

FOURTH EDITION

A PRIMER ON CRIME AND DELINQUENCY THEORY

ROBERT M. BOHM

BRENDA L. VOGEL

A Primer On Crime And Delinquency Theory

M Walker

A Primer On Crime And Delinquency Theory:

A Primer on Crime and Delinquency Theory Robert M. Bohm, 2001 This slim volume offers a comprehensive survey of the major criminological and delinquency theories including their philosophical foundations and policy implications The text can be used as either a primary text or as a supplement for other texts anthologies or collections of journal articles

A Primer on Crime and Delinquency Theory Robert M. Bohm, Brenda Vogel, 2015 The fourth edition of *A Primer on Crime and Delinquency Theory* is substantially less expensive than earlier editions and has been reformatted with a much more user friendly layout The primary purpose for writing this edition however has not changed since the first edition to provide both undergraduate and graduate students with a relatively brief but comprehensive exposition of crime and delinquency theories The book should prove useful either as a primary text with or without instructor supplements or as a supplement to other texts anthologies or collections of journal articles As noted in the first three editions of this book although many fine criminological texts are on the market none of them precisely provides the material in a manner that the authors believe students of crime and delinquency theory ought to receive For example some texts contain much more material than ever can be covered satisfactorily within the time constraints of an academic semester or quarter Consequently instructors are forced to ignore some theories or offer a superficial rendering of some of the theories that they do present With this slim volume instructors need not worry about such time constraints but still can be confident that they are presenting a reasonably comprehensive description Some texts focus only on one or another theoretical perspective and thus ignore the rich multidisciplinary nature of crime and delinquency theory For example many criminological texts present only sociological theories or when other theories are examined they are given short shrift This text though brief is comprehensive and multidisciplinary in its scope Few of the available criminological texts provide an adequate introduction to theory For example conspicuously missing from these texts are discussions of the critically important issues of the philosophical assumptions on which all theories are based and how theories can be judged in relation to each other This book rectifies each of those omissions Also although other texts present descriptions of the theories few of them identify the policy implications that are either explicit or implicit in all theories A major feature of this book is the description of the policy implications of the theories Perhaps most importantly very few of the available texts incorporate a comprehensive critique of the theories Again a principal feature of this book is a thorough critique of each of the theories In addition to the text study questions are appended to the end of each chapter and an author created test bank and PowerPoint presentations will be available for instructors

A Primer on Crime and Delinquency Theory Robert M. Bohm, 2001

A Primer on Crime and Delinquency Robert M. Bohm, 1997 This book is a short and affordable primer on basic and modern criminological theories Each chapter organized by theory offers information on the key concepts and precepts of the theory major contributors to the theory and the philosophical context of the theory An ideal text for those courses where coverage of theory is desired but

Piquero,2015-08-25 An indispensable resource for all levels this handbook provides up to date in depth summaries of the most important theories in criminology Provides original cutting edge and in depth summaries of the most important theories in criminology Covers the origins and assumptions behind each theory explores current debates and research points out knowledge gaps and offers directions for future research Encompasses theory research policy and practice with recommendations for further reading at the end of each essay Features discussions of broad issues and topics related to the field such as the correlates of crime testing theory policy and prediction Clearly and accessibly written by

leading scholars in the field as well as up and coming scholars

Criminological Perspectives on Race and Crime

Shaun L. Gabbidon, 2010-02-25 Ideal for use in either crime theory or race and crime courses this is the only text to look at the array of explanations for crime as they relate to racial and ethnic groups Each chapter begins with a historical review of each theoretical perspective and how its original formulation and more recent derivatives account for racial ethnic differences The theoretical perspectives include those based on religion biology social disorganization strain subculture labeling conflict social control colonial and feminism This new Second Edition includes discussions of Deadly Symbiosis critical race theory criminology comparative conflict theory maximization and abortion race and crime In the closing chapter the author considers which perspectives have shown the most promise in the area of race ethnicity and crime

This Enthralling Realm of Kindle Books: A Thorough Guide Revealing the Benefits of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and ease of availability, have liberated readers from the constraints of hardcopy books.
