

A Political Theology of Nature

PETER SCOTT

A Political Theology Of Nature A Political Theology Of Nature

Ryan LaMothe

A Political Theology Of Nature A Political Theology Of Nature:

A Political Theology of Nature Peter Scott, 2003-03-06 This book argues that the modern separation of humanity from nature can be traced to the displacement of the triune God. Locating the source of our current ecological crisis in this separation, Peter Scott argues that it can only be healed within theology through a revival of a Trinitarian doctrine of creation interacting with political philosophies of ecology. Drawing insights from deep ecology, ecofeminism, and social and socialist ecologies, Scott proposes a common realm of God, nature, and humanity. Both Trinitarian and political, the theology of this common realm is worked out by reference to Christ and Spirit. Christ's resurrection is presented as the liberation and renewal of ecological relations in nature and society; the movement of the Holy Spirit is understood as the renewal of fellowship between humanity and nature through ecological democracy, and the Eucharist is proposed as the principal political resource Christianity offers for an ecological age. Wiley Blackwell Companion to Political Theology William T. Cavanaugh, Peter Manley Scott, 2019-03-11 Offers a comprehensive survey and interpretation of contemporary Christian political theology in a newly revised and expanded edition. This book presents the latest thinking on the topic of contemporary Christian political theology with original and constructive essays that represent a range of opinions on various topics. With contributions from expert scholars in the field, it reflects a broad range of methodologies, ecclesial traditions, and geographic and social locations and provides a sense of the diversity of political theologies. It also addresses the primary resources of the Christian tradition which theologians draw on when constructing political theologies and surveys some of the most important figures and movements in political theology. This revised and expanded edition provides the most comprehensive and accessible introduction to this lively and growing area of Christian theology. Organized into five sections, Wiley Blackwell Companion to Political Theology Second Edition addresses the many changes that have occurred over the last 15 years within the field of political theology. It features new essays that address social developments and movements such as Anglican Social Thought, John Milbank, Anabaptist Political Theologies, African Political Theologies, Postcolonialism, Political Economy, Technology and Virtuality, and Grass roots Movements. The book also includes a new essay on the reception of Liberation Theology. Offers essays on topics such as the Trinity, atonement, and eschatology. Features contributions from leading voices in the field of political theology. Includes all new entries covering fresh developments and movements like the urgency of climate change, virtuality, and the digital age, the economic crisis of 2008, the discourse of religion and violence, and new modalities of war. Addresses some important social movements from a theological point of view, including postmodernism, grass roots movements, and more. Provides both Islamic and Jewish responses to political theology. Written for academics and students of political theology. Wiley Blackwell Companion to Political Theology 2nd Edition is an enlightening read that offers a wide range of authoritative essays from some of the most notable scholars in the field. José Martí's Liberative Political Theology Miguel A. De La Torre, 2021-05-15 José Martí's Liberative Political Theology argues that Martí's religious views which

at first glance might appear outdated and irrelevant are actually critical to understanding his social vision During a time in which the predominant philosophical view was materialistic e g Darwin Marx Mart sought to reconcile social and political trends with the metaphysical believing that ignoring the spiritual would create a soulless approach toward achieving a liberative society As such Mart used religious concepts and ideas as tools that could bring forth a more just social order In short this book argues Mart could be considered a precursor to what would come to be called liberation theology Miguel De La Torre has authored the most comprehensive text written thus far concerning Mart s religious views and how they affected his political thought The few similar texts that exist are written in Spanish and most of them romanticize Mart s spirituality in an attempt to portray him as a Christian believer Only a handful provide an academic investigation of Mart s theological thought based solely on his writings and those concentrate on just one aspect of Mart s religious influences Jos Mart s Liberative Political Theology allows for mutual influence between Mart s political and religious views rather than assuming one had precedence over the other

