reader will observe the results of a tarry presented to encounter the Holy Spirit experience The word for power that Luke uses in Luke 24:49 and Acts 1:8 reference that ability to do work Acts 1:4 placed emphases on them not leaving Jerusalem without the promise The potential value of this topic is in its impact on the reader's personal life The project conducts a hundred surveys interviews and research of historical tarry data The successful tarry as Luke presents it will yield an authentic encounter with the promised Holy Spirit and the production of guidelines for Christian mentors to tarry for endowment

Becoming Missional David W. Boshart, 2010-10-11 Christian leaders at every level of the church are working in the crucible of multiple realities where paradoxical trends occupy the same space and time Today church leaders find themselves bearing witness to the gospel in contexts of discontinuous change Nowhere is the complexity of mission strategy more apparent than in the relationships among denominational leaders and church planters Enlightenment era models of mission relied heavily on models applied to cross cultural contexts with little consideration of the congruence of the model with the cultural context While mission practitioners have done their share of experimentation in the field denominational centers typically play the role of referee in determining acceptable and unacceptable mission strategies While it may seem that everything is up for grabs in the ecology of the church the complexity and change Christians leaders face is not only a problem Change and complexity also offer frame breaking opportunities The narratives in this book presented as four case studies of church planting will explore issues with which local regional and denominational church leaders struggle as they attempt to plant churches at a time when modern models of mission are quickly losing their relevance and coherence This study will identify new pathways forward so that church leaders at every level can incarnate a winsome witness in social contexts that are increasingly characterized by complexity paradox and discontinuous change

Points of Connection Joshua A. Stone, 2024-04-19 Points of Connection Realizing the Potential for Improving the Church Membership Process Church member assimilation is key to growth for the Christian and has been particularly difficult for many churches since the recent pandemic A highly assimilated church is a church where all members are encouraged in tangible ways in their walk with Jesus Christ as their personal Savior by embodying the great apologetic but speaking the truth in love we are to grow up in all aspects into Him who is the head that is Christ from whom the whole body being fitted and held together by what every joint supplies according to the proper working of each individual part causes the growth of the body for the building up of itself in love Ephesians 4 15 16 NASB 2020 Using a structured program evaluation the author sought to gain insight from new church members by interviewing a

cross section of new members who had joined within a two year period Participants included a diverse group of church members including younger adults single adults married adults seasoned believers and new believers ensuring that all demographics of the church family were represented The participants interviewed had ample time to assimilate prior to the interviews The end goal was to determine why some members might not be assimilating well since joining the church and to get more members on the path to discipleship and service and connection to the local body of Christ through participatory membership The responses identified ways that the church can reach more people increase engagement and move people along to serving well as fully assimilated members In a supported effort to assimilate church members well this book will showcase a streamlined process of walking new members through the process of assimilation by helping them to connect with other believers with church leadership and with areas of service where they may employ their spiritual gifts This book may serve as a guided resource for pastors church staff members and leaders in the church as they help new members to find points of connection within the church