Walter Benjamin and Political Theology Brendan Moran,Paula Schwebel,2024-05-16 Tracing Walter Benjamin s convergences with and divergences from influential German legal theorist Carl Schmitt this edited collection contextualizes Benjamin s thinking in the intellectual currents of his time while also placing him in dialogue with traditions and thinkers from antiquity to the present At stake is whether Benjamin presents the possibility of a distinctive political theology a question which the collection addresses without collapsing the tensions internal to Benjamin s thought Benjamin s thought has been a touchstone explicitly or implicitly in numerous efforts to conceive of a new political theology that is not anchored in legitimizing and preserving power but in justice and liberation Benjamin interrogates the political theological complex from what may be construed as a vantage point opposed to Schmitt Whereas Schmitt excavates the theological elements in modernity in order to shore up liberalism s illiberal inheritance Benjamin roots out these latent structures in order to dissolve them and liberate us from their oppressive legacy This volume s multifaceted contributions explore why Benjamin has been such a fertile source for thinking about political theology beyond and often against Schmitt Benjamin indicates how existing political theologies can be challenged or expanded This book accordingly makes a wide range of relevant work available for study whilst also opening new perspectives on Benjamin s uvre **A**

Political Theology of Climate Change Michael S. Northcott,2013-11-30 Cover Dedication Contents Acknowledgements 1 The Geopolitics of a Slow Catastrophe 2 Coal Cosmos and Creation 3 Engineering the Air 4 Carbon Indulgences Ecological Debt and Metabolic Rift 5 The Crisis of Cosmopolitan Reason 6 The Nomos of the Earth and Governing the Anthropocene 7 Revolutionary Messianism and the End of Empire Index **The Cambridge Companion to Christian Political Theology**

Craig Hovey,Elizabeth Phillips,2015-11-20 This volume explores contemporary Christian political theology discussing its traditional sources its emergence as a discipline and its key issues *Encyclopedia of Religion and Nature* Bron

Taylor,2008-06-10 The Encyclopedia of Religion and Nature originally published in 2005 is a landmark work in the

burgeoning field of religion and nature It covers a vast and interdisciplinary range of material from thinkers to religious traditions and beyond with clarity and style Widely praised by reviewers and the recipient of two reference work awards since its publication see www.religionandnature.com earn this new more affordable version is a must have book for anyone interested in the manifold and fascinating links between religion and nature in all their many senses *A Radical Political Theology for the Anthropocene Era* Ryan LaMothe,2021-11-18 Given the fierce urgency of now this important book confronts and addresses key problems and questions of political theology with the aim of proposing a radical political theology for the Anthropocene Age LaMothe invites readers to think and be otherwise in living lives in common with all other human beings and other than human beings that dwell on this one earth *Nature and Time, Volume III* Dong In Baek,2025-04-14 Can theology mend a divided nation In *Nature and Time Volume III* Baek Dong In invites the reader on a transformative journey that bridges profound theological concepts with the urgent quest for peace on the Korean Peninsula Moving beyond abstract doctrines this book brings the Trinity and the active work of the Holy Spirit into the real world challenges of a nation longing for unity Discover how the divine relationship within the Trinity offers a powerful model for reconciling unity and difference just as North and South Korea seek harmony without losing their unique identities Experience the Holy Spirit not as a distant comforter but as a dynamic force driving change healing wounds and inspiring hope Blending theology Scripture and philosophy Baek Dong In crafts a practical framework for peace that resonates with the lived experiences of the Korean people This isn't just a book for theologians it's for anyone who believes faith can ignite real world transformation Join the conversation and explore how timeless spiritual truths can pave the way toward a more peaceful united Korea

Technofutures, Nature and the Sacred Celia Deane-Drummond,Sigurd Bergmann,Bronislaw Szerszynski,2016-03-03 The capacity of human beings to invent construct and use technical artifacts is a hugely consequential factor in the evolution of society and in the entangled relations between humans other creatures and their natural environments Moving from a critical consideration of theories to narratives about technology and then to particular and specific practices *Technofutures Nature and the Sacred* seeks to arrive at a genuinely transdisciplinary perspective focusing attention on the intersection between technology religion and society and using insights from the environmental humanities It works from both theoretical and practical contexts by using newly emerging case studies including geo engineering and soil carbon technologies and breaks open new ground by engaging theological scientific philosophical and cultural aspects of the technology religion nature nexus Encouraging us to reflect on the significance and place of religious beliefs in dealing with new technologies and engaging critical theory common in sociological political and literary discourses the authors explore the implicit religious claims embedded in technology
